SHERIFF'S INTRODUCTION TO THE DEPARTMENT STANDARDS MANUAL

This Department Standards Manual is a living document that is subject to constant change. This manual was prepared with technical and professional guidance while taking into consideration laws, court decisions, county ordinances, and best practices of law enforcement agencies throughout the state. The Department Standards Manual will be the subject of continual review of these considerations and will experience future revisions where necessary and appropriate.

No set of policies and procedures, no matter how complete, can hope to address all the situations that may be encountered by members of this Department. There will be situations that occur that must be left to the good judgment and discretion of the personnel involved. Such discretion must be employed with a reasonableness standard that is the standard for governmental actions.

It is the responsibility and duty of every member to become thoroughly familiar with the contents of this manual. The information contained in the manual should be followed as closely as circumstances permit.

Upon distribution of this manual in its entirety, all previously issued Department Directives and General Orders are revoked.

Chapter 1 - Law Enforcement Role and Authority
Law Enforcement Authority

100.1 PURPOSE AND SCOPE
The purpose of this policy is to affirm the authority of the members of the Department to perform their functions based on established legal authority.

100.2 POLICY
It is the policy of the Riverside County Sheriff's Office to limit its members to only exercise the authority granted to them by law.

While this Department recognizes the power of peace officers to make arrests and take other enforcement action, Deputies are encouraged to use sound discretion in the enforcement of the law. This Department does not tolerate the abuse of law enforcement authority and shall take into consideration both the letter, and the spirit of the law in all its duties and enforcement activities.

100.3 CONSTITUTIONAL AUTHORITIES AND CONSTRAINTS
All employees shall observe and comply with every person's clearly established rights under the United States and California Constitutions, clearly understand the powers granted to them within those documents, and clearly understand and respect the constraints upon their authority as outlined in those documents.

100.4 AUTHORITY AND DUTY OF THE SHERIFF
The Sheriff derives his authority from the Constitution of the State of California and State Statutes, mainly found in the Government Code and the Penal Code, which briefly state:

(a) Article XI, Section 6 of the State Constitution-Municipal Corporations are formed under general law.

(b) Government Code Section 24000-Designation and Definition of a County officer. The Sheriff is a county officer. A county officer is a public officer and may be defined as one who fills a ministerial position in the county, and who is selected by the political subdivision of the State known as the county. The Sheriff is elected to carry out specific acts on behalf of the public.

(c) Government Code Section 26600-Preservation of Peace. The Sheriff shall preserve the peace, and to accomplish this objective may sponsor, supervise or participate in any project of crime prevention, or suppression of delinquency.

(d) Government Code Section 24004-Prohibited Activities of the Sheriff, Clerk, or Deputies. A Sheriff, Clerk, or Deputy shall not do the following:
   1. Practice law where a conflict of interest may be present.
   2. Act as a collector or perform this task for any collection agency in the county where they reside and hold office.
   3. Have as a partner, a lawyer or collector or anyone who acts as a lawyer or collector for a collection agency.
Law Enforcement Authority

(e) Government Code Section 26601 - Duty to Arrest. Arrest and take before the nearest magistrate for examination all persons who attempt to commit, or who have committed a public offense.

(f) Government Code Section 26602 - Public Order. Prevent and suppress any affrays, breaches of the peace, riots and insurrections that may come to his knowledge, and investigate public offenses that have been committed.

(g) Government Code Section 26603 - Duties in Court. Attend all Courts held within the County, and obey all lawful orders and directions of all Courts held in the County.

(h) Government Code Section 26604 - Command Aid. Command the aid of as many inhabitants of the County as he may think is necessary in the execution of these duties.

(i) Government Code Section 26605 - County Jail Facilities. Take Charge of and keep the County Jail and the prisoners in it.

(j) Government Code Section 26608 - Legal Processes. Serve all processes and notices in the manner prescribed by law.

100.5 AUTHORITY OF THE CORONER

Pursuant to Government Code Section 27491, it shall be the duty of the coroner to inquire into and determine the circumstances, manner, and cause of specified deaths including:

(a) Violent, sudden, or unusual deaths;

(b) Unattended deaths;

(c) Deaths wherein the deceased has not been attended by a physician in the 20 days before death;

(d) Deaths related to or following known or suspected self-induced or criminal abortion;

(e) Known or suspected homicide, suicide, or accidental poisoning; and

(f) Other deaths as detailed in Government Code section 27491.

Inquiry pursuant to this section does not include those investigative functions usually performed by other law enforcement agencies. In any case in which the coroner conducts an inquiry pursuant to this section, the coroner or a deputy shall personally sign the certificate of death. If the death occurred in a state hospital, the coroner shall forward a copy of his or her report to the state agency responsible for the state hospital.

The coroner shall have discretion to determine the extent of inquiry to be made into any death occurring under natural circumstances and falling within the provisions of this section, and if inquiry determines that the physician of record has sufficient knowledge to reasonably state the cause of a death occurring under natural circumstances, the coroner may authorize that physician to sign the certificate of death.

For the purpose of inquiry, the coroner shall have the right to exhume the body of a deceased person when necessary to discharge the responsibilities set forth in this section.
Pursuant to California Health and Safety Code 102860, the coroner shall state on the certificate of death the disease or condition directly leading to death, antecedent causes, other significant conditions contributing to death and other medical and health section data as may be required on the certificate, and the hour and day on which death occurred.

Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

Chapter 3 - General Operations
Use of Force

300.1 PURPOSE AND SCOPE
This policy recognizes that the use of force by law enforcement requires constant evaluation. Even at its lowest level, the use of force is a serious responsibility. The purpose of this policy is to provide members of this department with guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, each member is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner. The department considers the use of force to be defensive in nature and to be used only when objectively reasonable under the totality of the circumstances known at the time.

300.1.1 DEFINITIONS
Definitions related to this policy include:

**Deadly force** - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

300.2 POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 DUTY TO INTERCEDE
Any department member present and observing another department member or allied agency personnel using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of unreasonable force. Any department member who observes another employee or allied agency personnel use force that exceeds the degree of force permitted by law or policy should promptly report these observations to a supervisor.
300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons, or methods provided by the Department. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that its use accomplished a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

(a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
Use of Force

(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The conduct of the involved officer (Penal Code § 835a).
(e) The effects of drugs or alcohol.
(f) The individual's apparent mental state or capacity (Penal Code § 835a).
(g) The individual’s apparent ability to understand and comply with officer commands (Penal Code § 835a).
(h) Proximity of weapons or dangerous improvised devices.
(i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
(k) Seriousness of the suspected offense or reason for contact with the individual.
(l) Training and experience of the officer.
(m) Potential for injury to officers, suspects, and others.
(n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
(o) The risk and reasonably foreseeable consequences of escape.
(p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
(q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
(r) Prior contacts with the subject or awareness of any propensity for violence.
(s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers should only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.
(b) Whether the person can comply with the direction or orders of the officer.
(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD

Effective June 10, 2020, the Carotid Restraint Control Hold is no longer an authorized force option for members of the department.
300.3.5 USE OF FORCE TO SEIZE EVIDENCE
In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies should consider the severity of the crime and the value of retrieving the evidence against the force necessary to retrieve it.

300.3.6 USE OF FORCE AGAINST A VICIOUS ANIMAL
The reasonable use of force against a dangerous or vicious animal is authorized. When encountering a vicious animal, department members shall, when possible:

(a) Request Animal Control officials;
(b) Avoid the animal;
(c) Secure or isolate the animal;
(d) Attempt to find the owner;
(e) Use the lowest level of force given the threat presented.

300.3.7 EUTHANIZATION OF INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

300.4 DEADLY FORCE APPLICATIONS
If an objectively reasonable deputy would consider it safe and feasible to do so under the totality of the circumstances, deputies should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):

(a) A deputy may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the deputy or another person.

(b) A deputy may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the deputy reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the deputy shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts.
Use of Force

Deputies shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable deputy would believe the person does not pose an imminent threat of death or serious bodily injury to the deputy or to another person (Penal Code § 835a).

An “imminent” threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable deputy in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the deputy or another person. A deputy’s subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

All deadly force applications will be investigated by the department or an allied agency.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. Deputies should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies shall not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 WARNING SHOTS
The firing of warning or attention shots into the air, ground or any other medium is strictly prohibited.

300.5 MEDICAL ATTENTION
As soon as it is safe to do so, medical assistance shall be summoned for or applied to, by deputies at the scene, any person who has sustained visible injury, expressed a complaint of pain, or who has been rendered unconscious. Any person exhibiting signs of physical distress after an encounter should be continuously monitored until they can be medically assessed.

Based on the initial member's assessment of the nature and extent of the person's injuries, the appropriate medical assistance required here may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such person refuses medical attention, it shall be fully documented in related reports and, whenever practicable, should be witnessed by another member and/or medical personnel. If a recording is made of the contact or interview with the person, any refusal should be included in the recording, if possible.

The on-scene supervisor or a deputy shall inform attending medical personnel the person was subjected to force, and shall include a description of the force used and any other circumstances the member reasonably believes would present potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).
Persons who exhibit extreme agitation and/or violent, irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and impervious to pain (sometimes called "excited delirium"), or who require a protracted physical encounter with multiple members to be brought under control, may be at an increased risk of sudden death. Members who reasonably suspect a medical emergency shall request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

### 300.6 SUPERVISOR RESPONSIBILITIES

When available, supervisors shall respond to calls when they reasonably believe there is a likelihood force may be used, or when possessing knowledge that force was used. Supervisors shall respond to all deadly force incidents.

Upon a supervisor's arrival, they shall assess the circumstances, take command of the scene if necessary, expand or reduce resources as necessary, direct personnel actions, and later review each incident to insure compliance with department policy and the law. Other actions should include:

1. Photographs of each person upon which a control device was used shall be taken to document injury and the absence of injury;
2. Contact the Professional Standards Bureau for a liability assessment or response;
3. All witnesses shall be interviewed;
4. Area canvas for witnesses(s) shall be conducted when practical;
5. Preservation of BWC recordings, jail facility video, or nearby surveillance video;
6. Review all department use of force reporting forms and ensure their submission to the proper entity;
7. Required notifications shall be made.

### 300.7 REPORTING THE USE OF FORCE

Department members who are involved in a use of force incident, shall report it to a supervisor as soon as possible. Any department member who has knowledge of an unreported use of force shall report it to a supervisor as soon as possible.

Any use of force by a member of this department shall also be documented promptly, completely and accurately in an appropriate report. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the department may require the completion of additional report forms, as specified in department policy, procedure or law.
Force Investigations Detail

303.1 PURPOSE
The Force Investigation Detail (FID) is a component within the Field Operations Support Division and specifically the Central Homicide Unit. The FID is tasked with conducting criminal investigations into relevant incidents as outlined in this policy. Generally, the FID will conduct criminal investigations, as necessary, into all deputy-involved shootings within the Riverside County Sheriff's Department and any officer-involved shooting as requested by an allied agency. Additionally, the FID will investigate certain uses of force and certain in-custody deaths as outlined below.

303.2 SCOPE OF INVESTIGATIONS
In general, the involvement of the FID will be determined by the incident type and specifics of department-involvement. The FID shall always assume primary responsibility for the following:

(a) All serious assaults upon department personnel resulting in great bodily injury to the department member;
(b) All active-duty law enforcement suicides;
(c) All criminal investigations into an on- or off-duty deputy-involved shooting, or the criminal investigation into an allied agency's OIS;
(d) In-Custody deaths with suspicious circumstances or evidence of homicide;
(e) Use of Force involving a department member where the use of force necessitates a criminal investigation

303.2.1 USE OF FORCE
The Force Investigations Detail will assume investigations into uses of force which may be criminal, or where the use of force results in Potential/Imminent Death or Great Bodily Injury. Under Use of Force reporting guidelines within AB71, Great Bodily Injury is defined by Government Code section 12525.2(a)(d) as “bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.”

For purposes of a FID response, “unconsciousness” is further defined as unconsciousness caused by the use of force, not medically induced unconsciousness caused during hospitalization or other professional medical treatment protocols.

303.2.2 FIELD PERSONNEL
All pre-booking incidents resulting in the death of a person(s) in the custody of the Sheriff may require a FID response. A person's death while being contacted by, or in the presence of, law enforcement is not necessarily an in-custody death. The determination of FID being assigned such an investigation will be a case-by-case decision made between the station Commander and the Central Homicide Unit (CHU) Lieutenant or Captain.
303.2.3 CORRECTIONAL FACILITIES
If a death occurs at a department correctional facility and it is a “medical” or unattended death, absent suspicious circumstances and absent evidence of another person’s involvement, the Corrections Intelligence Bureau will respond and assume the lead investigative responsibility.

If there are any suspicious circumstances, a recent use of force has occurred, or it is believed that death occurred at the “hands of another,” the FID will respond and assume the lead investigative responsibility. Personnel from the Corrections Intelligence Bureau may also be requested.

303.3 REQUESTING FID RESPONSE
The on-scene supervisor shall request Dispatch personnel to page the on-duty CHU sergeant. The CHU sergeant will be briefed with the following information:

(a) General details;
(b) Condition of involved deputies;
(c) Scene size and type;
(d) Number of suspects;
(e) Number of victims;
(f) If any suspects are still outstanding

Based on this information the CHU sergeant will determine the type of response, i.e. a liaison investigator, CHU team, or FID.
Handcuffing and Restraints

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 USE OF RESTRAINTS
Only members who have successfully completed Riverside County Sheriff's Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

The routine use of approved mechanical restraints on any person or prisoner in accordance with this policy, shall not be considered a use of force except where the restraints are applied to overcome significant resistance and the method or tension of the restraints would reasonably constitute force.

306.2.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.2.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property. If handcuffs are used, pregnant arrestees shall be handcuffed in the front before being brought into a jail.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
determination that such restraints are necessary for the safety of the arrestee, deputies, or others (Penal Code § 3407; Penal Code § 6030).

306.2.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy, or damage property. If a juvenile is restrained, they shall be kept away from unrestrained arrestees. Also see DSM 324.9 - Temporary Custody of Juveniles.

306.2.4 NOTIFICATIONS
Whenever a deputy transports a person with the use of restraints other than handcuffs, waistchains, or leg chains, the deputy shall, upon arrival, inform the jail staff that additional restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.3 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person’s hands to ensure officer safety.

All persons in the custody of the Sheriff shall be restrained for their safety and the safety of others in a manner consistent with the individual's past and present behavior, the risk of violence or escape, security classification and the purpose of transport.

In most situations, handcuffs should be applied with the hands behind the person’s back. When feasible, handcuffs shall be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person’s size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility. Arrestees shall be restrained before entering any correctional facility.

306.3.1 MEDICAL CONSIDERATIONS
Prior to booking or release, medical assistance shall be obtained for any person(s) who has sustained significant injury, expressed a complaint of significant pain, requests medical attention, is, in the judgement of any on-scene department member, in need of medical attention, or who has been rendered unconscious. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practical, should be witnessed by another
Handcuffing and Restraints

deputy and/or medical personnel. If an audio recording of any refusal is made, or a refusal is heard during an interview with the person, such refusal should be included in a report.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond physical characteristics, unusually high tolerance to pain or who require a protracted physical encounter with multiple deputies to bring under control may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

306.4 APPLICATION OF SPIT HOODS
Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Deputies should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.5 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.
306.6 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, deputies should consider:

(a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a person.

(b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting deputy while handcuffed, kicking at objects or deputies).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.6.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints, the following guidelines should be followed:

(a) The RIPP Hobble manufactured by RIPP Restraints, Inc., Orange City, Florida is the only authorized restraint and deputies shall only use the RIPP hobble supplied by the department.

(b) The restraint shall be used only after a person has been handcuffed.

(c) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

(d) Hobbled suspects may be transported in a Sheriff's unit. When it is safe, the restrained person should be seated in an upright position and shall be secured by a seatbelt. The long lead of the restraint will be placed outside the rear door and wrapped around the door pillar bringing it up through the passenger front door to prevent the lead from dragging on the ground.

(e) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(f) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.

(g) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.

(h) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(i) When transported by emergency medical services, the restrained person should be accompanied by a deputy when requested by medical personnel or when necessary in the judgement of those deputies at the scene. The transporting deputy should
describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

(j) At no time will a person be restrained by a device or combination of devices which binds their hands and legs together.

(k) Deputies shall inform jail staff that the arrestee was restrained by a hobble, however briefly.

306.7 REQUIRED DOCUMENTATION

Deputies should document the following information in reports, as appropriate, when restraints other than handcuffs or waistchains are used on a person:

(a) The factors that led to the decision to use restraints.

(b) Supervisor notification and approval of restraint use.

(c) The types of restraint used.

(d) The amount of time the person was restrained, as determined by an informed estimation or log entry, if any.

(e) How the person was transported and the position of the person during transport.

(f) Observations of the person’s behavior and any signs of physiological problems.

(g) Any known or suspected drug use or other medical problems.

306.8 TRAINING

Subject to available resources, the Chief Deputy should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

(a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

(b) Response to complaints of pain by restrained persons.

(c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.

(d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
Control Devices: Baton, PepperBall, 40mm Launcher, and Chemical Agents

308.1 PURPOSE AND SCOPE
To reduce and minimize altercation-related injuries to deputies and suspects, and to enable the arrest of resistant suspects, the department authorizes the use of selected control devices. Certain control devices are provided in order to control violent or potentially violent suspects. It is intended that the use of these devices will generally result in fewer altercation-related injuries to deputies and suspects. The policies described below are for the use and maintenance of control devices (e.g., baton, Pepperball Systems, 40mm Less Lethal Launcher, Oleoresin Capsicum (OC) spray, and Chlorobenzylidenemalononitrile (CS) gas).

Only those control devices that have been approved by the Sheriff or designee are authorized to be carried by members of this department. A list of authorized control devices will be maintained by the Commander of the Ben Clark Training Center. Other weapon systems are approved for use in other department operations such as EST and the Corrections Division, for example. Department members shall comply with current policies for their assignment regarding any weapon system not specifically addressed here.

308.1.1 WHEN CONTROL DEVICES MAY BE USED
When a decision has been made to restrain or arrest a suspect, an approved control device may only be used when its use appears objectively reasonable under the totality of the circumstances. These devices are not listed in any specific order, nor is this listing intended to describe a suggested or mandatory ladder of force or required escalation. The circumstances, what is known at the time, characteristics of each individual suspect(s) and, if present, a supervisor's direction, should combine to guide each deputy toward the most reasonable and effective force option.

Whenever force is used, its effectiveness shall be continually evaluated and these evaluations shall be used by personnel at the scene to adjust, alter, increase, decrease, or cease the type and level of force used. See attachment: Use of Force Continuum.pdf

308.1.2 MEDICAL ATTENTION
All uses of force shall be followed by the swift application of appropriate medical attention when it is safe to do so. This may include, but is not limited to, examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. Department members shall inform attending medical personnel that the person was subjected to force, include a description of the force used, and any other circumstances that may present potential safety or medical risks to the person. If medical attention is refused, it shall be fully documented in related reports whenever practicable and should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or interview with the person, any refusal should be included in the recording, if possible.
308.1.3 REPORTING
Department members shall report any discharge or use of a control device, for other than training or qualification to their supervisor by the fastest method possible. Additionally, the facts and circumstances surrounding the use of the weapon shall be completely and accurately described in any and all reports written or memorandums authored. Department members may also be required to input the circumstances into an electronic database management system.

308.2 BATON GUIDELINES: CARRYING AND TRAINING
A department approved baton (the Rapid Containment Baton or RCB) shall be carried by sworn uniformed personnel during their assigned shift or during duties that may reasonably require enforcement action or contact with suspects. The baton shall be carried on a deputy's person in its authorized holder on the equipment belt, or secured in a load bearing vest, except in facilities where weapons are prohibited. Only authorized personnel, who have also completed the required certification course, may possess and carry the RCB. All personnel authorized to carry an RCB shall attend a recertification course every two years, or as deemed necessary by the department.

Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor. Personnel may purchase their own holster and may attach a larger end cap consistent with uniform regulations and as approved by the department.

308.2.1 BATON GUIDELINES: USE
The use of an RCB is subject to the following requirements and/or restrictions:

(a) The need to immediately control a suspect must be weighed against the risk of causing serious injury. A suspect's level and degree of resistance shall be weighed against the use of a baton.

(b) The head, neck, throat, spine, heart, kidneys, groin and knees should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of causing serious bodily injury or death to the deputy or another.

(c) Where practical, a deputy's body-worn camera shall be activated whenever a use of force can be reasonably anticipated.

(d) All uses of force shall be followed by the swift application of appropriate medical attention when safe to do so.

308.3 CS GAS GUIDELINES
The use of Chlorobenzylidenemalononitrile (CS) gas for crowd control/dispersal/area denial or against barricaded suspects shall be based on the circumstances, but are most typically used during EST operations or Mobile Field Force (MFF) deployments.

308.3.1 CS GAS GUIDELINES: USE
The incident commander may authorize the delivery and use of CS gas, evaluating all conditions known at the time and determining that lesser force would not reasonably appear to result in the safe control of the suspect(s) or crowd. Where practical, fire personnel should be alerted or
Control Devices: Baton, PepperBall, 40mm Launcher, and Chemical Agents

summoned to the scene to control any fires and to assist in providing medical aid or gas evacuation when the scene is safe. Only personnel formally trained in the use of CS gas weapons should discharge such devices.

308.4 PEPPERBALL LAUNCHER SYSTEMS GUIDELINES: DEPLOYING, NOTIFICATIONS AND TRAINING

PepperBall® systems are authorized for use by sworn and correctional deputies upon successful completion of the required training course.

PepperBall projectiles are plastic, frangible spheres that are usually filled with oleoresin capsicum (OC) powder. Alternate projectiles are available including water-filled rounds (most often used during riot-control efforts), training rounds filled with inert powder, and glass-breaking rounds. A high-pressure air launcher delivers the projectiles with enough force to release the OC powder, or break glass. Although classified as a less-lethal device, the potential exists for the projectiles to inflict injury when they strike the face, eyes, neck, spine or groin. Therefore, personnel deploying the PepperBall system shall avoid intentionally striking those body areas except when the deputy reasonably believes the suspect poses an imminent threat of causing serious bodily injury or death to a peace officer or others.

Any firing of a PepperBall launcher shall be reported to a supervisor as soon as possible.

Deputies encountering a situation that requires the use of a PepperBall System shall notify a supervisor as soon as practical. The supervisor shall respond to any incident where a suspect or other person has been struck by a projectile or exposed to chemical agents and ensure that all notifications and reports are completed as required by Department Use of Force Policy (see section 308.7).

A deputy's body-worn camera shall be activated whenever a use of force can be reasonably anticipated.

Only qualified, trained, and authorized personnel shall deploy and use any PepperBall System. (Personnel must be re-certified every 2 years).

308.4.1 PEPPERBALL LAUNCHER SYSTEM GUIDELINES: USE

The deployment of any PepperBall System is subject to the following requirements and/or restrictions:

(a) It should be used only in situations where such force appears objectively reasonable under the totality of the circumstances;

(b) When practical, loud verbal warnings should be given before firing the PepperBall launcher at a person. A description of the warning given, or the reasons one was not given, shall be documented in the users report. Such warnings will provide:
   1. the person with a reasonable opportunity to comply.
   2. other deputies and persons with a warning that Pepperball round(s) will be fired.
Control Devices: Baton, PepperBall, 40mm Launcher, and Chemical Agents

(c) Specific PepperBalls shall be used only for their intended purpose. For example, PepperBalls containing OC are intended for use on dangerous suspects, as a means of crowd control, or on vicious animals; glass-breaking rounds are solely intended for that purpose and shall not be shot at suspects unless there is a reasonable belief that the suspect(s) pose an imminent threat of causing serious bodily injury or death to a peace officer or others; the water-filled round is most appropriate for use during civil disobedience and crowd control; and training rounds shall only be used in training environments. See Corrections Division Policy 503.03 for approved projectiles in jail environments.

(d) PepperBalls shall not be intentionally shot at the face, eyes, neck, spine, or groin of a suspect. The intended target should be 'center mass' of a suspect. The need and justification for deadly force may justify deviation from this subsection;

(e) Firing projectiles at a person, shall be followed by the swift application of appropriate medical attention when safe to do so;

(f) PepperBall systems may be used to prevent an imminent attack, or stop an attack by a vicious animal if other means of prevention, containment, or avoidance of the animal are not reasonable;

(g) PepperBall launchers shall not be used to "clear" rooms, buildings, or spaces wherein a suspect is not known to be. Firing PepperBall rounds into an area is not a substitute for properly and safely searching a space, room, or building;

(h) When possible, a deputy or deputies should be assigned to a deadly force option should the suspect(s) be unaffected by the Pepperballs AND then present a threat of death or serious bodily injury to those at the scene.

308.5 40MM LESS LETHAL LAUNCHER GUIDELINES: DEPLOYING, NOTIFICATIONS AND TRAINING

The 40mm less lethal launcher munitions may be deployed within the Field Operations Division to control violent or potentially violent suspects and to reduce and minimize altercation-related injuries to deputies and suspects. It may also be used to enable the arrest of assaultive, resistant or threatening suspects when the application of the 40mm less lethal launcher and munitions appear reasonable under the circumstances. The following details the department guidelines for its deployment and use:

The 40mm less lethal launcher shall be carried in the trunk of the unit and secured in a hard-plastic case. When in the trunk of the unit the weapon shall be in the “vehicle carry” condition. For the purposes of this policy, the term “vehicle carry” condition means a launcher with an unloaded chamber and the safety on (if equipped).

When practical, the department member encountering a situation which may require the use of the 40mm less lethal launcher will immediately notify a field supervisor and shall activate their BWC System prior to deploying the launcher in accordance with department policy.

When using an approved 40mm less lethal launcher and munitions, authorized personnel shall have been formally trained in the use and deployment of the weapon system by a departmentally approved instructor.
Instructors shall successfully complete a departmentally-approved Less-Lethal Impact and Chemical Instructor certification course. Certified Instructors will facilitate training for authorized personnel via a departmentally-approved less lethal launcher training course. Only authorized personnel who have successfully completed training shall use a department-approved 40mm less lethal launcher and department-approved munitions. The Ben Clark Training Center and Field Commanders shall maintain a current list of deputies who are authorized to carry an approved 40mm less lethal launcher and ensure they qualify with the system annually.

308.5.1 40MM LESS LETHAL LAUNCHER GUIDELINES: USE

(a) Deputies are not required or compelled to use the approved 40mm less lethal launcher in lieu of other reasonable tactics if it is determined the deployment of the device cannot be done safely. The safety of hostages, innocent persons and department members takes priority over the safety of persons engaged in criminal or suicidal behavior.

(b) The deployment of the 40mm less lethal launcher shall be done with an assigned lethal cover deputy. The cover deputy shall remain present in case the deployment of the 40mm less lethal launcher is unsuccessful and the threat created by the suspect rises to the level lethal force is necessary.

(c) A verbal warning of the intended use of the launcher should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the person(s) a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

(d) When using the 40mm less lethal launcher, department members should carefully consider potential impact areas in order to minimize injuries and unintentional targets. The head, neck, throat, spine, tailbone, heart, kidneys, groin and knees should not be intentionally targeted except when it is reasonably believed that the suspect poses an imminent threat of causing serious bodily injury to a department member or another, and deadly force is reasonably necessary.

308.6 OLEORESIN CAPSICUM (OC) SPRAY GUIDELINES: CARRYING AND TRAINING

Only authorized personnel may possess and carry Department issued oleoresin capsicum (OC) spray. These authorized job classifications includes all sworn personnel, correctional deputies, and Community Services Officers.

Plainclothes and non-field personnel may carry the OC spray as authorized, consistent with the needs of their assignment or at the direction of their supervisor.

The carrying of OC is subject to the following requirements and/or restrictions:

(a) Any OC spray carried must be department-issued.

(b) Uniformed personnel, while working in an assignment that may reasonably lead to taking enforcement action, or contacting, detaining, or arresting suspects must carry OC spray in its approved holster on the equipment belt. Plainclothes and non-field
personnel may carry the OC spray as authorized, consistent with the needs of their assignment or at the direction of their supervisor.

(c) All personnel authorized to carry OC spray shall complete the required course of instruction prior to possessing and using it.

308.6.1 OLEORESIN CAPSICUM (OC) SPRAY GUIDELINES: USE
The use of OC is subject to the following requirements and/or restrictions:

(a) It should be used only in situations where such force appears objectively reasonable under the totality of the circumstances;

(b) OC spray is used to minimize the potential for injury to deputies, citizens, or offenders;

(c) Before its use, considerations should be given to the effects of cross-contamination upon other deputies, the size and ventilation of the space, and whether any prior use of OC during the incident was effective;

(d) A deputy's body-worn camera shall be activated whenever a use of force can be reasonably anticipated and all uses of force shall be followed by the swift application of appropriate medical attention when safe to do so;

(e) OC spray may be used on vicious animals to prevent being bitten or otherwise injured by the animal. When practical, deputies should attempt to avoid, contain, or distract an animal before using chemical agents;

Although RSD-issued OC spray is water-based and non-flammable, personnel deploying a TASER device should be mindful that another agency's OC spray may be oil-based and present a fire danger.

308.6.2 NOTICE OF CHEMICAL AGENT USE TO PROPERTY OCCUPANTS / OWNERS

(a) Whenever CS gas or OC has been introduced into a residence, building interior, vehicle, or other enclosed area, deputies should provide the owners or available occupants with written notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. See attachment: Chemical Agent Warning Form 465.pdf

(b) Information regarding the method of notice and the individuals notified should be included in related reports.

(c) Before leaving the scene, photographs shall be taken of any affected or damaged areas and all information to properly complete an Accord form, if required, shall be obtained.

308.6.3 TREATMENT FOR OC SPRAY OR PEPPERBALL EXPOSURE
Persons who have been affected by the use of OC spray / powder should, as soon as practicable, be provided with fresh water sufficient to cleanse the affected areas. Those persons who complain of further severe effects shall be afforded a medical examination by medical personnel.
308.7 SUPERVISOR RESPONSIBILITIES
When available, supervisors should respond to calls when they reasonably believe there is a likelihood a control device may be used. Upon a supervisor's arrival, they shall access the circumstances, take command of the scene if necessary, expand or reduce resources as necessary, direct personnel actions, and later review each incident to insure compliance with department policy and the law. Other actions should include:

(a) Photographs of each person upon which a control device was used shall be taken to document injury and the absence of injury;
(b) Contact the Professional Standards Bureau for a liability assessment or response;
(c) All witnesses shall be interviewed;
(d) Area canvas for witnesses(s) shall be conducted when practical;
(e) Preservation of BWC recordings, jail facility video, or nearby surveillance video;
(f) Review all department use of force reporting forms and ensure their submission to the proper entity;
(g) Required notifications shall be made.

308.8 CONTROL DEVICES - MAINTENANCE
All of these devices require maintenance and care to maximize their reliability and proper function.

308.8.1 ARMORER RESPONSIBILITIES
Each Station, Facility, or Bureau Commander shall designate a supervisor to manage the issuance, maintenance and inventory of all control devices. All damaged, inoperative, and/or expended control devices shall be prepared for disposition, repair, or replacement. All normal maintenance, charging or routine cleaning of control devices is the responsibility of personnel using the various devices.

(a) The 40mm less lethal launcher requires bi-weekly (once per two-week period) inspections which shall be recorded and available for audit. Commanders may also designate a specific staff member to assume these tasks for weapon systems that are shared or checked-out on a periodic basis.

(b) Each station/bureau is responsible for the maintenance and monthly inventory report of all 40mm less-lethal launchers and munitions. These reports will detail any inventory quantity changes, as well as broken or defective launchers and/or munitions. Department members responsible for the inventory and maintenance of launchers shall conduct a quarterly physical inventory of all launchers and munitions issued to the respective station/bureau. Discrepancies will immediately be reported to the station/bureau command staff and BCTC.

(c) All launchers issued to stations/bureaus will be cleaned quarterly by a department member who has attended the basic firearms cleaning and maintenance course developed by the Armory Unit at the Ben Clark Training Center. This will ensure the proper functionality. The Armory Unit will be notified of launchers found during the inspection that need repair or are otherwise unserviceable.
Control Devices: Baton, PepperBall, 40mm Launcher, and Chemical Agents

(d) All department launchers shall be made available to the Armory Unit during the annual firearms inspection. During this inspection, department personnel assigned to logistics or a designated department member will provide the Armory Unit with station documentation indicating all 40mm launchers under the station’s/bureau’s control were properly inventoried and cleaned quarterly.

308.8.2 DEPUTY RESPONSIBILITIES

(a) Deputies carrying OC spray shall periodically inspect their supply for proper function, level, and expiration date, as well as the canister’s holster for wear and proper retention function. Deputies shall quickly rectify any failures discovered.

(b) Deputies carrying an RCB shall periodically inspect the baton for proper function, as well as the baton’s holster for wear and proper retention function. Deputies shall quickly rectify any failures discovered.

(c) Deputies carrying/deploying a PepperBall launcher or 40mm launcher shall thoroughly inspect the device for proper function, appropriate type and quantity of rounds, air pressure/supply, and the weapon's action/function before taking the weapon into the work environment.

(d) At the conclusion of a shift, 40mm less lethal launchers shall be secured inside the station where access is restricted by lock, key, or access card. 40mm launchers and munitions shall not be stored in or checked out to a specific vehicle, except for deputies authorized for overnight retention of County vehicles.
Flying While Armed

309.1 PURPOSE
The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):
Conducted Energy Device

310.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of TASER® devices.

310.2 POLICY
The TASER is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to deputies and suspects.

310.3 ISSUANCE AND CARRYING TASERS
Only members who have successfully completed department-approved training may be issued and carry the TASER.

TASERs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the Department's inventory.

Deputies shall only use the TASER and cartridges that have been issued by the Department. Uniformed deputies who have been issued the TASER shall wear the device in an approved holster on their person. Non-uniformed deputies may secure the TASER in the driver's compartment of their vehicle.

Members carrying the TASER shall perform a spark test on the unit prior to every shift.

When carried while in uniform deputies shall carry the TASER on their support side in a cross-draw configuration only. This includes the duty belt holster, tactical vest, and drop-down holster configurations.

(a) All TASERs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the TASER.

(c) Deputies shall be responsible for ensuring that their issued TASER is properly maintained and in good working order.

(d) Deputies should not hold both a firearm and the TASER at the same time.

310.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the TASER should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other deputies and individuals with a warning that the TASER device may be deployed.
Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with a deputy’s lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair their vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the TASER in the related report.

310.5 USE OF THE TASER
The TASER has limitations and restrictions requiring consideration before its use. The TASER should only be used when the subject is within the operational range of the device. Although the TASER is generally effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

310.5.1 APPLICATION OF THE TASER
The TASER may be used in any of the following circumstances (i.e., when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to control a person):

   (a) The subject is violent or,
   (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, him/herself or others.

Mere flight from a pursuing deputy, without other known circumstances or factors, is not good cause for the use of the TASER to apprehend an individual.

310.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the TASER on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject, or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

   (a) Individuals who are known to be pregnant.
   (b) Elderly individuals or obvious juveniles.
   (c) Individuals with obviously low body mass.
   (d) Individuals who are handcuffed or otherwise restrained.
   (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
Conducted Energy Device

(f) Individuals whose position or activity may result in collateral injury (e.g., falls from elevated positions, operating vehicles).

The use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

The TASER shall not be used to psychologically torment, elicit statements, or to punish any individual.

310.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the deputy to limit the application of the TASER probes to a precise target area, deputies should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

310.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE
Deputies should apply the TASER for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Absent exigent circumstances, deputies should not apply more than four effective applications per incident, either in drive stun or probe mode, whether from a single or a combination of multiple TASERs. An application is considered effective if both probes are making contact with, or attached to, the subject at the time of activation and the subject’s reaction is consistent with an effective application (e.g., stiffening of the body, verbalizations, or involuntary muscle contraction).

If the first application of the TASER appears to be ineffective in gaining control of an individual, the deputy should consider certain factors before additional applications of the TASER, including:

(a) Whether the probes are making proper contact.
(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
(c) Whether verbal commands, other options or tactics may be more effective.

Deputies should generally not intentionally apply more than one TASER at a time against a single subject, and should limit the time of each discharge to no more than the automatically cycled five seconds, unless exigent circumstances are present.

310.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Deputies shall notify a supervisor of all TASER discharges. The expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject’s skin.
Conducted Energy Device

310.5.6 DANGEROUS ANIMALS
The TASER may be deployed against an animal as part of a plan to deal with a potentially
dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to
human safety and alternative methods are not reasonably available or would likely be ineffective.

310.5.7 OFF-DUTY CONSIDERATIONS
Deputies are not authorized to carry Department TASERs while off duty.

Deputies shall ensure that TASERs are secured while in their homes, vehicles, or any other area
under their control, in a manner that will keep the device inaccessible to others.

310.6 DOCUMENTATION
Deputies shall document all intentional and accidental TASER discharges in the related incident/
use of force report. Notification shall also be made to a supervisor in compliance with the Use
of Force Policy.

310.6.1 REPORTS
Items that shall be included in the incident/use of force report form are:

(a) The type and brand of TASER and cartridge and cartridge serial number.
(b) Date, time and location of the incident.
(c) Whether any display, laser or arc deterred a subject and gained compliance.
(d) The number of TASER activations, the duration of each cycle, the duration between
activations, and (as best as can be determined) the duration that the subject received
applications.
(e) The range at which the TASER was used.
(f) The type of mode used (probe or drive-stun).
(g) Location of any probe impact.
(h) Location of contact in drive-stun mode.
(i) Description of where missed probes went.
(j) Whether medical care was provided to the subject.
(k) Whether the subject sustained any injuries.
(l) Whether any deputies sustained any injuries.
(m) Identification of all personnel who fired a TASER
(n) Identification of all witnesses
(o) Medical care provided to the subject
(p) Observations of the subject's physical and physiological actions
(q) Any known or suspected drug use, intoxication, or medical problems
The TASER Committee / Use of Force Committee should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The TASER Committee / Use of Force Committee should also conduct audits of data downloads and reconcile TASER report forms with recorded activations. TASER information and statistics, with identifying information removed, should periodically be made available to the public.

310.7 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER probes from a person’s body. Used TASER probes shall be treated as a Sharps biohazard, similar to a used hypodermic syringe, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.
(b) The person may be pregnant.
(c) The person reasonably appears to be in need of medical attention.
(d) The TASER probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. Any refusal of medical attention shall be made to qualified medical personnel at a medical facility. Such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If a recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER.

310.8 SUPERVISOR RESPONSIBILITIES
When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER may be used. A supervisor should respond to all incidents where the TASER was deployed.

A supervisor should review each incident where a person has been exposed to an activation of the TASER. The device’s activity log shall be downloaded by a supervisor or their designee and included with the related incident/use of force report. Photographs of probe sites should be taken and witnesses interviewed.
310.9 TRAINING
Personnel who are authorized to carry the TASER shall be permitted to do so only after successfully completing the initial department-approved training.

Proficiency training for personnel who have been issued TASERs should occur every year. A reassessment of a deputy’s knowledge and/or practical skill may be required at any time if deemed appropriate by a supervisor. All training and proficiency for TASERs will be documented in the deputy’s training file.

Command staff, supervisors and investigators should receive TASER training as appropriate for the investigations they conduct and review.

Deputies who do not carry TASERs should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The employee's supervisor is responsible for ensuring their subordinates who carry TASERs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of the TASER during training could result in injury to personnel and is not mandatory for certification.

Initial and periodic training on the TASER should include:

(a) A review of this policy.
(b) A review of the Use of Force Policy.
(c) Performing cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest, and groin.
(e) Handcuffing a subject during the application of the TASER and transitioning to other force options.
(f) De-escalation techniques.
(g) Restraint techniques that do not impair respiration following the application of the TASER.
Firearms

312.1 PURPOSE AND SCOPE
The purpose of this policy is to define the scope of authorized firearms, accessories, modifications, training, maintenance and carry methods. In addition, this policy provides guidelines for issuing firearms, the safe and legal storage of firearms and the inspection of firearms by authorized department personnel. This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY
The department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

312.3 DEPARTMENT FIREARMS UNIT
The Firearms Unit, which includes the range and armory, will be under the control of the Firearms Unit Sergeant and managed within the Training and Education Bureau (TEB) at the Ben Clark Training Center. All department members attending range events will follow the directions of the Firearms Unit Rangemaster. The Firearms Unit will maintain a roster of all department members attending qualifications and will submit the roster to the TEB Chief Deputy after each qualification cycle. The range shall remain operational and accessible to department members during hours established by the department.

The Armory has the responsibility of making periodic Limited Technical Inspections (LTI), at least once every two years, of all department-owned firearms to verify proper operation. The Firearms Unit has the authority to deem any department-issued or personally owned firearm unfit for service. The department member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by a department armorer.

The Firearms Unit shall complete and submit to the TEB Commander, documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and a list of each department member who completed the training. The Firearms Unit shall keep accurate records of all training, qualifications, repairs, maintenance or other records as directed by the TEB Commander.

312.4 AUTHORIZED FIREARMS, AMMUNITION AND OTHER ISSUED WEAPONS
Members shall only use firearms that are issued or approved by the department and have been thoroughly inspected by the department Armorer. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.
Firearms

All other weapons not provided by the department, including but not limited to edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the department member’s Chief Deputy.

The department authorizes and maintains a Firearms Matrix for approval of firearms and ammunition. If a firearm or firearm accessory does not meet the criteria established in the Firearms Matrix, it is not authorized by the department and shall not be carried by an employee in the course and scope of their duties.

The TEB is responsible for the semi-annual review and update of the Firearms Matrix. The department can restrict, pause, or prohibit the use of any particular make or model of firearm at any time for any reason at the discretion of the Sheriff.

312.4.1 HANDGUNS
Authorized personally-owned handguns are listed in the Department's Firearms Matrix. The Matrix is available on the department's Intranet at "Docs and Forms/Firearms and Weapons" (far left side of page).

312.4.2 SHOTGUNS
Department and personally-owned shotguns approved for on-duty use are listed in the Department Firearms Matrix. When not deployed, the shotgun shall be properly secured consistent with department training in a locking weapons rack, or within the locked trunk of the patrol vehicle. All sworn, uniformed personnel in the field shall carry a properly loaded and functional shotgun in their assigned vehicle.

312.4.3 PATROL RIFLES
The authorized department-issued patrol rifle is the AR-15 / M-16. Personally-owned rifles approved for on-duty use are listed in the Department Firearms Matrix.

When not deployed, the patrol rifle shall be properly secured consistent with department policy in a locking weapons rack or locked in the trunk of the patrol vehicle and inside a carrying case.

312.4.4 PERSONALLY OWNED DUTY FIREARMS
Any personally owned handgun, patrol rifle, or shotgun must adhere to the current approved Department Firearms Matrix and MUST be inspected by a department armorer within 30 calendar days of the first day the firearm is deployed. All mandatory requirements are listed in the respective section of the Department Firearms Matrix.

Prior to carrying the firearm (regardless of primary or backup), department members shall qualify with a department rangemaster and thereafter shall qualify in accordance with the qualification schedule.
Armorer inspection forms shall include the make, model, serial number, caliber of the firearm, and any authorized modifications. Records of such inspections will be maintained by the TEB.

312.4.5 AUTHORIZED BACK-UP HANDGUN
Members desiring to carry department or personally owned back-up handguns are subject to the following restrictions:

(a) The handgun shall be in good working order and listed in the Department Firearms Matrix.
(b) A maximum of two back-up handguns may be carried on the department member's person.
(c) The purchase of the handgun shall be the responsibility of the member.
(d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of control.
(e) The handgun shall be inspected by a department armorer within 30 calendar days of the date of initial qualification and thereafter shall be subject to inspection whenever it is deemed necessary.
(f) Ammunition shall be the same as department issue. Approved ammunition is listed in the Department Firearms Matrix.
(g) Prior to carrying the back-up handgun, department members shall qualify with a department rangemaster and thereafter shall qualify in accordance with the department qualification schedule. Department members must demonstrate shooting proficiency and safe handling, and show that the handgun functions properly.
(h) Members shall provide written notice (via the Firearms Inspection Form) of the make, model, serial number, caliber, and any modifications to a department armorer, who will maintain this information.

312.4.6 AUTHORIZED OFF-DUTY FIREARMS
The carrying of firearms by members while off-duty is permitted by the Sheriff but may be rescinded should circumstances dictate (e.g., administrative leave). Department members who choose to carry a firearm while off-duty will be required to meet the following guidelines:

(a) The member may use his/her duty firearm or may use another personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A department member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.

1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
(b) The firearm shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of control.
(c) It will be the responsibility of the member to submit the firearm to a department armorer for inspection within 30 calendar days from the date of initial qualification. Thereafter the firearm shall be subject to periodic inspection by the Firearms Unit.
Firearms

(d) Prior to carrying any off-duty firearm, the member shall demonstrate to a department range master that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.

(e) The member will successfully qualify with the firearm prior to it being carried and thereafter qualify in accordance with the department qualification schedule.

(f) Members shall provide written notice (via the Firearms Inspection Form) of the make, model, serial number, caliber of the firearm, and any modifications to a department armorer, who will maintain this information.

(g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.

(h) Members shall only carry department-authorized ammunition.

(i) When armed, deputies shall carry their department identification cards.

312.4.7 AMMUNITION

Members shall carry only department-authorized ammunition. Upon initial department armorer inspection, members shall be issued fresh duty ammunition in the specified quantity for department-approved firearms. Replacement of unserviceable or depleted ammunition shall be dispensed by a department armorer, at the department range, or at the department member's assigned duty station when needed.

312.5 EQUIPMENT

All firearms shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member. Repair of department owned firearms shall be the responsibility of the department armorer. Basic field-stripping and cleaning maintenance may be assigned to a variety of department members if necessary.

312.5.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the department armorer.

Department-owned firearms shall be repaired or modified only by the manufacturer, or a department armorer. Repairs to personally owned firearms may be done by the manufacturer or a department armorer.

Any repairs or modifications to the member’s personally owned firearm, including lighting and sighting systems, shall be done and maintained at his/her expense. Department members utilizing any such systems shall, before deployment, ensure they are completely familiar with the operation of the systems as installed.

Authorized modifications to personally owned firearms are listed in the Department Firearms Matrix, which should be consulted before any modifications are made.
Internal modifications must be considered a factory option and be completed by the respective manufacturer or a department armorer. (Refer to the Department Firearms Matrix for further details.)

312.5.2 HOLSTERS
Only department-approved holsters shall be used and worn by members. Department members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun. The minimum retention requirement is level one, and friction or pressure retention alone is not sufficient to achieve level one retention.

312.5.3 TACTICAL LIGHTS
Authorized lighting is listed in the Department Firearms Matrix. Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Firearms Unit.

312.5.4 OPTICS
Authorized optics and magnified optics are listed in the Department Firearms Matrix. These may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Firearms Unit. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

312.6 SAFE HANDLING, INSPECTION AND STORAGE
Members shall maintain the highest level of safety when handling firearms and shall consider the following:

(a) Members shall not unnecessarily display or handle any firearm.

(b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the rangemaster. Members shall not dry fire or practice quick draws at department facilities except as instructed by the rangemaster or other firearms training staff.

(c) Members shall not load or unload a firearm on department property, except where clearing barrels are present.

(d) Shotguns or rifles removed from vehicles for deployment or enforcement activity shall be loaded and unloaded outside of the vehicle.

(e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section of a detention center or prison when securing or processing an arrestee or inmate, but shall place all firearms in a secured location. Department members providing access to Riverside County Detention Centers to persons from outside agencies are responsible for ensuring firearms are not brought into a restricted area.
Firearms

312.6.1 Inspection and Storage
Handguns shall be inspected regularly. Shotguns and rifles shall be inspected at the beginning of the shift by the department member to whom the firearm is issued. The department member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Any firearm/weapon that is carried or authorized for use by a deputy sheriff or other authorized department member of the department is subject to inspection. An inspection of a firearm/weapon should determine cleanliness, mechanical operation, and unauthorized modification(s). An inspection may be made by a Commander, supervisor, another deputy sheriff and/or other authorized member of the department when directed to conduct such an inspection.

A deputy sheriff or other authorized department member shall safely submit their firearm/weapon for inspection. An inspection includes the ammunition and ammunition magazine that is carried in and for use with the firearm/weapon.

Any firearm authorized by the department to be carried on- or off-duty that is determined by a department member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to a department armorer for inspection and repair. Any firearm deemed in need of repair or service by the armorer will be immediately removed from service. If the firearm is the member’s primary duty firearm, a replacement firearm may be issued to the member until the duty firearm is serviceable.

Personally owned weapons shall be made inaccessible to unauthorized persons if stored within the station by securing them in locked storage, e.g. locker or safe. Department-owned firearms shall be checked-in and stored in station logistics.

312.6.2 Storage at Home
Department members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the department to do so. Department members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

312.6.3 Storage in Vehicles
When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle’s interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, key lock, combination lock, or other similar locking device (Penal Code § 25140).
Deputies are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

No firearms shall be left on or in vehicles left for service, repair or towing.

312.6.4 ALCOHOL AND DRUGS
Firearms shall not be carried by any department member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the department member’s senses or judgment.

Department members who are working an undercover enforcement assignment may only drink an alcoholic beverage in the necessary performance of their duty. In no case shall an employee drink an alcoholic beverage to the extent of becoming under the influence. All drinking of an alcoholic beverage during an undercover enforcement assignment shall have prior supervisory approval.

312.6.5 DISPLAY OF FIREARM
In effecting the arrest of a suspect in a situation in which there is likelihood of injury or death caused by a felonious assault or violent behavior, an authorized department member may display a firearm/weapon for the purpose of obtaining and maintaining control of the suspect(s).

Any department member, reserve or volunteer who possesses a permit to carry a concealed weapon issued by this department shall immediately notify their supervisor, or any on-duty supervisor, following an off-duty incident in which they have used or displayed a weapon being carried.

312.6.6 PATROL READY
Any qualified deputy carrying a patrol rifle (or shotgun as required) in the field shall maintain the firearm in the "patrol ready" mode until deployed. A rifle or shotgun is considered "patrol ready" when it has been inspected by the assigned deputy and meets the following conditions:

(a) There is no round in the chamber;
(b) The bolt is forward;
(c) The safety is on;
(d) There is a fully loaded magazine in the rifle or the shotgun magazine tube is fully loaded;
(e) The rifle is locked in the patrol vehicle's rifle rack or trunk (if stored in a trunk, the rifle must be in a case);
(f) The shotgun is locked in the patrol vehicle's shotgun rack.

The rifle or shotgun shall not be carried unsecured in the passenger interior of a patrol vehicle.

312.7 FIREARMS TRAINING AND QUALIFICATIONS
All department members who carry a firearm while on-duty are required to successfully complete training with their duty firearms as prescribed by POST and department standards. All department
members will qualify during scheduled department qualifications with every firearm they will carry on- or off-duty.

312.7.1 NON-CERTIFICATION OR NON-QUALIFICATION
Department members who fail to achieve a passing qualification score upon their first attempt to qualify, will be afforded a second attempt. Those who fail to qualify on their second shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) A Failure to Qualify memorandum will be drafted by the department rangemaster and will be provided to the employee's commander;

(b) The department member will contact the Firearms Unit to schedule remediation training;

(c) The department member will continue remedial training until successfully passing the qualification

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.7.2 FAILURE TO REPORT FOR QUALIFICATIONS
All affected department members shall report for qualifications during their scheduled time frame. Any department member unable to report for qualifications because of injury, illness, or unusual duty status shall submit a memorandum to his/her immediate supervisor prior to the end of the required training or qualification period.

The TEB will publish make-up qualification dates following each scheduled department-wide qualification period. A department member is considered out of compliance with the qualifications requirement and policy if they have failed to report to the range for qualification within 30 calendar days after the final make-up date offered by the TEB. The TEB will then distribute a 'Failed to Report' list to Sheriff's Administration. Failing to report for qualifications may subject a department member to discipline.

312.8 EMERGENCY SERVICES TEAMS
The Sheriff may authorize the use of special weapons by members of the Emergency Service Teams EST. These weapons include, but may be not limited to, semi-automatic shotguns, semi-automatic rifles and fully automatic rifles. Fully automatic rifles are to be used only for EST missions and training. They are only for on-duty department use. Fully automatic weapons shall only be stored in a department controlled facility and are to be removed from the facility only with specific authorization. Members of EST shall be sworn deputies.

312.9 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time sworn deputies of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B): Non-sworn
department members who possess a concealed weapons permit shall check the laws and regulations of their intended destination before carrying a concealed firearm outside of California.

(a) The deputy shall carry their department identification card whenever carrying a firearm.

(b) The deputy is not the subject of any current disciplinary action.

(c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The deputy will remain subject to this and all other department policies (including qualifying and training requirements).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

312.9.1 FLYING WHILE ARMED
See Flying While Armed policy.
Deputy Response to Calls

313.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

313.2 RESPONSE TO CALLS
Deputies approved to respond Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the deputy of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Deputies should only respond Code-3 when circumstances reasonably indicate an emergency response is required and is approved by a supervisor.

All other responses shall be a routine response and the department member shall drive the vehicle in compliance with all vehicle code sections without the use of lights or sirens. There is no "code-2" response.

313.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting deputy shall immediately notify Dispatch.

If circumstances permit, the requesting deputy should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

313.3.1 NUMBER OF UNITS ASSIGNED
Normally, only one deputy should respond to an emergency call "Code 3" unless the on-duty supervisor authorizes an additional unit(s).

313.4 INITIATING CODE 3 RESPONSE
A deputy may initiate a "Code 3" response and must advise dispatch immediately when doing so.
Deputy Response to Calls

Dispatch is required to notify the on-duty supervisor for approval for the deputy to continue the "Code 3" response based on the information available at the time.

When responding "Code 3," deputies must adhere to all Vehicle Code sections regarding the operation of an emergency vehicle.

Generally, only one unit should respond "Code 3" to any situation. The on-duty supervisor will make a determination as to whether one or more deputies driving "Code 3" is appropriate. The supervisor will approve or deny all "Code 3" responses based upon the guidelines listed in 313.7. The supervisor will coordinate and monitor all "Code 3" responses.

"Code 3" response of a vehicle is limited to sworn staff. This includes reserve deputies as outlined in 313.4.1. Classified employees shall not operate a vehicle in "Code 3" mode.

313.4.1 RESERVE DEPUTY(S) RESPONDING "CODE 3"
Level III reserve deputies shall not operate a Department marked vehicle in "Code 3" mode. Level I and II reserve deputies may operate a Department vehicle in "Code 3" mode as follows:

(a) Level I reserve deputy in compliance with this policy for a full-time deputy sheriff.
(b) Level II reserve deputy only when accompanied by a full time deputy sheriff and in compliance with this policy.

313.5 RESPONSIBILITIES OF RESPONDING DEPUTIES
Deputies shall exercise sound judgment and care with due regard for life and property when operating a patrol vehicle. When responding to an emergency, deputies shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify Dispatch. A deputy shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, a deputy shall immediately give the location from which he/she is responding.

313.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall facilitate a Code-3 response when a deputy requests emergency assistance. In all other circumstances, the dispatcher shall provide pertinent information to the Watch Commander so they can assign units Code-3. The dispatcher shall:

(a) Attempt to identify the closest available unit to the location requiring assistance
(b) Immediately notify the Watch Commander
(c) Confirm the location from which the unit is responding
(d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
Deputy Response to Calls

(e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.

(f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor.

313.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander shall verify the following:

(a) The proper response has been initiated.
(b) No more than those units reasonably necessary under the circumstances are involved in the response.
(c) Affected outside jurisdictions are being notified as practical.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor’s responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call.
- The necessity of a timely response.
- Traffic and roadway conditions.
- The location of the responding units.

313.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the "Code 3" response and respond accordingly. In all cases, the deputy shall notify the supervisor or dispatch of the equipment failure so that another unit may be assigned to the emergency response.
Vehicle Pursuits

314.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers, and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputies' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully (as indicated by hand motions or eye contact, for example) failing to yield to a deputy’s signal to stop.

314.1.2 FAILURE TO YIELD DEFINED
Refers to the actions of a vehicle operator who fails to stop or respond to the emergency light(s) and siren of a law enforcement vehicle. Generally, the vehicle operator continues to travel forward at or below the speed limit, observes applicable rules of the road, does not change the direction of travel in an evasive manner, and does nothing to indicate their knowledge of your attempt to stop them.

314.2 DEPUTY RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of
Vehicle Pursuits

the road. The following policy is established to provide deputies with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

The pursuit operation of a vehicle is limited to sworn personnel. This includes Level I and Level II reserve deputies. Level II reserve deputies must be accompanied by a full-time deputy sheriff. Classified employees shall not operate a vehicle in pursuit mode.

314.2.1 WHEN TO INITIATE A PURSUIT
Deputies are authorized to initiate a pursuit when it is reasonable to believe that a person in or on a motor vehicle has committed a felony offense or the driver is operating the motor vehicle under the influence of alcohol and/or drugs and attempts to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists, and others.
(c) Apparent nature of the fleeing suspect(s) (e.g., whether they represent a serious threat to public safety).
(d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.
(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic, and the speed of the pursuit relative to these factors.
(f) Pursuing deputies' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
(g) Weather, traffic, and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
(i) Vehicle speeds.
(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages, etc.).
(k) Availability of other resources such as helicopter assistance.

Pursuits shall not be undertaken with prisoners, civilians, volunteers, explorers, or ride-alongs in the sheriff's unit.
Vehicle Pursuits

314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing deputies and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
(b) Pursued vehicle’s location is no longer definitely known.
(c) Deputy’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.
(d) There are hazards to uninvolved bystanders or motorists.
(e) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, deputies should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
(f) Pursuit is terminated by a supervisor.

314.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
(b) Pursuit speeds have exceeded the driving ability of the deputy.
(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

314.3 PURSUIT UNITS

Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. A deputy or supervisor may request additional
Vehicle Pursuits

units to join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the suspects. All other deputies should stay out of the pursuit, but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.3.1 MOTORCYCLE OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical. In the event that such a unit is unavailable, a distinctively marked patrol vehicle or "stealth" patrol vehicle equipped with emergency lights and sirens should replace a motorcycle unit until a unit with overhead emergency lights can replace it.

314.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with a red light and siren are generally prohibited from initiating or joining in any pursuit. Deputies in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those deputies should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply when the required emergency equipment is not in use.

314.3.3 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify Central Dispatch that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
(f) The identity or description of the known occupants.
(g) Information concerning the use of firearms, threat of force, injuries, hostages, or other unusual hazards.
(h) The weather and road conditions
(i) Whether assistance from any allied agency is necessary
Vehicle Pursuits

Unless relieved by a supervisor or secondary unit, the deputy in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary deputy should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit. The primary deputy shall assume command at the termination point of the pursuit unless relieved by a supervisor.

If the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the suspect(s). The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspect(s) fleeing on foot.

314.3.4 SECONDARY UNITS RESPONSIBILITIES
The second deputy in the pursuit is responsible for the following:

(a) The deputy in the secondary unit should immediately notify the dispatcher of entry into the pursuit.
(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary deputy, or if the primary unit is unable to continue the pursuit.
(c) The secondary deputy should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.5 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
(b) Pursuing units should exercise due caution when proceeding through controlled intersections.
(c) As a general rule, deputies should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
   1. Requesting assistance from an air unit.
   2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
   3. Requesting other units to observe exits available to the suspects.
   4. Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency.
(d) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.
314.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT
There should be no paralleling of the pursuit route. Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red lights and siren) unless other units are assigned to the pursuit by a supervisor.

314.3.7 PURSUIT TRAILING
In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.8 ASSISTANCE TO RELIEVING AGENCY
In the event that the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission from the supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.9 HELICOPTER/ AIRCRAFT ASSISTANCE
When access to aircraft assistance is available, it should be requested. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

(a) Maximum use of any law enforcement aircraft should be made as quickly as possible;

(b) The flight crew shall notify Dispatch as soon as they are in position to follow the pursued vehicle. When feasible, the aircraft becomes responsible for communicating the progress of the pursuit after communications is established between the air and ground units confirming the transfer of that responsibility;

(c) Flight crews will broadcast the following information:
1. Location, speed, and direction of travel of the pursued vehicle;
2. Traffic conditions and information relevant to the pursuit;
3. Any criminal act by the suspect observed from the air;
4. When sufficient patrol units are involved in the pursuit;
5. Any other information requested by the field units or supervisor.

(d) The flight crew shall follow the directives from the station supervisor who has overall responsibility for the pursuit;

(e) Air crews are not expected to follow directives that would jeopardize the safety of the aircraft or its crew;

(f) Option "Break Away" procedure.

1. The purpose of this procedure is to provide a preplanned alternative to continued pursuits, where aircraft are in position to continue to observe the suspect. The procedure can be invoked at the discretion of the pursuing ground units or by a supervisor controlling the pursuit. The gravity of the known violations, Department policy and other risk factors should be weighed prior to invoking this procedure.

2. Aircraft "Break Away" procedures:
   (a) Initial assessment - once overhead, direct reliable communications between the aircraft and pursuing units shall be established. The aircraft and pursuing units shall evaluate their ability to continue the surveillance based on fuel-on-board, weather, direction and speed involved, and other appropriate factors;
   (b) Radio notification - when appropriate conditions as outlined in paragraph "1" above (Purpose Statement) exist, the aircraft crew will notify the ground units they are in position to invoke the "Break Away" option. This notification will be accomplished utilizing the radio notification "Break Away option available." If "Break Away" procedures are not invoked by the ground units, the aircraft will continue to provide only those services requested;

3. Ground Unit "Break Away" procedures:
   (a) Decision to invoke "Break Away." Ground units receiving the notification "Break Away option available" shall have the discretion to:
      i. Based on all the circumstances, advise the aircraft that the "Break Away" procedures will not be utilized, or;
      ii. Initiate "Break Away" procedures.
   (b) Initiating "Break Away" procedures - pursuing ground units will initiate the procedure with the order, "All units break way." All pursuing units will discontinue ground pursuit and will terminate Code 3 operations. The aircraft will continue surveillance of the suspect vehicle, advising appropriate agencies of the continued movement of the suspect vehicle.
Vehicle Pursuits

However, they should avoid any actions that could alert the suspects to the aircraft's continuing surveillance.

(c) Pursuit/surveillance termination - Wherever possible, the aircraft will notify available ground units in the vicinity when the suspect(s) abandon the vehicle. The aircraft will advise arriving units of the circumstances involved and request assistance in apprehending the suspect(s). The originating unit may continue in the direction of the surveillance, or return to its jurisdiction, at the discretion of the supervisor. Once the surveillance is terminated, the originating agency should be advised of the results and allowed the opportunity to respond to the termination point and assume control of any apprehended suspect(s).

(g) If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY
It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this department.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Controlling and managing RCSD units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

Whenever practical, the supervisor shall proceed promptly to the termination point of the pursuit, and shall ensure:

(a) Medical aid is summoned promptly when needed;

(b) Adequate containment is in place and the scene is safe;
Vehicle Pursuits

(c) All members comply with Department policies and procedures;
(d) All law enforcement officers on scene comply with laws of arrest;
(e) Any use of force is within Department policy;
(f) Damage or traffic collisions associated with the pursuit are identified and properly handled;
(g) The pursuit is properly documented; and
(h) Proper notifications are made.

If an allied agency’s pursuit ends in our area, the supervisor should go to the termination point, if possible, to provide supervision and on-scene coordination with the allied agency supervisory personnel. The supervisors present should determine each agency’s responsibility for transporting, booking, and prosecution.

314.4.1 STATION COMMANDER RESPONSIBILITY
The station commander shall review all pertinent reports for content and forward them to the Pursuit Review Committee for review.

314.5 COMMUNICATIONS
If the pursuit is confined within the boundary limits of those areas or cities serviced by the Sheriff, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the responsible station's jurisdiction, or such is imminent, involved units should, whenever available, switch radio communications to the appropriate emergency channel as coordinated by the supervisor and Dispatch.

314.5.1 DISPATCH RESPONSIBILITIES
Upon notification that a pursuit has been initiated, Dispatch will:

(a) Coordinate pursuit communications of the involved units and personnel.
(b) Notify and coordinate with other involved or affected agencies as practicable.
(c) Ensure that a field supervisor is notified of the pursuit (contact a field supervisor from a neighboring station if the primary is not available).
(d) Assign an incident number and log all pursuit activities.
(e) Broadcast pursuit updates as well as other pertinent information as necessary.
(f) The deputy requesting approval shall be advised by Dispatch of the supervisor's direction as soon as possible.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or
supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Riverside County Sheriff's Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of deputies at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. All requests will be directed to the field supervisor for review and authorization regarding affected participation pursuant to Department policy.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor shall ensure that Department criteria required to initiate a pursuit exists prior to authorizing our participation in that pursuit. Additionally, supervisors should consider these additional factors:

(a) Ability to maintain the pursuit
(b) Adequate staffing to continue the pursuit
(c) The public's safety within this jurisdiction
(d) Safety of the pursuing deputies

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency’s pursuit.

Assistance to a pursuing allied agency by deputies of this department will terminate at the Department's jurisdictional limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, deputies shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene
control, coordination and completion of supplemental reports and any other assistance requested or needed. The agency having or witnessing the most serious crime should retain custody of the violator.

### 314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, tire deflation devices, blocking, boxing, Pursuit Intervention Technique (PIT), ramming, or roadblock procedures. The only approved pursuit intervention authorized by the Department is the deployment of Department approved tire deflation devices.

#### 314.7.1 DEFINITIONS

**Boxing-in** - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

**Ramming** - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

**Roadblocks** - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

**Tire Deflation Device** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

#### 314.7.2 UNAUTHORIZED INTERVENTION

There shall be no attempt to stop pursued vehicles using any of the following techniques:

(a) Boxing in;
(b) Ramming;
(c) Heading off;
(d) Forcing off the road;
(e) Driving parallel to the pursued vehicle;
(f) Roadblocks leaving no avenue of escape;
(g) Use of the PIT maneuver;
(h) Any other type of legal intervention as specified in the State Collision Investigation Manual (HPM 110.), with the exception of deployment of the Department approved tire deflation device.

Off-road type vehicles shall not be pursued if the vehicle leaves the road.
Vehicle Pursuits

314.7.3 USE OF FIREARMS
The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.7.4 INTERVENTION STANDARDS
Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Deputies shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

The supervisor may elect to deploy a Department approved tire deflation device to terminate a pursuit.

The tire deflation device is designed to be physically placed across the roadway, directly in the path of a fleeing vehicle. As the vehicle passes over the device, the hollow spikes pierce the tires, pull out of the strip and cause the tires to deflate. Tire deflation devices are typically ineffective in stopping large vehicles with thick tires.

The tire deflation device shall not be used to stop motorcycles, mopeds, or similar vehicles.

The tire deflation device should not be used to stop the following classes of vehicles unless the continued movement of the pursued vehicle would result in an unusual hazard to others:

(a) A vehicle transporting hazardous materials as defined in Vehicle Code § 2402.7;
(b) A passenger bus transporting passengers;
(c) A school bus transporting passengers;
(d) Any vehicle that would pose an unusual hazard to innocent parties;

Tire deflation device deployment plans shall include provisions for close coordination between pursuing units and the deputy deploying the device.

(a) Pursuing units shall notify the deploying unit as far in advance as possible.
(b) The unit with communications responsibility will ensure the deploying unit is monitoring the progress of the pursuit, and is specifically aware of when the pursuit is approximately two miles from the designated deployment location.
(c) The deploying deputy shall make every effort to notify all pursuing units (including allied agency personnel) when the tire deflation device is in place.
(d) The tire deflation device shall not be used in locations that increase risk of injury (e.g., near steep embankments, curves, potential oncoming traffic, etc.).
(e) The deputy shall seek protection immediately after deploying the tire deflation device.
Vehicle Pursuits

(f) Deployment locations should provide sufficient line of sight to ensure the deploying deputy can observe the pursuit and other traffic as it approaches.

(g) Care shall be given when deploying the device to reduce the possibility of damage to uninvolved vehicles.

(h) Prior to deployment, the deploying deputy must consider the likely path of the pursued vehicle after its tires have been deflated so as not to endanger anyone. Associated factors include, but are not limited to:

1. The vehicle's speed
2. The layout of the roadway
3. Nearby intersections and driveways
4. Pedestrians
5. Business districts

After each use of the tire deflation device, the pursuit supervisor will provide the station commander with a memo addressing the following topics:

(a) The location of deployment
(b) Adequacy of communications
(c) Assessment of device effectiveness
(d) Problems encountered
(e) Suggestions for improvement

Station commanders shall ensure that all supervision under their command is trained in the proper application and deployment of the tire deflation device.

314.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force which reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary deputy should coordinate efforts to apprehend the suspects following the pursuit. Deputies should consider safety of the public and the involved deputies when formulating plans to contain and capture the suspects.

314.8 REPORTING REQUIREMENTS
The following reports should be completed upon conclusion of all pursuits:

(a) The primary deputy should complete appropriate crime/arrest reports.
(b) Other deputies involved in a pursuit may be required to submit supplemental reports.
(c) In the event of unusual pursuits involving more than one agency, each agency may request an evaluation of the pursuit from other agencies involved. The evaluations shall only address the need for amendments in the inter-agency pursuit guidelines,
Vehicle Pursuits

and not serve as a basis to critique the judgment and/or actions of personnel of another agency or the policies of another agency.

(d) The supervisor authorizing the pursuit shall ensure that a Pursuit Report with an attached CHP 187 form is completed and forwarded to the station commander and Pursuit Review Committee. The Pursuit Review Committee will ensure the CHP 187 form is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1).

(e) The Pursuit Report shall minimally contain the following information:

1. Whether a collision occurred (if so, the number of persons involved)
2. Whether anyone was injured
3. Identity of the injured and the nature of the injuries
4. Violation(s) that prompted the pursuit
5. Identity of the deputies involved in the pursuit
6. Means or methods used to stop the suspect
7. Charges filed
8. Duration of the pursuit and miles traveled
9. Weather conditions
10. Maximum speeds
11. Agencies involved
12. How the pursuit was terminated

After obtaining the available information, a field supervisor shall promptly complete a Supervisor's Log, briefly summarizing the pursuit, and submit it to his/her manager. This log should minimally contain the following information:

(a) Date and time of pursuit
(b) Length of pursuit
(c) Involved units and deputies
(d) Initial reason for the pursuit
(e) Starting and termination locations
(f) Name and disposition of arrestee
(g) Injuries and/or property damage
(h) Medical treatment
(i) Name of supervisor at scene
(j) A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted
314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary Peace Officer Standards and Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others (Vehicle Code § 17004.7(d)).

314.8.2 POLICY REVIEW
Each sworn member of this department shall certify in writing that they have received, read, and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member’s training file.

314.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines and 2007 legislation (SB 719).

314.10 BODY-WORN CAMERAS
Employees involved in the pursuit shall activate their body-worn camera as soon as practicable, and follow the provisions outlined in the Body-Worn Camera policy.

318.7 REQUEST FOR CANINE TEAMS
Supervisors shall consider canine deployments in instances where the use of a canine would be advantageous to the successful conclusion of an incident. Requests for canine assistance can be made through dispatch or direct contact with canine supervision.

A. During exigent circumstances, department personnel may request a canine from an outside agency. However, absent exigency, department members should make every effort to use department canine teams, regardless of ETA, to avoid policy conflicts which may expose the department to civil liability.

B. Request for canine assistance from an outside agency, in or out of county, must be approved by canine supervision.

C. Requests for a canine demonstration shall be approved by canine supervision.

D. Patrol Service Canines shall not be used to perform any assignment, which is not consistent with this policy.

318.8 DEPLOYMENT
Canine teams are assigned to one of four designated regions throughout Riverside County.

C. The handler is responsible for knowing the capabilities of the canine and they are responsible for the outcome of their activities.

D. In general, the arrest of a misdemeanant or the suspect of a non-violent felony is not made with the use of a Patrol Service Canine.

E. A Patrol Service Canine may be used to locate and or apprehend a suspect if the Patrol Service Canine handler reasonably believes the individual has either committed or is about to commit a serious felony offense and/or if any of the following conditions exist:
   1. There is reasonable belief the individual poses an immediate threat of violence or serious harm to the public, any peace officer or the handler.
   2. The individual is physically resisting arrest and the use of a Patrol Service Canine reasonably appears necessary to overcome such resistance.

F. The canine handler shall have the authority to decline the use of the canine whenever the handler deems deployment is unsuitable.

G. When a request for canine assistance cannot be met because of a conflict with the capabilities of the team or because of a conflict in policy or procedures, the handler should articulate the reason for declining to deploy the team.

H. In situations where a supervisor, after being so informed, gives a lawful order directing the canine be deployed, the Canine Supervisor shall be contacted and will have final authority regarding the deployment.

I. Absent extreme circumstances, Patrol Service Canines shall not be used to extract known armed suspects.

J. The canine handler may direct his or her canine to apprehend a fleeing, combative, and or assaultive suspect when such actions pose an immediate and or imminent threat to law enforcement or public safety.

K. The deployment of a Patrol Service Canine alone cannot be expected to render the suspect harmless and may afford an opportunity of transition. Deputies should be prepared to fully exploit the brief opportunity to safely take the suspect into custody at the direction of the canine handler. It may also consist of a repeated or directed deployment, or the transition to another tool or tactic. The response to the deployment must be constantly assessed and its use continually evaluated.

L. A verbal K-9 warning announcement of the intention to deploy the Patrol Service Canine for a search or apprehension will be made when tactical considerations and officer safety allows. The warning announcement need not be given when the deputy or another is being attacked, or the suspect assaults the canine, or when other exigent circumstances exist.

E. Any unintended bite or injury caused by a canine, whether on or off-duty, shall be promptly reported to the Canine Supervisor. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

   2. Canines not purchased by the handler shall be returned to the vendor.
Domestic Violence

320.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this Department to take enforcement action when appropriate, to provide assistance to victims, and to guide deputies in the investigation of domestic violence.

320.1.1 DEFINITIONS
Definitions related to this policy include:

Abuse - “Abuse” means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another (Penal Code §13700(a)).

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Deadly Weapon - Per Penal Code §16430, any weapon, the possession or concealed carrying of which is prohibited by any provision listed in Penal Code §16590.

Deputy - Any sworn member of the Department assigned to investigate a domestic violence case.

Domestic Violence - “Domestic violence” means abuse committed against an adult or a minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship. For purposes of this subdivision, “cohabitant” means two unrelated adult persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to, (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as spouses, (5) the continuity of the relationship, and (6) the length of the relationship (Penal Code § 13700(b)).

320.2 POLICY
The Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this Department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible. Collaboration with other organizations may be necessary to facilitate effective responses to certain cases, particularly when the victim is working through the complex process of leaving the abuser (often the most dangerous time for the victim and law enforcement officers).

The Department recognizes that domestic violence is often a patterned crime requiring continuing engagement with victims and offenders. The Department's policy emphasizes the importance of
Domestic Violence

obtaining the history of domestic violence by the suspect in the current and previous relationships in order to understand and appropriately respond to the danger and risk posed by offenders. Doing so ensures compliance with the law, assists in identifying the dominant aggressor, establishes a foundation for obtaining protective orders and/or bail enhancements, and ensures proper resources are activated (e.g., investigators, forensic services, victim services, children's services, etc.).

320.3 OFFICER SAFETY
The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved. When available and practicable, a two-unit response is recommended.

320.4 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order. Dispatchers should check for previous contacts, firearms registered to the involved parties, probation/parole status, etcetera, to facilitate officer safety and thorough investigations.

320.5 INVESTIGATIONS
When investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 911 calls.

(b) Obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

1. Trauma-informed interviewing techniques are ideal and should be utilized if the deputy is trained in such techniques. The goal is to ensure victims are able to fully communicate the details of the present and past abuse

2. Follow-up interviews may be needed to obtain additional information and/or accommodate traumatized victims

(c) List the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
Domestic Violence

(d) Determine if other co-occurring, serial, and/or interconnected crimes have been committed (e.g., child abuse, stalking, kidnapping, false imprisonment, sexual assault, threats, victim/witness intimidation, animal abuse, fraud/extortion, vandalism, etc.)

(e) When practicable and legally permitted, video or audio record all significant statements and observations from the victim(s), witness(es), and suspect(s) at the scene, as well as any post-arrest interviews from the suspect(s).

(f) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the on-duty watch commander or Detective Bureau in the event that the injuries later become visible.

(g) Request that the victim complete and sign an authorization for release of medical records related to the incident when applicable to the present and/or previous case(s).

(h) Thoroughly examine the crime scene(s) for evidence and to assess the statements given by all parties.

(i) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest (or seek an arrest warrant) if appropriate. Deputies should use appropriate investigative techniques to maximize the ability to obtain truthful statements from the suspect, including a post-arrest Miranda statement whenever possible.

(j) Seize any firearms or other deadly weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(k) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.

(l) Deputies or investigators shall investigate the history of violence, intimidation, and control committed by the suspect through interviews and review of past calls, court cases, restraining order applications, and other pertinent documents.

(m) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
Domestic Violence

5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

(n) Investigations shall cover all pertinent / relevant incidents of domestic violence, intimidation, and control, regardless of whether they were previously unreported.

320.5.1 INVESTIGATORS
Investigators shall be assigned to review or follow-up on domestic violence cases with any of the following characteristics:

(a) Considerable history of abuse; or
(b) Reasonable threat of further abuse, injury, or death; or
(c) Current or previous strangulation; or
(d) Current or recent stalking; or
(e) Substantial effort is required to obtain statements and/or evidence; or
(f) Follow-up is beyond the capabilities or resources of patrol staff, or would take them away from their patrol responsibilities for an extended period of time

The Investigations Bureau sergeant is responsible for tracking and assigning cases involving the above types of incidents. It is important to properly address any ongoing patterns of abuse. As such, pertinent incidents of prior domestic violence (whether reported or unreported) should be reviewed and/or investigated.

320.5.2 LETHALITY ASSESSMENTS
Senate Bill 1331 went into effect on January 1, 2019. The Bill requires law enforcement officers’ training to include domestic violence lethality assessments. The assessment includes questions that officers can ask victims of domestic abuse to help determine their potential risk of homicide, serious injury, or further abuse. The questions are based on certain factors known to be linked to violence. Having the answers to these questions could help deputies identify victims who are at serious risk of harm and may provide deputies with the information needed to get victims additional resources from the Family Justice Center.

The Department has created a Lethality Assessment tool (Form 462) in compliance with POST recommendations. The Lethality Assessment is a mandatory form that will be attached to all domestic violence investigation reports. If the victim refuses to participate, it shall be noted in the report. The deputy shall review the answers to the questions with their supervisor (prior to clearing
the call), who will determine if additional resources, such as the Investigations Bureau, victim advocates, EPOs, gun violence restraining orders, bail enhancements, etc., are necessary. The answers can also make the victim more aware of the danger they could be in.

320.5.3 STRANGULATION ASSESSMENTS
Deputies should facilitate a forensic strangulation examination for all strangulation victims. The Strangulation Worksheet (Form 461) is required when the victim reports any form of strangulation (or the deputy discovers strangulation by other means). This form is intended to assist deputies who are investigating strangulation incidents to ensure the victim is properly assessed for medical care needs and to assist the deputy in properly investigating a strangulation case. The form is not to be considered the report; it is to be attached to all domestic violence reports in which the victim reports strangulation, past or present. Per Penal Code § 13730(c)(4), all domestic violence reports are required to notate whether there were indications that the incident involved strangulation.

320.5.4 DOMESTIC VIOLENCE WORKSHEET
The Domestic Violence Worksheet (Form 460) is required on all domestic violence investigations. This form is intended to assist deputies who are investigating domestic violence incidents to ensure they are acting within the legal requirements of the multiple domestic violence reporting laws. This form is not to be considered the report; it is to be attached to all domestic violence reports.

320.5.5 PHOTOGRAPHS OF INJURIES
All visible injuries should be photographed regardless of severity. All victims shall receive proper medical care prior to being photographed, if needed or desired. SART nurses are available for domestic violence exams, which include a report and photographs of the victim.

Victims whose injuries are not visible at the time of the incident shall be advised to contact the on-duty watch commander or Detective Bureau in the event they become visible. A deputy or investigator may be assigned to ensure the injuries are photographed during the course of preparing the case for court.

320.6 ARRESTS
Deputies investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.

1. Deputies are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the arrest is made as soon as probable cause arises (Penal Code § 836).

(b) A deputy responding to a domestic violence call who cannot make an arrest will advise the victim of their right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Deputies shall not dissuade victims from making a lawful
Domestic Violence

private person's arrest. Deputies should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).

(c) Deputies shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, deputies should generally be reluctant to make dual arrests. Deputies shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, a deputy shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the deputy’s presence. After the arrest, the deputy shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

320.6.1 FELONY ARRESTS
In accordance with state law, an arrest should be made when there is probable cause to believe a felony has occurred.

320.6.2 MISDEMEANOR ARRESTS
In accordance with state law, an arrest should generally be made when there is probable cause to believe a misdemeanor, including violations of court orders, has occurred.

(a) Deputies may make an arrest without a warrant for a misdemeanor assault or battery not committed in their presence when it is committed upon:
Domestic Violence

1. A current or former spouse;

2. A current or former cohabitant (Family Code § 6209 definition);

3. A fiance or fiancee;

4. A person with whom the suspect currently is having or has previously had an engagement or dating relationship;

5. A person with whom the suspect has parented a child;

6. A child of the suspect or a child of one of the above listed categories;

7. Any person who is 65 years of age or older and who is related to the suspect by blood or legal guardianship.

(b) Both of the following conditions must be present in order to make an arrest in this situation pursuant to Penal Code § 836(d):

1. The peace officer has probable cause to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed;

2. The peace officer makes the arrest as soon as probable cause arises to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.

320.6.3 PRIVATE PERSONS ARRESTS

Deputies will advise the victim of their right to make a private person’s arrest when a crime has been committed outside the deputy’s presence which does not meet the requirements for deputy-initiated arrest either because it is not a felony or a qualifying misdemeanor offense under Penal Code § 836(d). Advisements regarding private person’s arrests should be given out of the presence of the suspect. Deputies shall not dissuade victims from making a lawful private person’s arrest. Deputies should refer to the provisions of the Private Persons Arrests policy for further options regarding the disposition of private person’s arrests.

320.6.4 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.

(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect’s release from jail.

(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail (e.g., EPO, etc.).

320.6.5 FIELD RELEASES

Penal Code § 853.6 specifies that a field release may not be used if the deputy determines that there is a reasonable likelihood the offense would continue or that the safety of persons or property would be imminently endangered by release of the person arrested.

Any of the following may support the likelihood of a continuing offense:
Domestic Violence

(a) Whether the suspect has a prior history of arrests or citations involving domestic violence;

(b) Whether the suspect is violating a criminal court-issued Stay Away Order;

(c) Whether the suspect has previously violated, or is currently violating, a valid temporary restraining order;

(d) Whether the suspect has a prior history of other assaultive behavior (e.g., arrests or convictions for assault and battery or aggravated assaults);

(e) Statements taken from the victim that the suspect has a history of physical abuse towards the victim (whether or not it was previously reported);

(f) Statements taken from the victim expressing fear of retaliation or further violence should the suspect be released.

320.6.6 IF NO ARREST IS MADE
If no arrest is made, the deputy should:

(a) Determine if the situation merits an Emergency Protective Order (based on the totality of the circumstances of the present case and any history of violence).

(b) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).

(c) Document the resolution in a report.
   1. A report is generally not required when there is no violation of law, no history of domestic violence (reported or unreported), and no indication of imminent abuse.

320.6.7 TENANCY ISSUES
Considerations for mitigating non-criminal domestic conflict:

(a) Deputies may request a person who is not in lawful possession of the premises to leave when:
   1. The complainant is in lawful possession of the premise (as exhibited by rent receipts, lease, deed, verification by apartment manager, etc.) and the other party has no legal standing to remain;
   2. The complainant has requested that the person leave the premises;
   3. (The deputy will stand by until the suspect removes essential belongings);

(b) If the suspect does not leave upon request, an arrest should be made under Penal Code § 602.5;

(c) If the complainant requesting removal of the suspect cannot show proof of lawful possession, the deputy should refer the complainant for a Temporary Restraining Order or other appropriate civil remedy;
Domestic Violence

(d) If appropriate, a domestic violence situation involving a tenancy issue may be resolved through the proper application for an Emergency Protective Order based on the current circumstances and/or past incidents of domestic violence.

320.7 COURT ORDERS

320.7.1 EMERGENCY PROTECTIVE ORDERS
The following applies to Emergency Protective Orders:

(a) Family Code § 6241 mandates the Superior Court to provide a judge, commissioner, or referee to hear applications and issue Emergency Protective Orders (EPOs) based on criteria outlined in Family Code § 6250(c). A judicial officer may issue an EPO whenever a law enforcement officer asserts reasonable grounds that:

1. A person is in immediate and present danger of domestic violence based upon the person's allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought.

2. A child is in immediate and present danger of abuse by a family or household member, based on an allegation of a recent incident of abuse or threat of abuse by the family or household member.

3. A child is in immediate and present danger of being abducted by a parent or relative, based on a reasonable belief that a person has intent to abduct a child or flee with the child from the jurisdiction or based on an allegation of a reasonable threat to abduct the child or flee with the child from the jurisdiction.

4. An elder or dependent adult is in immediate and present danger of abuse as defined in Welfare and Institutions Code § 15610.7 based on an allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought, except that no Emergency Protective Order shall be issued based solely on an allegation of financial abuse.

(b) Under Penal Code § 646.91, a peace officer may also obtain an Emergency Protective Order when the officer has reasonable grounds to believe that a person or the person's immediate family is in immediate and present danger of being stalked.

1. Any such Emergency Protective Order shall be reduced to writing, signed by the deputy and include all of the information required by Penal Code § 646.91(c).

2. Any deputy seeking such an order shall serve the order on the restrained person if such person can be reasonably located and shall provide the person protected with a copy of the order. A copy of the order shall also be filed with the court as soon as practicable after issuance.

3. Any deputy requesting such an order shall carry copies of the order while on duty and shall use every reasonable means to enforce the order.

(c) Emergency Protective Orders may be obtained by telephone to prohibit a suspect (who resides with a complainant) from:

1. Physically or verbally contacting the victim or disturbing their peace;
2. Remaining or returning to the victim's residence, regardless of who holds legal title to, or leases the residence; or
3. Continuing a specified behavior as described in the order.

(d) Deputies investigating the scene of current or recent situations of domestic violence should remain cognizant of the potential for continued and escalated violence. An Emergency Protective Order should be sought if there is reason to believe, based on factual evidence such as a recent history of violence, that the victim may still be in danger.

(e) It is the policy of the Department to request an EPO if any of the following conditions exist:
   1. The victim requests an EPO (Family Code § 6275(a)); or
   2. The investigating deputy believes that the person requesting an EPO is in immediate and present danger (Family Code § 6275(b)).

320.7.2 STAY AWAY ORDERS
Stay-away orders are issued in criminal cases when the probability of victim intimidation exists. Violation of a stay-away order is a misdemeanor under Penal Code § 166(c)(1). Witness intimidation is also a violation of Penal Code § 136.1 and potentially a violation of Penal Code § 422. Examples of witness intimidation include attempting to prevent or dissuade a victim from attending or giving testimony at any proceeding, or using force or expressing or implying a threat of force or violence related to the court proceeding.

320.7.3 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403). Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

320.7.4 SERVICE OF COURT ORDERS
   (a) A deputy who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person's parent/guardian with a copy of the order. The deputy shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
Domestic Violence

(b) At the request of the petitioner, a deputy at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any deputy serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

(e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the deputy shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The deputy shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

(f) If a deputy is unable to serve an emergency protective order during their shift, they shall give it to the oncoming shift sergeant who will assign a deputy to continue to attempt to serve the order. This process will continue until the order is served or expires.

320.7.5 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
   1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the deputy shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).

(b) Check available records or databases that may show the status or conditions of the order.
   1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).

(c) Contact the issuing court to verify the validity of the order.

(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.
Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

320.7.6 PROOF OF SERVICE NOT VERIFIED
When the deputy verifies that a restraining order exists, but cannot verify proof of service or prior knowledge of the order by the suspect, the deputy should:

(a) Inform the suspect of the terms of the order;
(b) Admonish the suspect of the order, that the suspect is now on notice and that the violation of the order will result in arrest. If the suspect continues to violate the order after being advised of the terms, an arrest should be made;
(c) If the suspect complies after admonishment of the terms, the deputy shall complete a report showing the suspect was advised of the terms of the order, the specific terms of the order the suspect was advised about, the name of the deputy, and the date and time. The Department's copy of the restraining order will be updated to reflect the information listed above.

320.7.7 PROTECTIVE ORDER VIOLATIONS
Absent exigent circumstances, if probable cause exists to believe an offender has violated a protective order as defined in Penal Code § 13701(b), an arrest shall be made. These court orders involve the following:

(a) Prohibit threats, harassment, or violence;
(b) Exclusion of a party from a dwelling;
(c) Other prohibited behaviors specified by the court.

These protective orders pertain to parties labeled as petitioner and respondent who are married, formerly married, dating, formerly dated, engaged, formerly engaged, cohabiting, formerly cohabited or have had a child together.

Any deputy determining that there is probable cause to believe that a protective order issued by a tribunal of another state is valid shall enforce such order as if issued in this state.

Deputies shall determine if the case involves a single violation or a pattern of behavior that falls under the definition of stalking (Penal Code § 646.9) and respond accordingly.

320.7.8 KEEP THE PEACE CALLS
Deputies shall determine if a protective order is in effect when handling Keep the Peace calls. Deputies cannot facilitate the violation of a protective order by assisting the restrained party with any acts that are prohibited in the court order.

320.8 VICTIM ASSISTANCE
Victims of domestic violence are often physically and emotionally traumatized. Deputies should:
Domestic Violence

(a) Seek medical assistance as soon as practicable for the victim if they have sustained any injuries or have a complaint of pain.

(b) Recognize that a victim’s behavior and actions may be affected by domestic violence trauma (physical and emotional).

(c) Provide the victim with the Department’s domestic violence information handout, even if the incident may not rise to the level of a crime.

(d) Alert the victim to any available victim advocates, shelters, and community resources.

(e) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.

(f) Ask the victim if they have a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for their safety or if the deputy determines that a need exists.

(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

(h) Seek or assist the victim in obtaining an emergency order if appropriate.

The deputy shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

320.8.1 VICTIM INTERVIEW SUPPORT
Victims of domestic violence or abuse have the right to have a domestic violence counselor (as defined in Evidence Code § 1037.1) and a support person of the victim's choosing present at any interview by law enforcement authorities (Penal Code § 679.05).

The investigating deputy must advise the victim of their right to have an advocate and support person present at any subsequent interview(s), including additional interviews by the reporting deputy and/or investigator handling the case. The victim should be advised that any advocate working for the agencies listed on the Domestic Violence resource card would qualify.

(a) For the purposes of this section, an initial investigation by law enforcement to determine whether a crime has been committed and to determine the identity of the suspect(s) shall not constitute a law enforcement interview.

(b) The support person may be excluded from an interview if the law enforcement authority or the District Attorney determines the presence of that person would be detrimental to the purpose of the interview.

(c) The investigating deputy should articulate in the report that the victim was advised of their right to a counselor and/or support person.

320.9 WRITTEN NOTICE TO VICTIMS
Penal Code § 13701(c) requires that victims of domestic violence be furnished written notice including the following information:

(a) A statement informing the victim that despite official restraint of the person alleged to have committed domestic violence, the restrained person may be released at any time;
Domestic Violence

(b) A statement that provides information about a shelter they may contact in the area;

(c) A statement that provides information about other community services they may contact in the area;

(d) A statement informing the victim of domestic violence that he or she can ask the District Attorney to file a criminal complaint;

(e) A statement that "For further information about the California Victim's Compensation Program, you may contact 1-800-777-9229";

(f) A statement informing the victim of the right to go to the Superior Court and file a petition requesting any of the following orders for relief:
   1. An order restraining the attacker from abusing the victim and other family members;
   2. An order directing the attacker to leave the household;
   3. An order preventing the attacker from entering the residence, school, business, or place of employment of the victim;
   4. An order awarding the victim or the other parent custody of or visitation with a minor child or children;
   5. An order restraining the attacker from molesting or interfering with minor children in the custody of the victim;
   6. An order directing the party not granted custody to pay support of minor children, if that party has a legal obligation to do so;
   7. An order directing the defendant to make specified debt payments coming due while the order is in effect;
   8. An order directing that either or both parties participate in counseling;

(g) A statement informing the victim of the right to file a civil suit for losses suffered as a result of the abuse. This includes medical expenses, loss of earnings, and other expenses for injuries sustained and damage to property, and any other related expenses incurred by the victim or any agency that shelters the victim;

(h) In the case of an alleged violation of Penal Code §§ 261, 261.5, 262, 286, 288a, or 289, a Domestic Violence Information Card which shall include, but is not limited to, the following information:
   1. The names and locations of rape victim counseling centers within the county, including those centers specified in Penal Code § 13837, and their 24-hour counseling service telephone numbers;
   2. A simple statement on the proper procedures for a victim to follow after a sexual assault;
   3. A statement that sexual assault by a person who is known to the victim, including sexual assault by a person who is the spouse of the victim, is a crime;
Domestic Violence

4. A statement that domestic violence or assault by a person who is known to the victim, including domestic violence or assault by a person who is the spouse of the victim, is a crime.

320.10 FIREARMS

320.10.1 SEIZURE OF FIREARMS
Sworn personnel at the scene of a domestic violence incident involving a threat to human life or a physical assault shall do the following:

(a) Inquire as to the presence of firearms or other deadly weapons
(b) When appropriate and necessary, attempt to secure and conduct a legal search of the location to determine the presence of firearms and other deadly weapons
(c) Seize all firearms / deadly weapons located through legal means

Deputies who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

320.10.2 RETURN OF FIREARMS
When a firearm has been seized as part of a domestic violence investigation, the procedure for the release of the firearm shall be in accordance with section 804 of this policy manual. The following specific domestic violence considerations shall also be adhered to:

(a) If a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident and the deputy has no reason to believe that such firearm or weapon would further endanger the victim or person reporting the domestic violence, the Department shall notify the lawful owner or other person who was in lawful possession of the firearm or weapon of its availability within five days after the seizure. (Penal Code § 18265(b)).

(b) If, however, any deputy has any reasonable cause to believe that a firearm or other deadly weapon seized in a domestic violence incident would likely result in further danger to the victim or person reporting such incident or that further investigation of such firearm or weapon is required through DOJ or other sources, the Department shall within five days of the seizure, notify the owner or other person who was in lawful possession of the firearm or weapon that such firearm or weapon will be retained for up to 60 days of the seizure (Penal Code § 18400(a)).

(c) If, after 45 days, the Department has been unable to clear the firearm or other deadly weapon for release, the Department shall commence the process of preparing a petition to the Superior Court to determine if the firearm or other weapon should be returned. Such petition shall be filed within 60 days of the initial seizure or, upon timely application to the court for an extension, within no more than 90 days (Penal Code § 18400(a)).
Domestic Violence

(d) Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice which conforms to the provisions of Penal Code 33865(a).

(e) In no case in which a firearm or other deadly weapon is not retained as evidence shall the Department be required to retain such firearms or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law. (Penal Code 33875).

320.11 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

320.11.1 PUBLIC ACCESS TO POLICY
A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

320.11.2 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code §§ 13701 and 13730.

(b) Reporting deputies should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.

320.11.3 RECORD-KEEPING AND DATA COLLECTION
This Department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the lieutenant over the Crime Analysis Unit to maintain and report this information as required.

320.11.4 DECLARATION IN SUPPORT OF BAIL INCREASE
Any deputy who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances (including the history of domestic violence) to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the deputy shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Domestic Violence

320.12 OVERSIGHT RESPONSIBILITIES

Supervisors shall ensure:

(a) Domestic violence reports are submitted in a timely manner
   1. Reports shall be turned in the same day as the incident unless extenuating circumstances exist
   2. Under no circumstances shall reports be held over the investigating deputy’s days off

(b) The investigation satisfies the requirements of applicable domestic violence laws and this policy

(c) Proper resources are utilized to investigate and follow up on cases with increased risk to victims (e.g., history of ongoing violence, intimidation, and/or control; current circumstances indicate higher risk; etc.)

Administrative lieutenants at each station/bureau shall:

(a) Conduct quarterly audits of a random sample (10%) of domestic violence reports to ensure compliance with applicable domestic violence laws and this policy

(b) Report the results of the audit to the station/bureau commander

Station/bureau commanders shall review the quarterly audits and ensure any training or performance issues are properly addressed.
Search and Seizure

322.1 PURPOSE AND SCOPE

Both the Federal and State Constitutions provide every individual in the United States with the right to be free from unreasonable searches and seizures. This policy provides guidelines for Riverside County Sheriff's Department personnel to follow when planning or conducting a search or seizure.

322.1.1 FOURTH AMENDMENT TO THE U.S. CONSTITUTION
The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

322.2 POLICY
It is the policy of the Riverside County Sheriff's Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to deputies as guidance for the application of current law, local community standards, and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES
The Fourth Amendment to the U.S. Constitution provides protection from unreasonable search and seizure. Generally, a search warrant is required for a search to be valid; however, there are several exceptions that permit a warrantless search.

Examples of circumstances that may present exceptions to the warrant requirement include the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, of persons with judicially imposed limitations
regarding searches of their persons and property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to judicial interpretation, each member of this department is expected to act in each situation according to their most current training and within reasonably known and established rights and/or law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to selecting a course of action.

### 322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies may be considered in every search situation, the following guidelines should be followed:

(a) Members of this department will conduct searches with dignity and courtesy.

(b) Deputies, when possible, should explain to the person being searched the reason for the search and how the search will be conducted.

(c) A designated department member shall create a pre-search and post-search video that thoroughly documents the general condition of the location and pertinent areas searched. Both videos shall become part of the report and investigative record.

(d) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.

(e) Any surveillance cameras discovered within an area being searched may be disabled for officer safety purposes only by covering, unplugging, disconnecting, or powering off the device, but never by damaging or destroying a surveillance device unless a serious and imminent danger is posed by the device.

(f) In order to minimize the need for forcible entry, an attempt should be made to determine if the entry door is locked, to obtain keys, combinations or access codes when a search of locked property is anticipated. Exigent circumstances or known dangers may justify abandoning these efforts.

(g) All requirements under Penal Code section 1531 (knock and notice) shall be followed unless an exception arises or has been judicially approved.

(h) When the person to be searched at the scene is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable, or safe, to summon or wait for a deputy of the same sex, the following guidelines should be followed:

1. Another deputy or a supervisor should witness the search, if available.
2. At least one deputy activates their BWC to document the entire search.
3. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.
322.5 OPERATION PACKAGES
An approved Operation Package is required on all undercover operations, medium to high-risk search and arrest warrants, and complex surveillance programs. A sworn supervisor shall be present during circumstances meeting any of those criteria. A sworn supervisor shall thoroughly review all facets of an operations package before any warrant is served and be satisfied with its contents and justification before approving it for distribution.

An Operation Package is not required for low-risk situations such as warrants for:

- business records (bank records, cellular, etc.);
- vehicles already in the department's possession;
- an occupied structure but where all suspects are in custody and there is a low likelihood of conflict with occupants;
- an unoccupied structure already secured and held pending warrant service;
- a suspect turning themselves in;
- the collection of DNA from a suspect;
- routine, patrol-level service of an arrest warrant
  - organized plans should be developed and known intelligence disseminated to involved personnel;
- other similar low-risk circumstances pre-approved by a sergeant

A supervisor is not required to be present during the service of search or arrest warrants where no operation package is required by this policy; however, department supervisors will have the final authority on the need for an operations package.

The Operation Package (available on the intranet / Docs and Forms / "Field Ops" heading) requires the documentation of relevant information pertinent to the planning and execution of the warrant(s). Additional pages may be attached as necessary, such as maps, photographs, and additional suspect information. If no file number has been assigned to the investigation, a program number issued at the station level will be used.

For control and security purposes, personnel will use only the current Operations Package and comply with the following procedures in all instances where they use an Operations Package.

(a) The case agent of the program will be responsible for all packages. This responsibility may be delegated to a co-case agent;
(b) Each package will have a control number;
(c) Each package will be stamped, or otherwise marked, "CONFIDENTIAL";
(d) The case agent, or the designee, will maintain a control log. The name of the person receiving each package will be placed next to the control number of the package he or she receives;
Riverside County Sheriff’s Department
Riverside County Sheriff's Department Standards Manual (DSM)

Search and Seizure

(e) The responsible case agent, or the designee, will collect all of the packages at the end of the program;

(f) All Operation Packages, except the original, will be shredded;

(g) The originals of the Operation Package and control sheet will be maintained in each station for a minimum of three years.

322.5.1 THREAT ASSESSMENT
Search Warrant Threat Assessment forms organize the criminal intelligence and historical information about a warrant service into a quantifiable risk-assessment tool for teams and their supervisors. The completion of these forms is required for all search and arrest warrants where suspects may be encountered.

If, after completion of the form, the warrant service falls into the "high risk" category, the form shall be forwarded to the Special Enforcement Bureau (SEB) for further analysis. SEB will return the form with a recommendation about the use of a tactical team and will have the final authority regarding who will serve the warrant.

To control the information on the form, only the case, or co-case agent shall send forms that reached the "high-risk" level to SEB. Each form must have a sergeant's signature on it. The form returned to the case agent by SEB must be retained for a minimum of three years. SEB must also retain each form reviewed for three years.

The Threat Assessment Form is available on the department intranet / Docs and Forms / "Search Warrants" heading.

322.5.2 SEARCH WARRANT 'NOTICE OF SERVICE'
A search warrant notice (RSD Form 450) shall be conspicuously left at the location or given to an adult occupant following a search warrant service. RSD Form 450 shall include the following information:

- A notification of the search warrant service and property seizure;
- The date of the execution and seizure;
- The identity of the agency executing the warrant;
- The date the warrant was issued;
- The name and assigned court of the judge or magistrate who issued the warrant;
- The name of the case agent or supervisor to be contacted for further information

RSD Form 450 is available on the department's intranet / Docs and Forms / "Search Warrants" heading.
322.6 PROPERTY SEIZURES

(a) All property seizures shall be thoroughly inventoried and documented in associated reports and on department property forms, even if found to be unrelated to the investigation after the search.

(b) All seized property shall be promptly booked into evidence soon after any photographing, copying, downloading, drying, testing, examination, use during interview, or other investigative process is completed.

(c) No seized property is to be stored, even temporarily, in an unofficial location such as a handbag, locker, desk, cabinet, office, or vehicle.

(d) Seized currency shall be handled, accounted for and documented according to department policy. Refer to current Asset Forfeiture policies if forfeiture proceedings will be sought. Generally, forfeiture of paper currency less than $1000.00 will not be initiated.

(e) Upon discovery at a scene, any firearms shall be confirmed as unloaded and made safe before transporting and booking by completely unloading the firearm, then disabling the action, slide and/or trigger function with plastic ties or other secure device.

(f) Property taken into department custody for "safekeeping" must still be taken legally. Consent, the Community Caretaking Doctrine, CA Penal Code 18250, or other exception to the warrant requirement must apply.

(g) A thoroughly completed property receipt (RSD Form 409) shall be conspicuously left at the scene whenever property is taken into department control, regardless of its value.

(h) No member shall post any photographs of a crime scene, searched location, or seized property to any website, chat room, or other on-line forum except for official and legitimate investigative purposes.

322.7 DOCUMENTATION

Deputies are responsible to document any search warrant service and to ensure that all reports contain, at minimum, documentation of the following:

- Reason for the search;
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys);
- Identity and disposition of all persons detained at scene;
- What, if any, injuries or damage occurred;
- All steps taken to secure property before leaving;
- The results of the search, including a description of any property or contraband seized;
- Existence of BWC recording(s)
322.7.1 SUPERVISOR'S REVIEW
Supervisors shall review or return, if needed, all reports that need correction or additional detail. Supervisors shall review all facets of the operation's outcome to establish that evidence procedures were followed, that departmental actions are properly documented and that current legal requirements and department policy have been met, to include the submission of all documents required by the court following the service of a search warrant.
Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Riverside County Sheriff's Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

**Juvenile offender** - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when a non-secure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

(g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

324.2 POLICY
The Riverside County Sheriff's Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Riverside County Sheriff's Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the Riverside County Sheriff's Department:

(a) Unconscious
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
(e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Riverside County Sheriff's Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).
If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

324.4 CUSTODY OF JUVENILES
Deputies should take custody of a juvenile and temporarily hold the juvenile at the Riverside County Sheriff's Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Riverside County Sheriff's Department without authorization of the arresting deputy's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Riverside County Sheriff's Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Riverside County Sheriff's Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination.

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do
Temporary Custody of Juveniles

so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Riverside County Sheriff's Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code § 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention. If the juvenile is under 12 years old and has NOT committed a qualifying offense pursuant to WIC § 602(b) then:

(a) The juvenile shall be released to a parent, guardian, or caregiver.

(b) A criminal report shall be written; however, it will not be sent to the court. The case status should be recorded as it normally would.

(c) Complete the SB 439 Referral Form as directed by the Riverside County Office of Education (RCOE) (Intranet-Docs & Forms). The narrative portion listed under “Reason for Referral” shall include a brief summary of the circumstances. Do not attach reports or supporting documents to the form.

(d) The form will be forwarded to the Watch Commander for review.

(e) The station SOA or designee will forward to the RCOE facilitator.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.

(b) Released to a parent or other responsible adult after processing at the Department.

(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.

(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating deputy or supervisor shall prefer the alternative that least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).
Temporary Custody of Juveniles

Whenever a juvenile offender under the age of 14 is taken into custody, the deputy should take reasonable steps to verify and document the child’s ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.5 ADVISEMENTS
Deputies shall take immediate steps to notify the juvenile’s parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the Miranda rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

324.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile.
(b) Date and time of arrival and release from the Riverside County Sheriff’s Department (15 CCR 1150).
(c) Watch Commander notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
(e) Any changes in status (e.g., emergency situations, unusual incidents).
(f) Time of all safety checks.
(g) Any medical and other screening requested and completed (15 CCR 1142).
(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.
Temporary Custody of Juveniles

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Riverside County Sheriff's Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

324.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Riverside County Sheriff's Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Riverside County Sheriff's Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Riverside County Sheriff's Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.

1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.

2. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian, and/or lawyer visits (15 CCR 1143).
Temporary Custody of Juveniles

(j)  Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k)  Blankets shall be provided as reasonably necessary (15 CCR 1143).
   1. The supervisor should ensure that there is an adequate supply of clean blankets.

(l)  Adequate shelter, heat, light, and ventilation should be provided without compromising security or enabling escape.

(m)  Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n)  Juveniles shall have the right to the same number of telephone calls as an adult in temporary custody.

(o)  No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

324.9 USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Riverside County Sheriff's Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile’s protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

324.10 PERSONAL PROPERTY
The deputy taking custody of a juvenile offender or status offender at the Riverside County Sheriff's Department shall ensure a thorough search of the juvenile’s property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile’s presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Riverside County Sheriff's Department.

324.11 SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.
Temporary Custody of Juveniles

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity, and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
(e) Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

324.11.1 LOCKED ENCLOSURES
A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).
(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
   1. All safety checks shall be logged.
Temporary Custody of Juveniles

2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).

3. Requests or concerns of the juvenile should be logged.

   (e) Males and females shall not be placed in the same locked room (15 CCR 1147).

   (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

   (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Riverside County Sheriff's Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

   (a) Immediate notification of the on-duty supervisor, Sheriff, and Detective Bureau Bureau Supervisor.

   (b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.

   (c) Notification of the appropriate prosecutor.

   (d) Notification of the County attorney.

   (e) Notification to the coroner.

   (f) Notification of the juvenile court.

   (g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).

   (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.

   (i) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of Miranda rights, a deputy shall permit a juvenile 15 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

   (a) Information is necessary to protect life or property from an imminent threat.

   (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.
324.13.1  MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

324.14  FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting deputy's supervisor.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Detective Bureau supervisor, giving due consideration to the following:
Temporary Custody of Juveniles

(a) The gravity of the offense
(b) The past record of the offender
(c) The age of the offender

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

The current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be reviewed prior to releasing any information. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION
The Field Operations Chief Deputy shall coordinate the procedures related to the custody of juveniles held at the Riverside County Sheriff's Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).
Child and Dependent Adult Safety

325.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

325.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Riverside County Sheriff's Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

325.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
Child and Dependent Adult Safety

325.3.1 AFTER AN ARREST
Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.

1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.

1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

325.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

325.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

325.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

325.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked patrol car, or taken into formal protective custody.
Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

325.5 TRAINING
The Chief Deputy is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Dependent Adult / Elder Abuse

327.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for department members as required by law.

327.1.1 DEFINITIONS
Definitions related to this policy include:

Elder - A person who is 65 or older.

Dependent Adult - A person between the ages of 18 and 64 that has certain mental or physical disabilities that keep him or her from being able to do normal activities or protect himself or herself.

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Abuse of an elder (ages 65 or older) or dependent adult (ages 18-64) - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering; or any other act that would mandate reporting or notification to a social service agency or law enforcement. Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

327.2 POLICY
The Department will investigate all reported incidents of alleged dependent adult and elder abuse and ensure proper reporting and notification as required by law.

327.3 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact, while keeping the reporting party confidential (as applicable). This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
Dependent Adult / Elder Abuse

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

(g) Whether an EPO was offered or obtained.

(h) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(i) Current and previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(k) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the adult abuse (Welfare and Institutions Code § 15640(f)).

(l) Whether a death involved the End of Life Option Act:
   1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)
   2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person’s life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)
   3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)
   4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

327.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult / elder abuse. These investigators should:

(a) Conduct and record thorough interviews at an appropriate location.

(b) Be familiar with effective interview techniques specific to adult abuse investigations.

(c) Present all cases of substantiated adult abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
Dependent Adult / Elder Abuse

(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).

(g) Ensure proper cross-reporting has been completed as required by law.

327.5 MANDATORY NOTIFICATION

Members of the Riverside County Sheriff's Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse or neglect of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone, or through a confidential internet reporting platform, as soon as practicable and a written report (including State of California (SOC) Form 341) shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a
dependent adult / elder abuse

written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

d) The California Department of Social Services (CDSS) shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.

g) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).
Dependent Adult / Elder Abuse

327.5.1 NOTIFICATION PROCEDURE
Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.
(b) The name and age of the elder or dependent adult.
(c) The present location of the elder or dependent adult.
(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.
(e) The nature and extent of the condition of the elder or dependent adult.
(f) The date of incident.
(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

327.5.2 ADULT SERVICES ONLINE REPORTING
Adult Services offers electronic submission of the SOC 341(Report of Suspected Abuse) or SOC 342 (Report of Suspected Financial Abuse) for all NON-EMERGENCY reports of neglect or abuse. Electronic submission meets the reporting requirement for mandated reporters in lieu of a telephone call to the APS hotline.

Department members shall be mindful of the following parameters before choosing the online system:

(a) Emergency or immediate response reports must be submitted by telephone only. 1-800-491-7123
(b) Online reports submitted after hours, weekends, or holidays will not be acknowledged by APS staff until the following business day.

327.6 PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be done in collaboration with APS.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, pursuant to WIC §5150 for example, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction.
Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

### 327.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which a deputy reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the deputy may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

### 327.7 INTERVIEWS

#### 327.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record (audio or video) the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should seek assistance from someone who is specially trained in such interviews. This does not absolve the investigating deputy of the responsibility to conduct a thorough investigation.

#### 327.7.2 DETAINING VICTIMS FOR INTERVIEWS

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:

1. A reasonable belief that medical issues of the adult need to be addressed immediately.
2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

### 327.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The deputy should also arrange for the adult’s transportation to the
appropriate medical facility. If consent is not able to be given (e.g., dementia, conservatorship, etc.), a search warrant may need to be obtained.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

327.9 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

327.9.1 DEPUTY RESPONSIBILITIES
Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify a supervisor.

327.9.2 SUPERVISOR RESPONSIBILITIES
The Detective Bureau supervisor should:

(a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when a deputy notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the adult.

327.10 TRAINING
The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.
Dependent Adult / Elder Abuse

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to adult abuse investigations.

(f) Availability of victim advocates or other support.

327.11 RECORDS BUREAU RESPONSIBILITIES
Station clerical staff are responsible for:

(a) Providing a copy of the adult abuse report to the APS, ombudsman or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).

(b) Retaining the original adult abuse report with the initial case file.

327.12 JURISDICTION
The Riverside County Sheriff's Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

327.13 RELEVANT STATUTES
Penal Code § 368 (c)
Any person who knows or reasonably should know that a person is an elder or dependent adult and who, under circumstances or conditions other than those likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health may be endangered, is guilty of a misdemeanor.

Discriminatory Harassment and Workplace Violence

328.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY
The Riverside County Sheriff's Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

Relevant policies, procedures, and definitions related to the department's prevention of, and response to, discrimination, harassment, and workplace violence are codified in the attached Riverside County Board Policies. All Sheriff's Department employees shall be familiar with the contents of Riverside County Board Policies C-25 and C-27. Both can be found via the attached link.

Registered Offender Information

329.1 PURPOSE AND SCOPE
This policy establishes guidelines by which the Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

329.2 POLICY
It is the policy of the Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

329.2.1 LIMITATIONS ON EXTENDED RELEASE
Individuals and entities receiving information regarding registered sex offenders may only be authorized to disclose such information to additional persons if the Department determines the appropriate scope and that such disclosure will enhance the public safety. The Department may not authorize any disclosure of such information by its placement on a non-departmental Internet Web site (Penal Code § 290.45(c)(1)).

329.3 REGISTRATION
The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

329.3.1 CONTENTS OF REGISTRATION
The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

329.3.2 INFORMATION PERMITTED FOR INTERNET RELEASE
For those offenders listed in Penal Code § 290.46(c)(2) and (d)(2), the following information may be included on the Department Internet Web site:
Registered Offender Information

(a) The offender's full name;
(b) The offender's known aliases;
(c) The offender's gender;
(d) The offender's race;
(e) The offender's physical description;
(f) The offender's photograph;
(g) The offender's date of birth;
(h) Crimes resulting in the registration of the offender under Penal Code § 290;
(i) The community of residence and Zip Code in which the registrant resides or the county in which the person is registered as a transient;
(j) Any other information which the Department deems relevant, such as:
   1. Description of the offender's vehicle(s) or vehicle(s) the offender is known to drive (only if the offender is currently wanted for a criminal offense);
   2. Type of victim targeted by the offender;
   3. Relevant parole or probation conditions, such as prohibiting contact with children;
   4. Dates of crimes resulting in current classification;
   5. Dates of release from confinement;
   6. The offender's enrollment, employment, or vocational status with any university, college, community college, or other institution of higher learning.

For those offenders listed in Penal Code § 290.46(b)(2), the address at which the offender resides may also be included on the Department Internet Web site in addition to the above.

Before releasing the address of any offender, the deputy shall verify that the information is correct.

329.3.3 USE OF DISCLOSURE FORMS
Whenever information regarding any sex offender is publicly disseminated, the deputy shall complete a Megan's Law Disclosure form (RSD Form 633) which shall be promptly forwarded to the Investigations Unit. The release of such information shall also be noted by entering the notification into the comment field on the offender's Supervised Release File record.

329.3.4 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY
In addition to the authority provided elsewhere within this policy, any campus police department or local agency having jurisdiction over any university, college, community college or other institution of higher learning may release the following information within the campus community regarding other registered sex offenders:

(a) The offender's full name;
(b) The offender's known aliases;
Registered Offender Information

(c) The offender's gender;
(d) The offender's race;
(e) The offender's physical description;
(f) The offender's photograph;
(g) The offender's date of birth;
(h) Crimes resulting in the registration of the offender under Penal Code § 290;
(i) The date of last registration.

The release of any information pursuant to this section shall be strictly limited to that which
is intended to reach persons only within the campus community. For purposes of this section,
campus community shall be defined as those persons present at or regularly frequenting any
place constituting campus property, satellite facilities, laboratories, public areas contiguous to the
campus and other areas set forth in Penal Code § 290.01(d)(1).

329.4 MONITORING OF REGISTERED OFFENDERS
The detective bureau supervisor should establish a system to periodically, and at least once
annually, verify that a registrant remains in compliance with his/her registration requirements after
the initial registration. This verification should include:

(a) Efforts to confirm residence using an unobtrusive method, such as an internet search
    or drive-by of the declared residence.
(b) Review of information on the California DOJ website for sex offenders.
(c) Contact with a registrant’s parole or probation officer.

Any discrepancies should be reported to the California DOJ.

The detective bureau supervisor should also establish a procedure to routinely disseminate
information regarding registered offenders to Department personnel, including timely updates
regarding new or relocated registrants.

329.5 DISSEMINATION OF PUBLIC INFORMATION
Members will not unilaterally make a public notification advising the community of a particular
registrant’s presence in the community. Members who identify a significant risk or other public
safety issue associated with a registrant should promptly advise their supervisor. The supervisor
should evaluate the request and forward the information to the Sheriff if warranted. A determination
will be made by the Sheriff, with the assistance of legal counsel as necessary, whether such a
public alert should be made.

Members of the public requesting information on sex registrants should be provided the
Megan's Law website or the Riverside County Sheriff's Department’s website. Information on sex
registrants placed on the Riverside County Sheriff's Department’s website shall comply with the
requirements of Penal Code § 290.46.
Registered Offender Information

The Records Manager may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

329.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY
California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

(a) The offender’s full name
(b) The offender’s known aliases
(c) The offender’s sex
(d) The offender’s race
(e) The offender’s physical description
(f) The offender’s photograph
(g) The offender’s date of birth
(h) Crimes resulting in the registration of the offender under Penal Code § 290
(i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

329.5.2 RELEASE NOTIFICATIONS
Registrant information that is released should include notification that:

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
(b) The information is provided as a public service and may not be current or accurate.
(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
(d) The crime for which a person is convicted may not accurately reflect the level of risk.
(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).
Child Abuse

331.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Riverside County Sheriff's Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

331.1.1 DEFINITIONS
Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

331.2 POLICY
The Riverside County Sheriff's Department will investigate all reported incidents of alleged criminal child abuse and ensure notifications are made as required by law.

331.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney’s office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Each station shall develop a procedure by which such reports are transmitted to their respective District Attorney's Office - SACA Unit. Such incidents subject to this mandate would include those reported to this department via CPS referral, call response, or patrol report. Those qualifying incidents resulting in an arrest would be reported to the District Attorney via the filing process and would not necessitate separate reporting. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166 (k)).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes,
Child Abuse

day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

331.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166(a)):

(a) Notification shall be made immediately, or as soon as practicable, by sending, telephoning, faxing or electronically transmitting.

(b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

331.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators should:

(a) Conduct interviews in child appropriate interview facilities.
(b) Be familiar with forensic interview techniques specific to child abuse investigations.
(c) Present all cases of alleged child abuse to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
(e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.

1. Before doing so, department members should consult and coordinate this effort with CPS personnel to avoid conflicting information or objectives.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

331.5 INVESTIGATIONS AND REPORT WRITING
In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a report even if the allegations appear unfounded or unsubstantiated. Refer to DSM 344 - Report Preparation.
Investigations and reports related to suspected cases of child abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the statements.

(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

331.5.1 EXTRA JURISDICTIONAL REPORTS
If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

331.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the deputy should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.
Child Abuse

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. As soon as practicable after taking a child into protective custody, deputies shall consult with, involve, and fully inform CPS to facilitate placement of the child. No child will be placed without CPS sanction and approval.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The deputy reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:
   1. The child has an immediate need for medical care.
   2. The child is in immediate danger of physical or sexual abuse.
   3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the deputy shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The deputy reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
   1. It reasonably appears to the deputy that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
   2. There is no lawful custodian available to take custody of the child.
   3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
   4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

331.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-
surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

331.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, deputies can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Deputies shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

331.7 INTERVIEWS

331.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

331.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

331.7.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member’s presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).
The requirement for a court order before conducting an interview of an abuse victim on school grounds as outlined in DD 10-026 no longer applies.

331.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

331.9 DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

331.9.1 SUPERVISOR RESPONSIBILITIES
All supervisors should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when notified that a deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

331.9.2 DEPUTY RESPONSIBILITIES
Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate.

(b) Notify the Detective Bureau supervisor so an interagency response can begin.

331.10 STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:
331.10.1 CHILD ABUSE CENTRAL INDEX (CACI) - HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney’s Office
(d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party’s name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person’s name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

331.10.2 CACI HEARING OFFICER

The Detective Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person’s name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

331.10.3 REQUESTS FOR REMOVAL FROM THE CACI
Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California’s CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.
331.10.4 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

331.10.5 CHILD DEATH REVIEW
This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

331.11 TRAINING
The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

   (a) Participating in multidisciplinary investigations, as appropriate.
   (b) Conducting forensic interviews.
   (c) Availability of therapy services for children and families.
   (d) Availability of specialized forensic medical exams.
   (e) Cultural competence (including interpretive services) related to child abuse investigations.
   (f) Availability of victim advocate or guardian ad litem support.
Identity Theft

333.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

333.2 REPORTING
(a) In an effort to maintain uniformity in reporting, deputies presented with the crime of identity theft (Penal Code § 530.6) shall complete a report for victims residing, or operating a place of business, within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:
1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim’s residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
(b) While the original identity theft should generally be reported to the law enforcement agency where the victim resides, deputies of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft. For example, if the identity theft occurred elsewhere, but the resulting credit card fraud occurred and is being reported in this jurisdiction, deputies shall complete the report without waiting for the victim to report the initial identity theft.
(c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim’s name when the victim has never made such an application).
(d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
(e) The reporting deputy should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim’s name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
(f) Following supervisory review and department processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.
Missing Persons

334.1 PURPOSE AND SCOPE
This policy provides guidance for handling missing person investigations.

334.1.1 DEFINITIONS
At risk - Includes circumstances where any of the following factors are present (Penal Code § 14215):

- A victim of a crime or foul play.
- A person missing and in need of medical attention.
- A missing person with no pattern of running away or disappearing.
- A missing person who may be the victim of parental abduction.
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.
- A juvenile under the age of 12.

Missing person - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

Missing person networks - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

334.2 POLICY
The Riverside County Sheriff's Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Riverside County Sheriff's Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

334.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS
The Detective Bureau supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Department report form for use in missing person cases
Missing Persons

- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)
- Missing person school notification form
- Medical records release form from the California Department of Justice
- California DOJ missing person forms as appropriate
- Biological sample collection kits, or process to request collection of biological samples

Department members may also refer to the DocRead publication for information related to missing person investigations.

334.4 ACCEPTANCE OF REPORTS

Any department member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those department members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

334.5 INITIAL INVESTIGATION

Deputies or other department members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(a) Respond to a dispatched call for service as soon as practicable.
(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
(d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
(e) Ensure that entries are made into the appropriate missing person networks as follows:
   1. Immediately, when the missing person is at risk.
   2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
(f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
(g) Collect and/or review:
Missing Persons

1. A photograph and a fingerprint card of the missing person, if available.
2. A voluntarily provided biological sample of the missing person, if available (e.g., toothbrush, hairbrush).
3. Any documents that may assist in the investigation, such as court orders regarding custody.
4. Any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, computers).

(h) When circumstances permit and if appropriate, attempt to determine the missing person’s location through his/her telecommunications carrier.

(i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

334.6 REPORT PROCEDURES AND ROUTING
Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

If a missing person is found before the information is entered into the NCIC, the information shall still be entered (Penal Code § 14213(c)).

334.6.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of the supervisor shall include, but are not limited to:

(a) Reviewing and approving missing person reports upon receipt.

1. The supervisor shall ensure these reports are promptly completed and processed according to station/bureau procedures.

(b) Ensuring resources are deployed as appropriate.

(c) Initiating a command post as needed.

(d) Ensuring applicable notifications and public alerts are made and documented.

(e) Ensuring that records have been entered into the appropriate missing persons networks.

(f) Taking reasonable steps to identify and address any jurisdictional issues to ensure cooperation among agencies.

If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.

334.6.2 CLERICAL UNIT RESPONSIBILITIES
The receiving department member shall:
Missing Persons

(a) As soon as reasonable under the circumstances, notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person’s residence in cases where the missing person is a resident of another jurisdiction (Penal Code § 14211).

(b) Notify and forward a copy of the report to the law enforcement agency in whose jurisdiction the missing person was last seen (Penal Code § 14211).

(c) Notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person’s intended or possible destination, if known.

(d) Forward a copy of the report to the Detective Bureau.

Private Persons Arrests

335.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the handling of private person’s arrests made pursuant to Penal Code § 837.

335.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS
Penal Code § 836(b) expressly mandates that all deputies shall advise victims of domestic violence of the right to make a private person’s arrest, including advice on how to safely execute such an arrest. In all other situations, deputies should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person’s arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person’s arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

335.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;
(b) When the person arrested has committed a felony, although not in his or her presence;
(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

335.4 DEPUTY RESPONSIBILITIES
Any deputy presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any deputy determine that there is no reasonable cause to believe that a private person’s arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b) (1). The deputy must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person’s arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever a deputy determines that there is reasonable cause to believe that a private person’s arrest is lawful, the deputy may exercise any of the following options:

1. Take the individual into physical custody for booking
2. Release the individual pursuant to a Notice to Appear
3. Release the individual pursuant to Penal Code § 849

(c) When a suspect has not been physically arrested by a citizen or is not at the scene for us to accept, deputies should remain mindful that a signed private person's arrest form is not an arrest warrant. If a suspect is found elsewhere, or found a considerable time later, the requirements of warrantless arrests apply.

335.5 REPORTING REQUIREMENTS
In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person’s Arrest form under penalty of perjury.

In addition to the Private Person’s Arrest Form (and any other related documents such as citations, booking forms, etc.), deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

341.4.1 VICTIMS OF HUMAN TRAFFICKING
Deputies investigating or receiving a report involving a victim of human trafficking shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that upon the request of the victim the names and images of the victim and his/her immediate family members may be withheld from becoming a matter of public record until the conclusion of the investigation or prosecution (Penal Code § 293).

Minor Misconduct - Response Options

342.1 PURPOSE
The Riverside County Sheriff's Department views the discovery and appropriate correction of misconduct and training deficiencies as an important part of achieving the delivery of quality, professional, and consistent service to the community. This policy will outline a supervisor's, or manager's response options following the discovery or misconduct, either intentional or unintentional.

342.2 POLICY
The department's responses to misconduct and employee errors should be measured and commensurate with the observed behavior and employee history. This measured response does not always necessitate formal discipline, but instead can be addressed with the intent to correct, through the use of varied responses such as in-person counseling, education, training, mentorship, and/or memorandums of discussion. It is the policy of the department to address each unique incident with a fair and appropriate response intended to improve the employee, prevent reoccurrence, and enhance service quality.

342.3 VERBAL RESPONSE
Minor and isolated incidents such as discourteous language, a late report, or uniform violations may best be handled by simply speaking to the employee in a private setting. Best practices should be followed when counseling an employee. The primary purpose of the counseling should always be improved understanding of the error and improved performance in the future. The counseling should not devolve into an adversarial interrogation and a second supervisor should be used if appropriate. Written documentation of the meeting may not be necessary.

342.4 MENTORSHIP RESPONSE
Identify a knowledgeable mentor, either within or near your station, jail, or bureau and assign the employee to this mentor after explaining the goal to both employees. The mentor’s interaction only needs to be as brief as needed to accomplish the goal of improved performance. This interaction could include policy review or the demonstration of proper techniques and procedures. This is not a Performance Improvement Plan and the mentor does not need to be an F.T.O. or C.T.O. At the completion of such training, the employee's supervisor should meet with the mentor and inquire about the success of the supplemental training.

342.5 FORMAL TRAINING RESPONSE
Supervisors may also address incidents with a formal assignment to department-approved training. The training need only be as long as is necessary to address and improve performance. Education responses should generally be tailored to unintentional errors or those circumstances that are accompanied by some plausible mitigation. The commander or supervisor shall identify training offered that is most appropriate to the error. For example:
Minor Misconduct - Response Options

- An employee in a very minor traffic collision could be assigned to supplemental driver training or simulator instruction.
- An employee needing to improve the quality of their reports could be assigned to report writing instruction.
- An employee who may have been rude and discourteous to a suspect or belligerent detainee may be assigned to interpersonal communication instruction.

The Ben Clark Training Center should be the first choice for any formal training to occur. The applicable BCTC classes available include:

- Driver Awareness
- EVOC Update
- De-escalation/Tactical Communication
- Force Simulator
- Perishable Skills / Force Options

This training shall not have been attended within the last 6 months and shall not be attended on overtime. It shall not be in response to willful or otherwise wanton violations of policy. Upon completion, all training records shall be updated by the station or bureau's training staff in coordination with the BCTC.

342.6 MEMORANDUM OF DISCUSSION RESPONSE (MOD)
A Memorandum of Discussion (MOD) simply documents a previous discussion between a supervisor and their subordinate related to an employee’s performance or behavior. This response may be appropriate for second violations of a similar nature, or where the employee actions reach a concerning severity or otherwise indicate that another response option will not likely be effective. Such a discussion is intended to bring the matter to the employee's attention and discuss ways for him or her to stop, start, or improve upon something related to their job performance. Such documents are removed from an employee's station-level file at a given time and are not considered disciplinary as defined by Government Code 3303. There are however, some guidelines for properly completing and presenting a MOD. In general, they are:

- Limit the language so that it serves only as documentation of the supervisor's corrective conversation with the department member.
- Refrain from citing specific policy or general order sections violated.
- Refrain from predictions that future violations will result in formal discipline or more severe consequences.
- Openly discuss the misconduct with the employee and allow 30 calendar days for a written response if so desired.
- Review any written employee response for matters of department concern.
Minor Misconduct - Response Options

If the supervisor or commander deems that a written reprimand is the appropriate and effective response, see DSM 342 for department guidelines.
Written Reprimands

343.1 PURPOSE
This policy will outline specific procedures for department members to follow when a Written Reprimaand (WR) is chosen as the appropriate response to minor misconduct committed by any member of the department.

Such misconduct could include, but is not limited to:

- Minor traffic collisions;
- Minor incidents of failing to properly perform duties such as, late reports, failing to qualify, or reporting late for duty;
- Minor damage to, or loss of, department or citizens’ property;
- Rude and discourteous behavior that is not severe or pervasive;

Although the issuance process is identical for members of the LIUNA, SEIU, Confidential, or Unrepresented employees, this policy will guide the appeal process specific to members of the Riverside Sheriffs' Association (RSA) and the Law Enforcement Management Units (LEMU) only, as outlined in 342.4.

The procedures and discretion outlined here are not appropriate responses following allegations of serious misconduct such as excessive force, insubordination, sexual misconduct, harassment, criminal allegations, theft, dishonesty or repeated violations of a more minor nature.

343.2 WRITTEN REPRIMAND (WR)
Sergeants and above, with commander’s approval, may issue written reprimands (WR) for minor misconduct. This procedure will usually replace the practice of conducting a formal personnel investigation and recording interviews when clear and convincing facts establish a violation of policy. Convincing evidence may include BWC video, logs, employee memoranda, or other evidence gathered from department databases or other relevant sources. It is important to remember that a WR is ‘discipline’ as defined in the Public Safety Officer's Procedural Bill of Rights Act (POBR), Government Code section 3303, and therefore this policy leaves intact, substantive due process protections for the affected employee.

Nothing in this policy prevents the department from assigning an employee to additional training or education, in addition to the WR. Such training should be aimed at improving the relevant performance or preventing reoccurrence of the misconduct. For example, supplemental driver training should also be considered following an at-fault traffic collision.

The station or bureau-level issuance of a written reprimand should occur as follows in section 342.3.
Written Reprimands

343.3 WRITTEN REPRIMAND - ISSUANCE

1. Following the discovery and confirmation of misconduct justifying the issuance of a WR, the employee's supervisor will complete a memorandum addressed to the employee detailing the incident and basis for discipline.
   
   (a) The confirmation of misconduct may include interviews and other formal investigation if necessary. All POBR rights shall be observed throughout the inquiry process. See DSM 1010.5.2 for additional department guidelines.

2. The author of the reprimand shall have his/her supervisor and commander review the document to ensure justification and accuracy.
   
   (a) All evidentiary documentation (BWC, reports, memos) should be attached for commander review..

3. Upon approval, the reprimand will be presented to the employee.

343.3.1 EMPLOYEE RESPONSE

Following the receipt of a WR, the affected employee, regardless of bargaining unit, may then elect to do one of the following:

1. Accept the reprimand by signing in the required area(s) and returning the document to the supervisor for filing with the Professional Standards Bureau, or;

2. Complete a written response to the reprimand within 30 calendar days (Govt. Code 3306). This response will be reviewed by a lieutenant for matters of departmental interest or other mitigation affecting the issuance of the WR. If compelling mitigation is found, the lieutenant shall discuss the matter with the supervisor and decide on the appropriate action. If no such mitigation is found, the response will be attached to the WR, the reprimand will be forwarded to the Professional Standards Bureau for retention according to section 342.6 and the matter will be considered closed, or;

3. Appeal the WR by submitting a written request to their current commander within 10 calendar days from receipt of the reprimand.

343.4 APPEAL PROCESS

Upon proper notification that an employee within the Laborers’ International Union of North America (LIUNA) or the Service Employees International Union (SEIU) intends to appeal a WR, all provisions of each respective MOU will be followed, Unrepresented and Confidential employees shall follow all appeal procedures, if any, listed within their respective labor agreements.

Upon proper notification that an employee within the RSA or LEMU intends to appeal a WR, the affected station Commander shall:

1. Notify the affected Chief Deputy.

2. The Chief Deputy will then assign the commander of the Professional Standards Bureau (PSB) to conduct an appeal hearing with the employee. Another commander outside the employee's division may be chosen if a conflict exists or the PSB commander is unavailable.
Written Reprimands

3. The PSB commander will schedule this hearing with the employee within 14 calendar days after being chosen unless extenuating circumstances necessitate a reasonable extension by either party.

4. The employee may be accompanied by a uninvolved representative and either party may audio record the hearing after giving prior notice of such intention.

5. The PSB or other commander should be thoroughly knowledgeable about the circumstances of the misconduct and be mindful that the burden of proof (preponderance standard) rests with the department.

6. The PSB or other commander shall allow arguments and evidence to be presented by the employee to an extent that is reasonable based upon the complexity of circumstances.

7. The PSB, or other commander will objectively consider the employee's arguments and / or mitigation and make a binding and final decision.

343.5 APPEAL PROCESS - OUTCOME

1. The PSB or other commander will render and distribute his or her written decision within 14 calendar days of the hearing.

2. The written decision will be given only to the employee and a copy will be attached to the written reprimand.

3. If the WR is reversed, then no record of discipline will be retained by the department.

4. If the WR is reversed, but another option, such as a Memorandum of Discussion (MOD), is deemed warranted by the hearing commander, then the procedures and retention schedule for that option will be followed.

5. If the WR is upheld, the reprimand and hearing decision will be forwarded to the Professional Standards Bureau for retention according to section 341.6 and the matter will be considered closed.

6. The hearing commander's decision is final, and no other appeal rights or procedures are afforded or implied in this policy.

7. The hearing commander has no authority to elevate the discipline beyond a WR.

8. Discipline reduced to a WR as a result of a ruling in arbitration, does not afford any employee with further due process or appeal under this policy.

343.6 DISCIPLINE RECORDS RETENTION

The circumstances of the minor misconduct will be entered into Blue Team under the Minor Misconduct incident type and any supporting documentation and/or evidence should be electronically uploaded. A tracking number (ex: MM#2020-00XX) will be issued by the Professional Standards Bureau. The supervisor preparing the WR, shall ensure the Minor Misconduct tracking number is typed onto the WR. Once issued, the original WR, along with all original supporting documentation and/or evidence will be forwarded as a packet to the Professional Standards Bureau.
Written Reprimands

The Professional Standards Bureau will serve as the custodian of that record in compliance with the County Records Retention Schedule. The Retention Schedule is reviewed by the Board of Supervisors each year for compliance with California law and best practices. Regardless of the retention period required, the department will only consider records of written reprimands for a period of two years for purposes of promotion, transfer, or placement in a specialized assignment. The two years will commence from the date of issuance.
Computer Software and Hardware

345.1 POLICY
It is the policy of the Riverside County Sheriff's Department that the secure storage and accounting of all software and hardware systems is the on-going responsibility of all department members using such systems.

345.2 COMMANDER RESPONSIBILITIES
The Technical Services Bureau (TSB) is responsible for keeping a record of all computer software installed on each department computer or computer system. The information shall include the program name, software manufacturer, the software license number or "key", vendor name, invoice number and date of purchase. Station commanders, or their designee, shall provide assistance as needed to the TSB to complete this task.

345.2.1 ANNUAL INVENTORY
Each Station, Bureau or Facility Commander is responsible for an annual inventory of all computer hardware and software components, portable radios, grant equipment, Inmate Welfare property and fixed assets within their respective commands. The inventory shall include fixed asset numbers, department property tag numbers, serial numbers, and the item's location within the building.

345.3 SOFTWARE RESTRICTIONS
A department member shall not install personally owned or licensed software onto a departmental computer, or computer system without the express permission of the TSB. All purchases of software for use within, for communication with, or for installation upon a department computer, system, or database, shall first be approved and documented by the TSB.

345.3.1 OWNERSHIP
Computer software programs developed for the department by any employee of the Sheriff's Department at the direction of, or to benefit the department, are the property of the Sheriff.

Computer files, records, archives and data, which have been written, created or compiled by any employee at the direction of, or to benefit the department, and/or within the scope of employment or assignment, are the property of the Sheriff.

345.3.2 DISCLOSURE
No department member shall refuse to furnish copies of, or relinquish department computer files, records, archives or data stored on any computer storage device to any superior upon being requested to do so. Only when such files are of such a confidential nature that the employee reasonably believes that disclosure would be in violation of a previous order not to disclose, shall they refuse to do so. The employee must report the refusal to disclose the requested information to the supervisor who made the previous non-disclosure order.
Computer Software and Hardware
Information Technology Use

346.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

346.2 POLICY
It is the policy of the Riverside County Sheriff's Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the department in a professional manner and in accordance with this policy.

346.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any internet site that is accessed, transmitted, received, or reviewed on any department computer system.

The department reserves the right to access, audit, and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received, or reviewed over any technology that is issued or maintained by the department, including the department email system, computer network, and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices, or networks.

The department shall not require a member to disclose a personal username or password for accessing personal social media or to open a personal social website; however, the department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

346.4 RESTRICTED USE
Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Watch Commanders.

Members shall not use another person’s access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

346.4.1 SOFTWARE
Members shall not copy or duplicate any copyrighted or licensed software except for a single copy for backup purposes in accordance with the software company’s copyright and license agreement.
Information Technology Use

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Sheriff or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or County-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

346.4.2 HARDWARE
Access to technology resources provided by or through the department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

346.4.3 INTERNET USE
Internet access provided by or through the department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include but are not limited to adult forums, pornography, gambling, chat rooms, shopping and similar or related internet sites. Certain exceptions may be permitted with the approval of a supervisor as a function of a department member’s assignment.

346.4.4 OFF-DUTY USE
Members shall only use technology resources provided by the department while on-duty or in conjunction with specific on-call assignments unless authorized by a supervisor to do otherwise. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.
346.5 PROTECTION OF AGENCY SYSTEMS AND FILES
All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

346.6 INSPECTION OR REVIEW
A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the department involving one of its members or a member’s duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

346.7 PROTECTION OF AGENCY SYSTEMS AND FILES
All employees have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the system.

It is expressly prohibited for an employee to allow an unauthorized user to access the system at any time or for any reason.

All department members shall practice diligence with regard to preventing hacking and malware attacks on any and all department systems. If the sender of an email or other electronic message is unknown, or cannot be verified as safe, do not open it or any attachments. Notify a system administrator as soon as possible.
346.8  PASSWORDS MANAGEMENT
Passwords must be strong and well guarded. New accounts will be set up in accordance with this policy and any applicable department requirements. Users are responsible for choosing passwords that are highly secure. Users shall never divulge their passwords to others.
Report Preparation

347.1 PURPOSE AND SCOPE
Report preparation is a major part of each deputy's job. The purpose of reports is to document sufficient information to refresh the deputy’s memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

347.1.1 REPORT PREPARATION
Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee’s opinions should not be included in reports unless specifically identified as such.

347.2 REQUIRED REPORTING
Written reports are required in all of the following situations on the appropriate department approved forms.

347.2.0 MANDATORY REPORTING OF JUVENILE GUNSHOT INJURIES
A report shall be taken when any incident in which a child 18 years or younger suffered an unintentional or self-inflicted gunshot wound. The department shall notify the California Department of Public Health (CDPH) of the incident as required by CDPH (Penal Code § 23685).

347.2.1 DOCUMENTING CRIMINAL AND NON-CRIMINAL ACTIVITY
When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution. When willing, reporting parties reporting a crime or other incident that occurred in an unincorporated area may be referred to the online reporting system when no suspect or follow-up information is available.
Activity that shall be documented in a written report includes:

1. All arrests (except warrant arrests without new charges)
   (a) Department members should consider if a report of a warrant arrest would assist the District Attorney's office in their prosecution of the warrant offense.

2. All felonies

3. Misdemeanors involving threats, stalking, theft, vandalism, or arson

4. All misdemeanor crimes where the victim desires a report.

5. Incidents or investigations of the following:
   (a) Use of Force
   (b) Domestic Violence (except disturbance-only incidents with no history of domestic violence (reported or unreported), and no indication of imminent abuse) See DSM 320.6.6.
   (c) Child Abuse
   (d) Adult Abuse
   (e) Hate Crimes
   (f) Sex Crimes (including 314 PC and annoyance)
   (g) All runaway juveniles and missing persons
   (h) Found property with follow-up information

Misdemeanor crimes not listed above, where the victim does not desire a report may be documented using a department-approved alternative documentation method (e.g., dispatch log or MDC added-text entry).

The NORA System shall not be used pending the receipt of additional information (e.g., property lists, serial numbers, suspect information, video, etc.) from a reporting party. The use of the “No Report System” does not reduce the deputy’s responsibility to conduct a complete and thorough investigation. Rather, it allows the deputy to use discretion and judgment as to whether a report is or is not necessary.

Department members who are charged with writing reports, shall refer to the Report Writing Manual for other protocols as linked in 344.1.

347.2.1 ALTERNATE REPORTING FOR VICTIMS
Reports that may be submitted by the public in unincorporated areas via online reporting processes include:

   (a) Lost property.
   (b) Misdemeanor thefts of property, other than firearms or materials that threaten public safety, when there is no suspect information, serial number or ability to trace the item.
Report Preparation

(a) Misdemeanor thefts of cellular telephones may be reported by alternate method even though they have a serial number.

(c) Misdemeanor vandalism with no suspect information and no hate crime implications.

(d) Vehicle burglaries with no suspect information or evidence.

(e) Stolen vehicle attempts with no suspect information or evidence.

(f) Annoying telephone calls with no suspect information or threats.

(g) Identity theft without suspect information.

(h) Online, email, or telephone fraud schemes without suspect information, and only if classified as a misdemeanor.

(i) Hit-and-run vehicle collisions with no suspect or suspect vehicle information.

(j) Supplemental property lists.

Members may refer victims to online victim assistance programs (e.g., Internet Crime Complaint Center (IC3) website for computer crimes), however, such referrals do not replace a report as required by this policy.

The Telephone Reporting Unit may handle certain call types according to the TRU and Dispatch policy. Once arrived at a call, Deputies should refrain from referring victims to the Telephone Reporting Unit or on-line reporting.

347.2.2 SUICIDES
Cases of obvious suicide may be investigated and completed by the deputy. If the deputy is unable to determine the manner of death, he/she shall proceed as though it is a homicide.

347.2.3 INJURY OR DAMAGE BY COUNTY PERSONNEL
Reports shall be taken if an injury occurs that is a result of an act of a County employee. Additionally, reports shall be taken involving damage to County property or County equipment.

347.3 GENERAL POLICY OF EXPEDIENTIOUS REPORTING
In general, all deputies and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

347.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.
347.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block printed as appropriate. Some forms may require typed entries.

347.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor may complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating deputy to ensure that any report returned for correction is processed in a timely manner and that the signed correction form is attached to the corrected report.

347.4.1 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Information Services Bureau may be corrected or modified by the authoring deputy only with the knowledge and authorization of the reviewing supervisor.

347.5 COMPLETION OF HELD REPORTS
Employees holding reports from their previously worked shifts shall notify their supervisor at the beginning of the shift. Supervisors shall remain aware of held reports and shall ensure the timely completion of the held reports on duty time.

Department personnel should become familiar with policy related to deadlines and held reports within the Report Writing Manual / Report Approval Procedures, page 119.
Native American Graves Protection and Repatriation

348.1 PURPOSE AND SCOPE
This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq).

Definitions related to this policy include (43 CFR 10.2):

Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes. Destruction or unjustified disturbance at such a site may be a misdemeanor (Health and Safety Code 7050.5(a)).
348.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.4).

Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.6).
Media Relations

350.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities as well as the reporting requirements to the Media Information Bureau (MIB).

350.2 RESPONSIBILITIES
The ultimate authority and responsibility for the release of information to the media shall remain with the Sheriff, however, in situations not warranting immediate notice to the Sheriff and in situations where the Sheriff has given prior approval, Chief Deputies, Watch Commanders and designated Public Information Officers may prepare and release information to the media in accordance with this policy and the applicable law.

350.2.1 MEDIA REQUEST
Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor.

Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative.

(b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

(c) Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Sheriff.

350.2.2 REPORTING MEDIA CONTACT
In order to improve department tracking of print, radio, and television broadcasts of stories related to the department, all personnel will report all contacts from the media to the MIB.

(a) All personnel will report the contact promptly and no later than four hours after receipt of a media inquiry. The report should be delivered using department e-mail to the MIB;

(b) When reporting the contact, personnel will include the following information:
   1. The name of the media representative;
   2. The return telephone number for the media representatives. Include cell phone and pager numbers if available;
   3. The name of the media agency;
   4. The anticipated date of broadcast or publication; and
5. The topic of the story.

350.3 MEDIA ACCESS
Authorized members of the media shall be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities subject to the following conditions (Penal Code § 409.5(d)):

(a) The media representative shall produce valid press credentials, or wear clothing imprinted with the words "Press" or "Media," or which has the name of their media outlet imprinted upon it. The press credentials or identifying clothing shall be prominently displayed at all times while in areas otherwise closed to the public.

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the department Public Information Officer or other designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).

(d) Media interviews with individuals who are in custody should not be permitted without the approval of the Sheriff and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Public Information Officer.

350.3.1 PROVIDING ADVANCE INFORMATION
To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.
Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Sheriff will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

### 350.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The following scope of information is releasable, via the MIB, when requested by the media:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

(b) The date, time, location, case number, name, age, and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation.

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or such release has been cleared through the Coroner Division.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the CPRA Unit, the Custodian of Records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.).

### 350.4.1 RESTRICTED INFORMATION

It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. Contact the MIB for direction regarding restricted versus releasable information.
Subpoenas and Court Appearances

352.1 PURPOSE AND SCOPE
This policy establishes the guidelines for department members who must appear in court and at other administrative hearings. It will allow the Riverside County Sheriff's Department to plan for any related work absences and keep the department informed about relevant legal matters.

352.1.1 DEFINITIONS

Call Back - When an employee has appeared in court, is either on duty or off-duty and has asked to be placed on call-back, and has been told by a member of the court that the employee is free to leave the court or return to duty, subject to being promptly available by phone if called back.

Standby - When an employee receives a subpoena of a type which allows the employee to not appear in court, but remain available by phone so that the employee may be directed to appear in court within a reasonable amount of time.

Trailing Status - When an employee remains on standby status for additional court sessions until notified otherwise.

Mandatory Appearance - All subpoenas not marked as "24 Hour Notice" require a department member's physical appearance in the specified court.

352.2 POLICY

Riverside County Sheriff's Department members will respond appropriately to all subpoenas and any other court-ordered appearances. Employees should be aware that their compliance is mandatory on all cases for which they have been properly subpoenaed or notified by legitimate authorities. This policy applies to criminal, civil, and administrative subpoenas and other types of hearings. Employees are expected to cooperate as required by the subpoena, until the case resolves. This responsibility continues after any separation of service. Failure to comply with a subpoena may be deemed a violation of department policy and contempt of court pursuant to §1331 PC.

It is the responsibility of each commander to establish and publish necessary procedures for accepting and delivering all subpoena types within their area of operation. See the Records Maintenance and Release Policy for information regarding subpoenas for records, documents, and California Public Records Act (CPRA) requests.

352.3 TYPES OF SUBPOENAS

1. CRIMINAL SUBPOENA - Most often, department members receive a subpoena to testify for the prosecution in a criminal trial or preliminary hearing. These subpoenas are usually delivered via AgencyWeb.
2. CIVIL SUBPOENA - Department members who investigate traffic collisions, for example, are often served with a subpoena to testify about their findings in a civil action between the involved parties.

3. NON-DUTY RELATED SUBPOENA - Members receiving valid subpoenas for private matters not related to their employment or appointment will not be compensated for their appearance. Authorized arrangements for time off shall be coordinated through their immediate supervisors. The department member need not disclose the nature of the subpoena unless the underlining circumstances would otherwise require notification to the department. The department uniform shall not be worn.

4. Other common types of proceedings for which department members are served with notices to appear include:
   (a) Parole Revocation Hearings
   (b) Grand Jury Inquiries
   (c) Arbitration Hearings
   (d) Driver License Revocation Hearings
   (e) Depositions
   (f) Grievances

352.3.1 JURY DUTY
A Department employee called or summoned for attendance to any court for jury duty shall be deemed to be on duty if the attendance is during the employee's normal working hours. Duty schedules may be modified to allow the employee to attend jury duty on duty time.

352.4 SUBPOENAS RECEIVED VIA AGENCYWEB
District Attorney, traffic court, and DMV Admin per Se hearing subpoenas will be sent to department members via AgencyWeb.

Employees will be notified of a subpoena by receiving an email in their department email account. The email will advise them of the court date/time, location, and case information. Subpoenas shall be acknowledged on the department member's AgencyWeb home page.

Department members are directed to check their email account at least once during their shift for subpoena notifications. Department members are also directed to check their email or AgencyWeb the evening before a scheduled court appearance for disregard notifications on their cases.

Call-Offs (Disregards) – Department members will be notified via email when subpoenas are cancelled or when cases are continued or otherwise disposed of. Department members are also required to acknowledge disregard notifications within AgencyWeb. Department members who were sent a timely notice of a cancellation, are not entitled to overtime if appearing for a cancelled subpoena.

Paper Subpoenas - Paper subpoenas can be printed from the employee's homepage within AgencyWeb when needed for court or for attachment to their Form 344.
Subpoenas and Court Appearances

352.5 WHEN PRESENTED WITH A SUBPOENA
Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so.

Service of a subpoena requiring the appearance of any department employee in connection with a matter arising out of the employee's course and scope of official duties may be accomplished by any of the following:

   1. Employees who are served (personally) with a duty-related subpoena shall promptly notify their supervisor and provide a copy of the subpoena to their Station Subpoena Clerk.

(b) The delivery of two copies of the subpoena on the employee's supervisor or other authorized departmental agent, Government Code § 68097.1 and Penal Code § 1328(c); or

(c) By courier or court liaison from the court to this department

(d) Via AgencyWeb

352.5.1 ACCEPTANCE OF SUBPOENA

(a) Only the employee named in a subpoena, a supervisor or the Station Subpoena Clerk shall be authorized to accept service of a subpoena. Penal Code § 1328(c). Any authorized employee accepting a subpoena shall immediately provide a copy of the subpoena to the Station Subpoena Clerk. The Subpoena Clerk shall provide timely notification of the subpoena to each involved employee by the procedures in place at their station or bureau.

(b) Any supervisor or other authorized individual accepting a subpoena on behalf of another employee shall immediately:
   1. Verify that the person to whom the subpoena is directed is a Sheriff's employee.
   2. Check available schedules to determine the availability of the named employee to accomplish timely service of the subpoena at least 5 working days prior to the appearance date. If less than five days are provided, but it is known that service is achievable, the subpoena may be accepted. Even if less than five days notice is given, the subpoena should not be automatically refused. A spirit of reasonable cooperation shall be practiced.

(c) The party that issues a civil subpoena to a deputy to testify as a witness must tender the established statutory fee with the subpoena for each day that an appearance is required before service of the subpoena is accepted (Government Code § 68097.2).

(d) Once a subpoena has been received by a supervisor or other authorized individual, a copy of the subpoena shall be promptly provided to the Subpoena Clerk.
Subpoenas and Court Appearances

352.5.2 REFUSAL OF SUBPOENA

(a) Regular scheduled days off, training or vacation are not valid reasons for refusing the subpoena or missing court. Employees who have been properly served shall contact the District Attorney or other authority issuing the subpoena for a release from the subpoena or alternate appearance date.

(b) If the immediate supervisor or Subpoena Clerk knows that delivery will be unsuccessful to the named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or Subpoena Clerk may refuse to accept service. (Penal Code § 1328(d)).

(c) If a subpoena is presented for service to an immediate supervisor or the Subpoena Clerk less than five (5) working days prior to the date listed for an appearance, and that individual is not reasonably certain her or she can serve the subpoena, the supervisor or Subpoena Clerk may refuse to accept service (Penal Code § 1328(e)).

(d) If, after initially accepting service of a subpoena, a supervisor or the Subpoena Clerk determines that they will be unable to deliver a copy of the subpoena to the individually named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or Subpoena Clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance. (Penal Code § 1328(f)).

352.6 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the County Counsel or the prosecutor shall notify his/her immediate supervisor without delay regarding:

(a) Any civil case where the County or one of its members, as a result of his/her official capacity, is a party.

(b) Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.

(c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.

(d) Any civil action stemming from the member’s on-duty activity or because of his/her association with the Riverside County Sheriff’s Department.

(e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Riverside County Sheriff’s Department.

The supervisor will then notify the Sheriff and the appropriate prosecuting attorney as may be indicated by the case. The Sheriff should determine if additional legal support is necessary. No member shall be retaliated against for testifying in any matter.
**Subpoenas and Court Appearances**

**352.7 PAYROLL DOCUMENTATION**
When claiming overtime for a qualifying appearance, and the subpoena was served via AgencyWeb, supporting documentation is not required with the submission of the employees’ timesheet. However, if the subpoena was not served via AgencyWeb, a copy of the served subpoena or other authorizing documentation shall be attached to the employee’s timesheet.

Compensation rates, types and restrictions will be determined in accordance with each employee’s current union MOU or Terms and Conditions of Employment with the County of Riverside.

**352.7.1 SUBPOENA APPEARANCE OVERTIME**
If outside normally scheduled work hours, court overtime begins at the time indicated on the subpoena issued by the issuing agency. A regular shift shall not be changed or moved, unless with employee agreement or the required notice period, for the purpose of avoiding the payment of overtime compensation, nor shall any shift times or work days be changed to create overtime in conjunction with a subpoena. Employees attending court on a single day who are concurrently subject to more than one subpoena (to include different courtrooms or locations) shall only be entitled to court call back compensation for the minimum amount of overtime pay as shown in their respective MOU or Terms and Conditions of Employment plus any additional time spent in court beyond the minimum.

Should an employee start a regular or overtime shift prior to the completion of any court or hearing appearance, they are no longer considered “off-duty” and shall only receive overtime compensation from the start of court through the start time of the shift.

**352.7.2 TRAVEL TIME AND VEHICLES**
Under normal circumstances, travel time is not compensable. However, the time spent traveling to or from court for a subpoena hearing may be compensated under the following conditions:

(a) Hearings which occur outside of Riverside County

(b) Hearings which require an employee working in one end of the county to travel to the other end

(c) Hearings which occur during normal duty hours but the court/hearing assignment extends to, or beyond their scheduled end of duty time. Under these circumstances, the employee may be compensated for the time spent returning directly from the court/hearing location to their duty station.

(d) Generally, when employees appear on their regular day off or one that begins outside of the employee’s normal duty hours, they should not respond to their duty station to retrieve a department owned vehicle. Employees should report to subpoena proceedings in their personally owned vehicle (or other personal means), as if they were commuting to their regular work assignment. Employees shall obtain prior approval from their supervisor to utilize a department vehicle for travel to court during regularly scheduled off-duty time. Approval to use a department vehicle is not
guaranteed since the normal operational needs of each station, bureau or facility are the priority.

352.7.3 LUNCH
Employees attending court in an overtime status who are required to return in the afternoon and who are free to leave during the normal court lunch recess, shall indicate in their overtime request how much time was allowed for lunch, as it is not compensable. If an employee is required to meet with an attorney or otherwise conduct case related work during this lunch recess, then the overtime request can indicate a lessor time amount (to include 0 hours) for a lunch break provided the reason is documented in the justification section of the request.

352.7.4 TELEPHONE HEARINGS
Employees that are required to testify via telephone for DMV or other hearings shall only be paid for the actual time spent on the phone, or the minimum time period reflected in their current MOU or Terms and Conditions of Employment, whichever is greater.

352.7.5 SPECIALTY PAY
For the purposes of payment only the base pay is eligible, except for K-9 pay. No other specialty pay is appropriate (e.g. Motor pay, FTO pay, Hazardous Device pay). K-9 pay will be paid for only the actual time spent at the subpoena appearance.

352.8 SUBPOENA LINE
Generally, employees will utilize an online option to verify court appearances. In the event access to the internet is unavailable, employees may contact the Information Services Bureau (ISB) to confirm subpoena cancellation.

The ISB number is (951) 955-2445 and is staffed 24 hours per day. A secondary back-up line of (951) 955-2430 may also be used if the primary ISB number is busy. This line is not for general questions about a subpoena or case status.

352.9 PREPARATION FOR TESTIMONY
Before the date of testifying, the subpoenaed department member shall gather and study relevant reports and become familiar with their content in order to be prepared for court. The department member shall have communicated with the requesting party and be in possession of any requested evidence or documents required in conjunction with their appearance.
Incident Notifications

361.1 PURPOSE AND SCOPE
A primary goal of the department is to offer a transparent view of our operations and of occurrences within the county. A supervisor making department administration aware of such incidents is often the first step in achieving this goal. Since the department responds to so many unique and unexpected events and occurrences, some clarification is needed about what should be reported to Sheriff's Administration. This policy provides guidance for determining when, how and to whom notification should be made and is intended to work in conjunction with a supervisor's judgment and experience.

361.2 INCIDENTS REQUIRING NOTIFICATION
Serious crimes, disasters, or prolonged incidents are of interest to the Sheriff and the affected Chief Deputy for a variety of reasons. The following list of incident types requiring notification by a supervisor, is provided as a guide but may not include other occurrences about which formal notification should be considered.

- Homicides;
- Officer involved shooting, on- or off-duty
- Any on- or off-duty discharge of a firearm regardless of injury;
- Hate crimes;
- Significant incident on a school campus or related to campus safety;
- Terrorist incidents and specific or credible threats of terrorism;
- Detention, arrest, or booking of elected officials, government officials, dignitaries, notables, law enforcement agency personnel, or Riverside County Sheriff’s Department personnel;
- Death or serious injuries to suspects in, or being taken into our custody;
- Pursuits that result in injury, major damage, or significant media exposure;
- Press inquiries into noteworthy incidents, or media presence at a scene;
- Any event likely to prompt media inquiries;
- Inmate hunger strike
- Significant inmate disturbance or riot
- Inmate escape or attempted escape
- Major or prolonged power failure within a jail
- Emergency movement, relocation, or evacuation of large numbers of inmates
- Serious jail health crisis, e.g. wide-spread food poisoning, disease outbreak
Incident Notifications

- Local disasters, 11-99 responses, or the providing of significant mutual aid;
- Investigations involving criminal conduct by RSD employees;
- Traffic collision with major damage to county property;
- Traffic collision with any injury to county employee;
- Aircraft crash with major damage, injury, or death;
- Significant injury, hospitalization, or death of employee - on or off-duty;
- Death of a Riverside County official or other notable person;
- SEB, HDT, or CHU activations;
- Search and rescue (SAR) operations involving RSD SAR - in or out of Riverside County;
- High-profile/risk search warrants;
- Warrant sweeps;
- Multi-Agency operations or large scale enforcement activity;
- Evacuations of any type;
- Missing children with unusual circumstances, Amber Alerts, Blue Alerts, Silver Alerts
- Labor disputes, planned or unplanned
- Massive demonstrations and/or rioting

361.3 NOTICE OF INCIDENT (NOI)
Following a supervisor’s initial handling of a major incident, a Notice of Incident (NOI) should be sent via email to the station or bureau lieutenant(s) and commander. All of the incidents listed above will generally require an NOI; however, a supervisor’s presence and leadership at a critical incident or evolving crime scene shall take precedence over the distribution of the NOI. As soon as circumstances are stabilized, sufficient resources have arrived, and the supervisor has gathered and confirmed the basic facts, the NOI should be written and sent to recipients designated by the commander.

A summary is all that is required. Supervisor’s should refrain from offering opinions or predictions, and adhere to all protocols regarding victim and suspect identities. An NOI is confidential, and shall not be distributed to the media, distributed to citizens, or posted to any on-line format or forum.

Additional, or update, notifications may be needed as an incident develops, but these may be brief narrative summaries sent within the same email string to all original recipients.

See attachment: NOI TEMPLATE.pdf
Incident Notifications

361.3.1 NOTICE OF INCIDENT (NOI) - EMPLOYEE INJURY OR SERIOUS ILLNESS
A supervisor may use a shorter format to make notification of on-, or off-duty employee injuries or serious illness. A supervisor's core functions immediately following a significant employee injury should not be interrupted to complete such notifications.

See attachment: NOI TEMPLATE EMPLOYEE.pdf

361.4 ROUTINE NOTIFICATIONS
Since not all incidents require an NOI, or necessitate notification to a chief deputy, shift supervisors may call, email, or text brief summaries of otherwise notable incidents to their supervisor without using the NOI format.

361.5 OTHER NOTIFICATIONS
The arrest of a peace officer should prompt a notification to the station or bureau lieutenant and an NOI. There is no mandate to notify the employing agency of such arrests, therefore our agency response will depend upon direction from the Professional Standards Bureau. The arrest of a school employee may necessitate notification to their employer under specific circumstances. See the Mandatory Employer Notification Policy. All questions regarding employer notifications of arrest should be directed to the on-call PSB sergeant.

361.6 SUPERVISOR RESPONSIBILITY
The Watch Commander is responsible for writing and sending the appropriate notifications. The Watch Commander shall make reasonable attempts to obtain as much information about the incident as possible before any notification and be prepared to provide pertinent information to assist their supervisor. The Watch Commander shall attempt to make the notifications as soon as practicable, but not before scenes are stabilized. Notification should be made by calling the phone number provided by their supervisor. If no answer is received, the supervisor shall send a very brief summary of the incident to their supervisor by email or text message.

361.6.1 INVESTIGATOR NOTIFICATION
If the incident requires that an investigator respond from home, the immediate supervisor of the Investigations Bureau shall be contacted who will then contact and dispatch investigator(s). The Investigations Bureau Sergeant will notify the Investigations Bureau Lieutenant.

361.6.2 TRAFFIC BUREAU NOTIFICATION
In the event of a traffic fatality or major-injury collision, the Traffic Sergeant shall be notified who will then contact the appropriate accident investigator. The Traffic Sergeant will notify the Traffic Lieutenant.

361.6.3 MEDIA INFORMATION BUREAU (MIB) NOTIFICATION
The Public Information Officer shall be notified by telephone, as soon as practical regarding NOI-related occurrences or whenever the media is present at, or inquiring about, an incident. Other
Incident Notifications

routine or "information only" notifications related to other on-going or planned occurrences that will inform the MIB about department operations should be made by email to MIB@riversidesheriff.org.

361.6.4 SHERIFF'S ADMINISTRATIVE LOG
A summary of these critical incidents shall also be included in the daily Sheriff's Administrative Log (SAL). The SAL is a brief compilation of a station or bureau's notable activity over the preceding 24-hour period. The log shall be distributed via the relevant SAL email group by 0500 hours each day and include data regarding the number of calls handled in the city and county, a very brief summary of notable incidents, and the sender's contact information.

See attachment: SAL.pdf
Anti-Reproductive Rights Crimes Reporting

368.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

368.2 DEFINITIONS
Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

(a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant;

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant;

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility.

368.3 REPORTING REQUIREMENTS

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms. See attachment: BCIA 8371_ARRC.pdf

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Information Services Bureau.

(c) By the 10th of each month, it shall be the responsibility of the Information Services Bureau Records Manager to insure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC's were reported during the previous month, a Summary Worksheet shall be submitted to DOJ with an indication that no such crimes were reported.
2. Any ARRC’s reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

370.1 PURPOSE AND SCOPE
Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this department to take reasonable steps to insure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 U.S.C. 2000d)

370.1.1 DEFINITIONS
Limited English Proficient (LEP) - Those individuals whose primary language is not English. If these individuals have a limited ability to read, write, speak, or understand English, they are limited English proficient.

370.2 FOUR FACTOR ANALYSIS
Since there are potentially hundreds of languages deputies could encounter, this department will analyze four factors in determining those measures which will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law enforcement contacts and circumstances will vary considerably, therefore this analysis must remain flexible and requires an ongoing balance of the following four factors:

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by deputies or who may benefit from programs or services within the department's jurisdiction or a particular geographic area;

(b) The frequency with which LEP individuals are likely to come in contact with deputies, programs or services;

(c) The nature and importance of the contact, program, information or service provided;

(d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the department or deputies.

370.3 TYPES OF LEP ASSISTANCE AVAILABLE
Depending on the balance of the above four factors, this department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. LEP individuals may elect to accept interpreter services offered by the department at no cost or choose to provide their own interpreter services at their own expense. Deputies should document in any related report whether the LEP individual elected to use interpreter services provided by the department or some other source. Department provided interpreter services may include, but are not limited to:
Limited English Proficiency Services

370.3.1 BILINGUAL STAFF
Individual deputies and employees need not be certified as interpreters, but need only have a competent understanding of the language involved to accomplish the particular task or to convey a message. When bilingual employees of this department are not available, employees from other departments within the area may be requested by a supervisor depending on the circumstances.

370.3.2 WRITTEN FORMS AND GUIDELINES
This department will endeavor to provide frequently used and critical forms and guidelines in languages most commonly represented within the community or a particular area. When appropriate, these forms will be conspicuously posted at the front counter and otherwise available upon request. For example, the Department's Personnel Complaint form and information about various department programs and services should be made readily available to LEP individuals.

370.3.3 TELEPHONE INTERPRETER SERVICES
The Watch Commander and Dispatch Supervisor will maintain a list of qualified interpreter services which may be contacted to assist LEP individuals upon approval of a supervisor.

370.4 LEP CONTACT SITUATIONS AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize language services so that they may be targeted where most needed because of the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is otherwise required to complete a report or other documentation and translation services are provided to any involved LEP individual(s), such services should be noted in the related report.

370.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
In order to provide LEP individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department has designated its 911 lines as its top priority for language services. Department personnel will make every reasonable effort to promptly accommodate such LEP individuals utilizing 911 lines through all available resources.

While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate LEP individuals seeking more routine access to services and information from this department.

370.4.2 ARREST AND BOOKING PROCESSES
In an effort to ensure the rights of LEP individuals are protected during arrest and custodial interrogation, this department places a high priority on providing competent translation during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such,
Limited English Proficiency Services

department personnel providing translation services or forms in these situations will make every reasonable effort to accurately translate all communications with LEP individuals.

Employees providing translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for this department to make every reasonable effort to provide effective language services in these situations.

370.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS
Field enforcement will generally include such contacts as traffic stops, pedestrian contacts, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary, therefore the department recognizes that it would be virtually impossible to provide immediate access to complete translation services to every deputy in the field. Each deputy and/or supervisor must, however, assess each such situation to determine the need and availability for translation services to any and all involved LEP individuals.

Although not every situation can be addressed within this policy, it is important that a deputy is able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. It would also, for example, be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

While family and friends of an LEP individual may frequently offer to assist with interpretation, deputies should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect/witness).

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

370.4.4 COMPLAINTS
The department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to a supervisor. Investigations into such complaints shall be handled in accordance with department policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department. Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language accessible manner.
Limited English Proficiency Services

370.5 TRAINING
In an effort to ensure that all employees in public contact positions (or having contact with those in custody) are properly trained, this department will provide periodic training in the following areas:

(a) Employee awareness of LEP policies, procedures, forms and available resources;
(b) Employees having contact with the public (or those in our custody) are trained to work effectively with in-person and telephone interpreters;
(c) Training for management staff so they can reinforce its importance and ensure its implementation by staff.
Communications with Persons with Disabilities

372.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

372.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

372.2 POLICY
It is the policy of the Riverside County Sheriff's Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects, arrestees, and inmates have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

372.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by and directly responsible to the Support Services Chief or authorized designee.

The responsibilities of the ADA Coordinator shall include, but are not limited to:

(a) Working with the County ADA coordinator regarding the Department's efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Ensuring that a list of qualified interpreter services is maintained and available to each watch commander and dispatch supervisor. The list should include information regarding the following:

1. Contact information
2. Availability

(d) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(e) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(f) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to departmental services, programs and activities.

372.4 FACTORS TO CONSIDER
Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this Department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean they completely understand the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

372.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems. Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities. In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual’s choice of auxiliary aid or service. The individual’s preferred communication
Communications with Persons with Disabilities

method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, if a person who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

372.6 TYPES OF ASSISTANCE AVAILABLE
Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept Department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

The Department maintains the following service contracts with the following language translation services:

(a) Rise Interpreting (services include sign language)
(b) Interpreters Unlimited (services include written languages)
(c) Dayle McIntosh Center (services include VRI)

372.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members...
Communications with Persons with Disabilities

may read aloud from the appropriate form (e.g., a personnel complaint form) or provide forms with enlarged print.

372.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use Department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide their own interpreter (28 CFR 35.160).

On-scene interpretation needs can be coordinated through Dispatch. For other situations, employees can directly contact the companies in 371.6 from a list maintained at each station / bureau (the list contains station-specific identification numbers).

372.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing, or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.
Communications with Persons with Disabilities

372.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, Department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

372.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

372.12 REPORTING
Whenever any member of this Department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source.

If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

372.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.
Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this Department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

372.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

372.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. Miranda warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written Miranda warning card.
Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

372.15 ARREST, BOOKINGS, AND HOUSING
If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use Department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates they prefer a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

Corrections personnel shall review the special needs log at the beginning of each shift to identify inmates with special needs. If communication with a deaf or hard of hearing inmate is required, the classification notes shall be consulted to determine their preferred method of communication.

372.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this Department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the Department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

372.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this Department are important to the ultimate success of more traditional law enforcement duties. This Department will continue to work with community groups, local businesses, and neighborhoods to provide equal access to such programs and services.
372.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(a) Awareness and understanding of this policy and related procedures, related forms and available resources.

(b) Procedures for accessing qualified interpreters and other available resources.

(c) Working with in-person and telephone interpreters and related equipment.

Station/bureau commanders or their designee shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Ben Clark Training Center shall maintain records of all training provided in accordance with established records retention schedules.

372.18.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

(b) ASL syntax and accepted abbreviations.

(c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.

(d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.
Mandatory Employer Notification

374.1 PURPOSE AND SCOPE
The purpose of this policy is to describe the requirements and procedures to follow when a public or private school employee (teacher and non-teacher), care facility employee, or sworn peace officer has been arrested under certain circumstances. When an employee of a public or private educational institute is arrested for specified sex and narcotic offenses, California Penal, Health and Safety, and Education Codes require mandatory notifications to specified entities, provided that the department knows the arrestee is a school employee.

374.2 NOTIFICATION PROCEDURE
Whenever a sworn member of the department has arrested a school, or care facility employee as defined below, the deputy shall notify their supervisor as soon as practical of the arrest and charge. The supervisor shall evaluate the circumstances and determine if notification to the arrestee's employer is required by law, and if so, due diligence should be put forth in attempting to notify the employer as soon as practical.

The supervisor shall only notify the employer about the arrest and applicable charge requiring notification. Details about statements made, specific acts alleged, or other extraordinary information shall not be divulged or discussed.

See section 373.3 for arrests of law enforcement agency personnel.

374.3 ARRESTS OF LAW ENFORCEMENT AGENCY PERSONNEL
The arrest or detention of sworn peace officers should be conveyed to an RSD supervisor via the guidelines in DSM #358, but all employer notifications to the arrestee's agency, if any, will be made by the Professional Standards Bureau. Employer notifications regarding the arrest of non-sworn employees shall not be made.

374.4 ARREST OF PERSONS EMPLOYED IN COMMUNITY CARE FACILITY
In the event an employee of a community treatment facility, a day treatment facility, a group home, a short-term residential therapeutic program or a foster family agency is arrested for child abuse (as defined in Penal Code § 11165.6) and the employee is free to return to work where children are present, the investigating member shall notify the licensee of the charge of abuse (Health and Safety Code § 1522.2).

374.5 MANDATORY SCHOOL EMPLOYEE ARREST REPORTING
In the event a school employee is arrested for any offense enumerated below, the Sheriff or his/her designee is required to report the arrest as follows.
Mandatory Employer Notification

374.5.1 ARREST OF PUBLIC SCHOOL TEACHER
In the event a public school teacher is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290, Penal Code § 261(a), or Education Code § 44010, the Sheriff or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the teacher and to immediately give written notice of the arrest to the Commission on Teacher Credentialing and to the superintendent of schools in the county where the person is employed (Health and Safety Code § 11591; Penal Code § 291).

374.5.2 ARREST OF PUBLIC SCHOOL NON-TEACHER EMPLOYEE
In the event a public school non-teacher employee is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290, Penal Code § 261(a), or Education Code § 44010, the Sheriff or his/her designee is mandated to immediately notify by telephone the superintendent of the school district employing the non-teacher and to immediately give written notice of the arrest to the governing board of the school district employing the person (Health and Safety Code § 11591; Penal Code § 291).

374.5.3 ARREST OF PRIVATE SCHOOL TEACHER
In the event a private school teacher is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290 or Education Code § 44010, the Sheriff or his/her designee is mandated to immediately notify by telephone the private school authority employing the teacher and to immediately give written notice of the arrest to the private school authority employing the teacher (Health and Safety Code § 11591; Penal Code § 291.1).

374.5.4 ARREST OF COMMUNITY COLLEGE INSTRUCTOR
In the event a teacher or instructor employed in a community college district school is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591.5 or Health and Safety § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(9), or for any of the offenses enumerated in Penal Code § 290 or in Penal Code § 261(a)(1), the Sheriff or the authorized designee is mandated to immediately notify by telephone the superintendent of the community college district employing the person, and shall immediately give written notice of the arrest to the California Community Colleges Chancellor’s Office (Health and Safety Code § 11591.5; Penal Code § 291.5).
Biological Samples

376.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

376.2 POLICY
The Riverside County Sheriff's Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state.

Those who must submit a biological sample include (Penal Code § 296):

(a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
(b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.
(c) An adult arrested or charged with any felony.

376.2.1 ARRESTEES
Immediately following arrest, or during the booking process, or as soon as administratively practicable after arrest (but in any case prior to physical release from custody), any adult arrested or charged with any of the following felony offenses are required to provide DNA samples. (Penal Code § 296.1(a)(1)(A):

(a) Any felony offense or attempt to commit any felony offense specified in Penal Code § 290 or felony offense which requires registration under 290. (Penal Code § 296(a)(2)(A)). Murder, voluntary manslaughter or the attempt to commit either offense. (Penal Code § 296(a)(2)(B)). Samples collected under this provision will be collected by the Corrections Division after booking.

376.2.2 SEX AND ARSON REGISTRANTS
Any adult or juvenile who is required to register as a sex offender under Penal Code § 290 or arsonist under Penal Code § 457.1, including those whose registration resulted from a qualifying misdemeanor crime is required to submit a DNA sample. (Penal Code § 296(a)(3)).

At the time that any such registrant registers, updates registration, or is notified by DOJ or other law enforcement officer, an appointment shall be made designating the time and place for the collection of DNA samples if no such sample has already been provided. (Penal Code § 296.2(c)). Samples collected under this provision will generally be collected at the offender's station of registration.
A) FIELD OPERATIONS

(a) When a 290 PC registrant appears for their registration appointment, a CII inquiry needs to be completed to see if the registrant is on file with DOJ for CAL-DNA and palm prints.

1. Query the individual's CII record. Check the record to verify it is for the correct individual and that the specified criminal conviction is listed on the record.

2. Check to verify whether or not DOJ has received a CAL-DNA sample and that the registration crime is listed in Penal Code Section 296. The CII record will reflect one of the following entries if DOJ has received CAL-DNA:

   (a) **DNA SAMPLES RECEIVED** notice will appear as: DNA SAMPLES HAVE BEEN COLLECTED AND RECEIVED BY THE DNA LABORATORY PURSUANT TO 296 PC.

   (b) **DNA SAMPLES TYPED** notice will appear as: DNA TYPING HAS BEEN COMPLETED ON A BLOOD SAMPLE SUBMITTED UNDER 296 PC AND THE DATA IS STORED IN THE (BFS) FELON DATA BASE.

   (c) **NEW DNA SAMPLE IS NEEDED** notice will appear as: REQUEST THAT A NEW SAMPLE OF BLOOD AND SALIVA BE COLLECTED UNDER 296 PC AND SUBMITTED TO THE DNA LABORATORY.

3. Check to verify whether DOJ has received palm print card impressions. The palm print impression flag is separate from the CAL-DNA flag. Do not assume the palm cards have been obtained just because the CAL-DNA flag appears on the CII.

   (a) The palm print flag appears in the criminal history record as: PALM PRINT ON FILE AT DOJ.

4. If the CII record does not have a flag indicated above that a CAL-DNA sample or palm print has been obtained, you must collect these specimens in accordance with state law and Department procedures.

376.2.3 INMATES WITHIN RIVERSIDE COUNTY FACILITY
Corrections personnel will obtain DNA samples as outlined in CORRECTIONS DIVISION POLICY MANUAL 504.06 - DNA SAMPLES.

376.3 SAMPLE TYPES
Those who must submit a biological sample must submit at least one of the following types:

376.3.1 BLOOD SAMPLES
The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. Blood samples obtained for submission to the DOJ DNA lab shall be placed in DOJ blood vials. (Penal Code § 298(a) and (b)(2)). A right thumbprint shall be placed on the sample vial along with other required identifying information.
376.3.2 BUCCAL SWABS
Buccal swab samples (taken from the inside of the mouth) may only be procured by employees who have received training in the collection of buccal swabs and with the use of DOJ buccal swab collectors in accordance with product instructions (Penal Code § 298(a) and (b)(3)). A right thumbprint shall be placed on the collector along with other required identifying information. The subject should be positively identified by livescan.

(Note: If an individual violently resists or presents other officer safety issues, employees may omit buccal swab samples upon approval of a supervisor. (See 375.3.4)

376.3.3 FULL PALM PRINTS
Full palm print impressions shall be obtained on DOJ prescribed forms along with all DNA samples. (Penal Code § 298(b)(4)).

376.3.4 USE OF FORCE TO OBTAIN SAMPLES
Riverside County employees outside the Corrections Division shall not use force to collect a DNA sample.

(a) Any person who refuses to give the required samples is guilty of a misdemeanor (Penal Code Section 298.1) therefore, following a refusal, a criminal case shall be forwarded to the District Attorney’s office for prosecution.

376.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

376.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.

(b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.

(c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.

376.4.2 FOLLOW UP NOTICE TO DOJ
Within two (2) years of submitting any DNA specimen, sample or impression to DOJ, this Department shall notify DOJ whether the individual remains a suspect in a criminal investigation. (Penal Code § 297(b)(2)). It shall be the responsibility of DOJ to thereafter purge samples of any individual(s) who are no longer a suspect in any criminal investigation from the DNA database.
Biological Samples

376.5 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

376.5.1 BLOOD SAMPLES
A blood sample should only be obtained under this policy when:

(a) The California DOJ requests a blood sample and the subject consents, or
(b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

376.5.2 LITIGATION
The Sheriff or authorized designee should notify the California DOJ’s DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state’s DNA Data Bank Program.
Volunteer Program

378.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn deputies and civilian personnel. Volunteers are an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the department and prompt new enthusiasm.

378.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve deputies, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

378.2 VOLUNTEER FORCES MANAGEMENT
The Volunteer Forces Unit shall be managed under the Commander of the Joint Operations Bureau. Each station or bureau shall designate a Volunteer Coordinator assigned to oversee routine operations of their respective volunteer units. The Volunteer Coordinator is a station-level liaison to the Volunteer Forces Unit and may be a sworn or non-sworn member of the department. Additionally, an Administrative Sergeant or Lieutenant should be designated at each station or bureau as the Volunteer Administrator to assist the Coordinator and provide oversight of the program.

378.2.1 VOLUNTEER FORCES UNIT
The Volunteer Forces Unit is to provide centralized coordination of all volunteer forces across the department in an effort to provide the most effective assignment and coordination of all volunteers. The Volunteer Forces Unit shall also work with other department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Forces Unit shall be responsible for the following:

(a) Processing interest applications and conducting pre-appointment background investigations;
(b) Recruiting, selecting and training qualified volunteers for various positions;
(c) Facilitating the implementation of new volunteer activities and assignments;
(d) Maintaining records for each volunteer;
(e) Tracking and evaluating the contribution of volunteers;
(f) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers;
Volunteer Program

(g) Maintaining a record of volunteer schedules and work hours;
(h) Completion and dissemination as appropriate of all necessary paperwork and information;
(i) Planning periodic recognition events;
(j) Administering discipline when warranted;
(k) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

378.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the department in serving the public.

Those interested in becoming a volunteer should be assisted and guided throughout this effort. Any department member receiving an inquiry about becoming a volunteer should direct the interested party to the Volunteer Forces Unit webpage on the department's public website.

378.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee will be contacted by the Volunteer Forces Unit to schedule and conduct a face-to-face interview with the applicant. Following the interview, the Volunteer Coordinator will notify the Volunteer Forces Unit of their recommendation regarding the applicant.

A documented background investigation shall be completed by the Volunteer Forces Unit on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check;
   1. Fingerprint shall be obtained from all applicants and processed through the California Criminal Information Index.

(b) Employment;

(c) References

378.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the department, normally from the Volunteer Forces Unit. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.
Volunteer Program

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the department.

378.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the department, personnel, policies and procedures that have a direct impact on their work assignment. All volunteers should attend one of the following academies most relevant to their specific duties:

(a) Citizen Volunteer Academy
(b) Chaplain Academy
(c) Explorer Academy

Volunteers may also receive other position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their Volunteer Coordinator or the Volunteer Forces Unit.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn deputies or other full-time members of the department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the department.

378.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

378.2.7 DRESS CODE
As representatives of the department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn
deputies. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

378.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

378.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the department, or maintain that they represent the department in such matters without permission from the proper department personnel.
Volunteer Program

378.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the department and shall be returned at the termination of service.

378.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

(a) A driving safety briefing and department approved driver safety course.
(b) Verification that the volunteer possesses a valid California Driver License.
(c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a department vehicle Code-3.

378.5.2 RADIO AND MDC USAGE
Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

378.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Sheriff or the Volunteer Forces Unit. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Sheriff or authorized designee.

Volunteers may resign from volunteer service with the department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

378.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer’s suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the department.
Volunteer Program

378.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Service Animals

382.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

382.1.1 DEFINITIONS
Definitions related to this policy include:

**Service animal** - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

382.2 POLICY
It is the policy of the Riverside County Sheriff's Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

382.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.
- California law requires landlords to allow tenants to possess service, and in some cases ‘emotional support,’ animals on their property under certain circumstances.
- California law allows a certified trainer of service animals to be accompanied by such animal even if the handler does not have a disability.

382.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Riverside County Sheriff's Department affords to all members of the public (28 CFR 35.136).

382.4.1 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

382.4.2 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a deputy may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.
Service Animals

382.4.3 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

382.4.4 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).
Station or Bureau K-9 Volunteer Program - Trial

383.1 IMPLEMENTATION
The sheriff may authorize the placement of a K-9 Volunteer at any station or bureau to strengthen comradery and to enhance our relationship with the public. This policy will outline the limitations and requirements before the placement of any K-9 Volunteer can occur. The safety of the employees and civilian visitors, and the proper care of the K-9 Volunteer must be diligently pursued before and during the implementation of a K-9 Volunteer program. These responsibilities fall to the area's captain or lieutenant.

It is important to note, that the K-9 Volunteer does not have a designated handler, and therefore the program relies on the efforts and contributions of all assigned with the K-9 Volunteer. Only the Coroner's Office, Sheriff's Dispatch, and the Basic Peace Officer Academy at the BCTC will participate in this trial program. Other locations may be added in the future with the Sheriff's approval.

383.2 QUALIFICATIONS
The dog must be certified through a nationally recognized organization for service dogs. This requirement is designed to verify, to the extent possible, that the behavior, temperament, and obedience of the K-9 Volunteer does not create a danger or a distraction in the workplace. Review and approval of the certification will be conducted by the sheriff or a designee before the placement of any K-9 Volunteer. The commander must provide proof of all vaccinations at the time of placement and maintain such vaccinations as commonly recommended by a veterinarian. The sheriff or designee may require re-certification or testing of the K-9 Volunteer at any time.

383.3 DISQUALIFICATIONS
A K-9 Volunteer may be disqualified from placement, or may be removed from department property and workplaces, if:

1. Aggressive behavior is observed such as biting, growling, lunging, nipping, or scratching;
2. The K-9 engages in uncontrolled, disruptive, or aggressive barking;
3. The K-9 destroys department or employee property;
4. The K-9 is not being properly cared for;
5. The K-9 falls into poor health;
6. The K-9 becomes a distraction to the unit’s mission, safety, or workload;
7. The K-9 is urinating, defecating or vomiting inside the bureau or station;
8. The sheriff or his designee deems the dog disqualified;
383.4 PROCEDURES AND CARE

1. Any facility with a K-9 Volunteer must place conspicuous signs at the main entrance notifying the public that a dog is on the property.

2. The K-9 shall be in a designated area of the building without unsupervised access to the visiting public.
   (a) If the public is visiting with the K-9 Volunteer, a department member shall be present at all times and the dog shall be on a leash.

3. K-9 Volunteers shall never be allowed into areas where evidence is stored or is processed.

4. K-9 Volunteers shall not be allowed in break rooms or dining rooms.

5. K-9 Volunteers must be under some general supervision at all times.
   (a) Bureaus or stations that are unoccupied for periods of time during the day or night, may not be suitable for a K-9 Volunteer.
   (b) If a work location is not staffed during nighttime hours, or night staffing is insufficient to care for the K-9 Volunteer, the commander must make arrangements for volunteer care and housing elsewhere.

6. One employee on duty at any given time, must be willing to assume responsibility for the K-9 Volunteer's care, feeding, and control.

7. Neither the department or the station/bureau shall incur any costs for feeding, supplies, or medical care of the K-9 Volunteer unless such costs are authorized by the station/bureau commander.

8. An off-duty employee, regardless of classification or rank, who voluntarily accepts responsibility for a K-9 Volunteer will not be deemed to be on-duty or on-call, simply for caring for the K-9 Volunteer. Employees doing so, either on or off-duty, are ineligible for extra pay or benefits and no special designation or assignment exists related to a K-9 Volunteer.

9. Any employee who witnesses or experiences aggressive behavior by the K-9 Volunteer shall report it to their supervisor immediately.

10. Commander approval must be obtained before the K-9 Volunteer is transported from the station or bureau for any reason.

384.1 PURPOSE AND SCOPE
The department may authorize public presentations and interviews given by a department member when the presentation is related to the mission and functions of the department. This policy shall describe the conditions under which such presentations will occur.

384.2 AUTHORIZATION
A department member shall not attend meetings officially representing the department without permission of their commander. Requests for a department member to appear in public as an official representative of the department shall be submitted in a timely manner and shall state the reason, nature of the program, and the date, time and location of the appearance.

384.3 AUTHORIZED ATTIRE
A public presentation and appearance may be made in departmental uniform or professional business dress. Appropriate dress shall be based on the type of presentation, audience and the reason for the appearance.

384.5 PUBLIC ACCESS TO EQUIPMENT

Any member who becomes aware of content on this department’s social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view, investigate the origin of the entry, and notify the MIB.

Gun Violence Restraining Orders

387.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108).

387.1.1 DEFINITIONS
Definitions related to this policy are listed below. Each of these orders, if granted by a judicial officer, prohibits the restrained person from having custody or control over, owning, purchasing, possessing, receiving, or attempting to purchase or receive any firearm or ammunition (Penal Code § 18100).

Emergency Gun Violence Restraining Order - An emergency order requested by law enforcement and lasting up to 21 days.

Ex-Parte Gun Violence Restraining Order - An emergency order requested through a civil court, petitioned by an immediate family member of the person to be restrained, or by law enforcement, lasting up to 21 days.

Gun Violence Restraining Order - A civil order petitioned by an immediate family member of the restrained person or by law enforcement, issued after a notice and hearing, and lasting up to one year.

387.2 POLICY
It is the policy of the Department to petition for and serve emergency, ex-parte, and civil Gun Violence Restraining Orders in compliance with state law and to properly account for firearms and ammunition obtained by the Department pursuant to such orders.

387.3 GUN VIOLENCE RESTRAINING ORDERS
A law enforcement officer who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm, or because less restrictive alternatives have either been tried and found to be ineffective, or have been determined to be inadequate or inappropriate, may:

(a) Request an Emergency Gun Violence Restraining Order (EPO #002) from a judicial officer (whether in person or via telephone) as outlined in 378.4 below; and or

(b) Contact their respective station detective bureau and request a Domestic Violence Threat Management investigator review the case and consider submitting an ex-parte or civil Gun Violence Restraining Order, with the assistance of Riverside County Counsel.

Deputies petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the deputy believes to be possessed or controlled by the person (Penal
**Gun Violence Restraining Orders**

Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, a deputy may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

(a) Describe how the subject of the petition poses a significant danger in the near future of personal injury to him/herself or another by possessing or receiving a firearm or ammunition as determined by the factors listed in Penal Code § 18155;

(b) Describe how the order is necessary to prevent personal injury to the subject of the petition or another, or because less restrictive alternatives have either been tried or found to be ineffective or are inadequate or inappropriate for the circumstances;

(c) Understand the judicial officer considers the following when determining the facts in support of the order:

1. A recent (within the past six months) threat of violence or act of violence directed at another;
2. A recent threat or act of violence directed toward the subject of the petition
3. Any recent violation of a protective order of any kind;
4. Any conviction of a violent offense;
5. Any pattern of violent acts or threats within the past twelve months;
6. The unlawful and reckless use, display, or brandishing of a firearm;
7. Any history of use, attempted use, or threatened use of physical force against another person;
8. Any prior history of a felony arrest; and past police reports and records of convictions or recent criminal offenses that involve controlled substances or alcohol, ongoing abuse of controlled substances or alcohol, and/or evidence of recent acquisition of firearms, ammunition, or other deadly weapons.

Once the order has been granted, the law enforcement officer shall (Penal Code § 18140):

(a) Check the California Law Enforcement Telecommunications System (CLETS) to determine if there are any firearms registered to the individual and to review both local, state, and federal contacts to determine if the person has ever been documented as having a firearm or arrested for the same;

(b) If the subject has been located, ask them if they have any firearm, ammunition, or magazine in their possession or under their custody or control (Penal Code § 18160);

(c) Request that any firearms or ammunition be immediately surrendered and issue a receipt for the surrendered items (Penal Code § 18120);
Gun Violence Restraining Orders

(d) Take into temporary custody any firearm or other deadly weapon discovered in plain sight or pursuant to consent (Penal Code § 18250);

(e) If the subject refuses to provide consent to search for firearms or refuses to relinquish their firearms pursuant to the court order, consider obtaining a search warrant (see 387.5 below);

(f) Inform the restrained person they are required within 24 hours to surrender their firearms and/or ammunition to a law enforcement agency or sell them to a licensed firearms dealer;

(g) Provide the subject of the order with a copy of the order;

(h) Provide the subject with a property receipt of all items taken;

(i) As soon as practicable, but no later than end of shift, submit proof of service to the Records Manager (station or ISB) for prompt entry into the California Restraining and Protective Order System (Penal Code § 18115) and request the Department of Justice place the individual in the Armed Prohibited Persons System;

(j) Request a supervisor flag the subject’s address regarding the incident that prompted the request for the order;

(k) Document all of these actions in an incident report;

(l) As soon as practicable, provide a copy of the report to the station detective bureau / Domestic Violence Threat Management investigator so a petition to the court for a permanent (one-year) civil order can be considered.

All firearms and ammunition collected shall be handled and booked in accordance with the Property and Evidence Policy.

387.3.1 ADDITIONAL CONSIDERATIONS

Deputies should also consider requesting permission to petition the court for a gun violence restraining order (Penal Code § 18108):

(a) When responding to a domestic disturbance where the residence is associated with a firearm registration or record.

(b) When responding to any call or incident when a firearm is present or when one of the involved parties owns or possesses a firearm.

(c) During a contact with a person exhibiting mental health issues, including suicidal thoughts, statements, or actions if that person owns or possesses a firearm.

Deputies should consider obtaining a mental health evaluation if the encounter involves a situation where there is a reasonable cause to believe that the person poses an immediate and present danger of causing personal injury to themselves or another person by having custody or control of a firearm (see the Mental Illness Commitments Policy) (Penal Code § 18108).

387.4 SERVICE OF EMERGENCY GUN VIOLENCE RESTRAINING ORDERS

Any law enforcement officer requesting an Emergency Gun Violence Restraining Order shall complete the required form and contact the on-call magistrate. When completing the form:

   1. A recent (within the past six months) threat of violence or act of violence directed at another;
   2. A recent threat or act of violence directed toward the subject of the petition
   3. Any recent violation of a protective order of any kind;

   8. Any prior history of a felony arrest; and past police reports and records of convictions or recent criminal offenses that involve controlled substances or alcohol, ongoing abuse of controlled substances or alcohol, and/or evidence of recent acquisition of firearms, ammunition, or other deadly weapons.

Once the order has been granted, the law enforcement officer shall (Penal Code § 18140):

(a) Check the California Law Enforcement Telecommunications System (CLETs) to determine if there are any firearms registered to the individual and to review both local, state, and federal contacts to determine if the person has ever been documented as having a firearm or arrested for the same;

(j) Request a supervisor flag the subject's address regarding the incident that prompted the request for the order;

(k) Document all of these actions in an incident report;

(l) As soon as practicable, provide a copy of the report to the station detective bureau / Domestic Violence Threat Management investigator so a petition to the court for a permanent (one-year) civil order can be considered.

387.4.1 SERVICE OF EX-PARTE AND GUN VIOLENCE RESTRAINING ORDERS

Any law enforcement officer who chooses to petition the court for an ex-parte or a "permanent" (one-year) order should use the Gun Violence Restraining Order forms established by the Judicial Council (Penal Code § 18105).

Once the forms are completed, contact Riverside County Counsel for assistance in filing the packet with the court. The petition should describe the number, types, and locations of any firearms and ammunition that the law enforcement officer believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125, 18150, 18175).

(c) Ensure the order is provided to the Records Manager for entry into the computer database system for protective and restraining orders maintained by the Department of Justice.

387.5 SEARCH WARRANTS

If a person who has been served with a gun violence restraining order refuses to surrender any firearm or ammunition, the deputy should consider whether to seek a search warrant. If a search
warrant is to be obtained, the preparation and service of the search warrant shall be done in accordance with the Warrant Service Policy. Additionally, (Penal Code § 1542.5):

(a) The deputy serving the warrant shall take custody of any firearm or ammunition that is controlled, possessed or owned by the person who is the subject of the gun violence restraining order, including any discovered pursuant to the warrant, a consensual search or other lawful search.

(b) If the location being searched is jointly occupied and the firearm or ammunition is owned by a person other than the restrained person, the firearm or ammunition should not be seized if the following conditions are met:
   1. The firearm or ammunition can be stored in a manner that does not allow the restrained person to have control or access.
   2. There is no evidence that the owner unlawfully possesses the firearm or ammunition.

(c) If a locked gun safe belonging to someone other than the subject of a gun violence restraining order is discovered, the deputy shall not search the contents of the safe unless the owner consents or there is a valid search warrant for the safe. Any search of the safe must be done in the owner’s presence.

387.6 DETECTIVE BUREAU RESPONSIBILITIES

Station detectives may assist other bureaus and facilities with these cases. If the follow-up investigation determines a one-year Gun Violence Restraining Order is necessary, the Detective Bureau shall complete the necessary forms and work with County Counsel on the petition. If the petition is accepted, a court hearing will follow. All parties shall be served notice as specified in the form instructions.

The Detective Bureau Supervisor will track all Emergency, Ex-Parte, and Gun Violence Restraining Orders in their jurisdiction. The Detective Bureau Supervisor will review each order and the subject named within the order at least two months prior to the order's expiration date and determine if an additional order is needed. If an additional order is warranted, the Detective Bureau Supervisor will ensure that it is completed and submitted timely.

387.7 RECORDS MANAGER RESPONSIBILITIES
The Records Manager is responsible for ensuring:

(a) Proof of service of any gun violence restraining order served by a deputy or received from the clerk of the court is entered in the computer database system for protective and restraining orders maintained by the Department of Justice within one business day of service if served by a deputy, or within one business day of receipt of proof of service if served by a person other than a law enforcement officer (Penal Code § 18115).

387.13 TRAINING
The Training and Education Bureau Chief Deputy should ensure that members receive periodic training on the requirements of this policy (Penal Code § 18108).
Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Riverside County Sheriff's Department with respect to taking law enforcement action while off-duty.

388.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Off-duty deputies are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

388.3 FIREARMS
Deputies of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty deputies shall also carry their department identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the department member’s senses or judgment.

388.4 DECISION TO INTERVENE
There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects
Off-Duty Law Enforcement Actions

(b) The inability to communicate with responding units
(c) The lack of equipment, such as handcuffs, OC or baton
(d) The lack of cover
(e) The potential for increased risk to bystanders if the off-duty deputy were to intervene
(f) Unfamiliarity with the surroundings
(g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public

Deputies should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty deputy is on-scene and should be provided a description of the deputy if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as a deputy sheriff until acknowledged. Official identification should also be displayed if possible.

388.4.2 INCIDENTS OF PERSONAL INTEREST
Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

388.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority, and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed deputies should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING
Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.
Chapter 4 - Patrol Operations
Patrol Function

401.1 PURPOSE AND SCOPE
The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

401.2 INFORMATION SHARING
To the extent feasible, all information relevant to the mission of the Department should be shared among all bureaus and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other bureaus or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and bureaus.

401.3 CROWDS, EVENTS AND GATHERINGS
Deputies may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Deputies should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Deputies responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, deputies should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Deputies are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Deputies should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

401.4 POLICY
The Riverside County Sheriff's Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.
Patrol Function

401.5 FUNCTION
Patrol will generally be conducted by uniformed deputies in clearly marked law enforcement vehicles in assigned jurisdictional areas of Riverside County. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

(a) Responding to emergency calls for service.
(b) Apprehending criminal offenders.
(c) Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
(d) Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
(e) Responding to reports of criminal and non-criminal acts.
(f) Responding to routine calls for service, such as public assistance or public safety.
(g) Carrying out crime prevention activities such as residential inspections, business inspections and community presentations.
(h) Carrying out community oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.
(i) Directing and controlling traffic.
Briefing Training

402.1 PURPOSE AND SCOPE
Briefing training is generally conducted at the beginning of the deputy’s assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct briefing; however deputies may conduct briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

(a) Briefing deputies with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
(b) Notifying deputies of changes in schedules and assignments
(c) Notifying deputies of new or modified policies and directives
(d) Reviewing recent incidents for training purposes
(e) Providing training on a variety of subjects

402.2 PREPARATION OF MATERIALS
The supervisor conducting briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate deputy in their absence or for training purposes. The sergeant shall ensure that any training material presented is consistent with current Department standards and policies before it is presented.

402.3 RETENTION OF BRIEFING TRAINING RECORDS
Briefing training materials and a curriculum or summary shall be forwarded to the Ben Clark Training Center for inclusion in training records, as appropriate.
Ride-Along Program

404.1 PURPOSE AND SCOPE
The Ride-Along Program provides an opportunity for citizens, employees, and allied agency personnel to experience the Riverside County Sheriff's law enforcement operations first hand. This policy outlines the requirements, limitations, and approval process while also providing the authorized forms for use throughout the Department. This policy does not apply to the Dispatch Center's Observation Program.

404.1.1 ELIGIBILITY
The Ride-Along Program is offered to residents, students and those employed within the county. Every attempt will be made to accommodate interested persons however any applicant may be disqualified without cause.

The following factors may be considered in disqualifying an applicant, but other extraordinary factors may also justify disqualification:

- Being under 18 years old (Explorers in good standing must be at least 14)
- Prior criminal history (consideration should be given to severity and date of offense)
- Pending criminal action
- Pending lawsuit against the Department
- Rode-along within the previous two months (see section 404.4)

404.1.2 AVAILABILITY
A ride-along can be scheduled for any time of the day or night, on any day of the week and at any station regardless of the applicant's address. Commanders or their designees may elect not to schedule a ride-along to occur during a special, or unusual event, or on-going critical incident.

404.2 APPLICATION PROCESS
Everyone wishing to observe during a ride-along, with the exception of Reserve Deputies, must complete and submit the application and waiver. The application (RSD Form 213-701) shall be received, processed and scheduled by the station that will host the ride-along. Information requested will include a valid ID or California driver's license, address, and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the required forms.

The applicant will be told that acceptance of this application will be at the discretion of the Station Commander or designee. If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial. Every application, whether approved or denied, will be entered into the Patrol Tracker system, scanned into the Retention of Electronic Documents System (REDS) and the original application retained for 30 days.
Riverside County Sheriff's Department

Ride-Along Program

See attachment: Ride Along Application-Form 213-701.pdf

404.2.1 CRIMINAL HISTORY CHECK
All ride-along applicants, with the exception of current Department employees or volunteers are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along. (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

404.3 PEACE OFFICER RIDE-ALONGS
Peace officers from the Riverside County Sheriff's Department and allied law enforcement agencies can participate in a ride-along. The peace officer, regardless of agency, shall be considered off-duty and in an uncompensated status throughout the ride-along, and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require. If armed, any firearm shall be concealed, and never displayed or used unless in an effort to prevent injury or death.

404.4 PROGRAM REQUIREMENTS
Civilian ride-alongs will be allowed to observe no more than once every two months. Exceptions can apply to the following:

- Department employees and volunteers;
- Explorers;
- Reserve Deputies;
- Applicants involved in approved research or media production.

The Patrol Tracker database known as Ride-Along Application Tracker (RAA) shall be queried before approving each application, and updated after each ride-along. All applicants shall complete an application and the liability waiver form, and be entered into the Ride-Along Application Tracker using their Department ID numbers, or a citizen’s driver license number. Reserve Deputies need not complete an application or a waiver, or be entered into the Ride-Along Application Tracker.

An effort should be made to ensure that no more than one citizen will participate in a ride-along during the same shift. Normally, no more than one ride-along will be allowed in the deputy’s vehicle at a given time.

Ride-along participants shall not be assigned to a relative or spouse.

No Department employee shall have a ride-along that has not been assigned via the requirements and protocols of this policy.

404.5 FOLLOWING APPROVAL OF THE APPLICATION
Generally, ride-alongs will be scheduled by the Administrative Sergeant.
The administrative sergeant will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective watch commander as soon as possible for his/her scheduling considerations. Stations will assign each ride-along to a specific deputy before their arrival. The host deputy shall not be chosen in the presence of the ride-along. Attendance at the patrol briefing should be allowed so that all deputies on the shift are introduced to the ride-along for safety reasons. The shift sergeant may exclude the ride-along participant from briefing to relay criminal intelligence, confidential information, or to address personnel issues. Following the ride-along, the administrative sergeant should review both the participant and deputy comments provided for issues of departmental interest.

**404.6 DEPUTIES’ RESPONSIBILITY**

The deputy shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Deputies shall consider the safety of the ride-along at all times. Deputies should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another unit respond to pick up the participant at that location. The ride-along may be continued at this time.

Deputies or other Department members accompanying the ride along, shall ensure the observer follows all the rules of conduct listed in 404.6.2.

Upon completion of the ride-along, the ride-along form shall be returned to the watch commander with comments offered by the deputy.

**404.6.1 RELEASE OF LIABILITY WAIVER**

Before the ride-along experience begins, the waiver (RSD Form 213-701 attachment above) shall be signed by each ride-along observer (except Reserve Deputies) showing that the observer assumes all risks of injury or danger and waives and releases claims against the County of Riverside and any other Department.

(a) All waivers shall be signed prior to any observation within this Department. The signature should be witnessed by the employee receiving the application and who should check the form for proper completion.

(b) Any person who refuses to sign the release of liability waiver shall be denied a ride-along.

**404.6.2 CONTROL OF RIDE-ALONG / OBSERVER**

The assigned employee shall maintain control over the ride-along at all times and instruct him/her regarding the conditions that necessarily limit their participation. These instructions should include:

(a) The ride-along will follow the directions of the deputy.

(b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any Department equipment.
Ride-Along Program

(c) The ride-along may terminate the ride at any time and the deputy may return the observer to their home or to the station if the ride-along interferes with the performance of the deputy’s duties.

(d) Ride-alongs may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.

(e) Deputies will not allow any ride-alongs to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen.

(f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with a deputy without the expressed consent of the resident or other authorized person.

(g) Ride-alongs shall not video or audio record any portion of their experience or observations unless previously approved by the commander. Limited recording may be approved for the purpose of research, academic study, or pre-approved film production, for example. Any recording shall not violate a citizen's or a deputy's legal and reasonable expectation of privacy and shall comply with all laws.

404.6.3 SUITABLE ATTIRE
Any person approved to ride-along is required to be suitably dressed. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Any clothing with images or text portraying alcohol, drugs, nudity, violence, or other subject matter inconsistent with our mission shall not be permitted. The watch commander shall refuse a ride along to anyone not properly dressed.
Bias-Based Policing

406.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the Riverside County Sheriff's Department's commitment to policing that is fair, objective and constitutional.

406.1.1 DEFINITIONS
Definitions related to this policy include:

**Bias-based policing** - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

406.2 POLICY
The Riverside County Sheriff's Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

406.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

406.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT
Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):

(a) In compiling personal information about a person’s religious belief, practice, affiliation, national origin or ethnicity.

(b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

406.4 MEMBER RESPONSIBILITIES
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a
supervisor. Members should intervene to prevent any biased-based actions by another member, regardless of rank.

406.4.1 REASON FOR CONTACT
Deputies contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved deputy should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any deputy to document a contact that would not otherwise require reporting.

406.4.2 REPORTING OF STOPS - R.I.P.A.
Unless an exception applies under 11 CCR 999.227, a deputy conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple deputies conduct a stop, the deputy with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

If multiple agencies are involved in a stop and the Riverside County Sheriff's Department is the primary agency, the Riverside County Sheriff's Department deputy shall collect the data elements and prepare the stop data report (11 CCR 999.227).

The stop data report should be completed by the end of the deputy's shift or as soon as practicable. It must; however, be submitted within 24 hours of the event. (11 CCR 999.227).

406.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The Internal Affairs Bureau Manager shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against deputies is collected and provided to the Records Manager for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020).

Supervisors should ensure that data stop reports are provided to the Records Manager for required annual reporting to the DOJ (Government Code § 12525.5) per station or bureau procedure(s).

406.6 TRAINING
Training on fair and objective policing and review of this policy should be conducted as directed by the Training Bureau.

(a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.
Bias-Based Policing

(b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

(c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary. (Penal Code § 13519.4(i)).
Policing Tribal Lands

407.1 PURPOSE AND SCOPE
The Riverside County Sheriff's Department has regular contact with Tribal lands and their residents and must manage the legal nuances of policing in these areas. This policy will outline specific protocols unique to tribal lands and is intended to assist department members in delivering consistent law enforcement service, criminal investigations and compliance with Public Law 83-280 while serving the twelve Riverside County Tribal Communities, which include:

- Agua Caliente Band of Cahuilla Indians - Palm Desert Station
- Augustine Band of Cahuilla Indians - Thermal Station
- Cabazon Band of Mission Indians - Thermal Station
- Cahuilla Band of Indians - Hemet Station
- Colorado River Indian Tribes - Colorado River Station
- Morongo Band of Mission Indians - Cabazon Station
- Pechanga Band of Luiseno Indians - Southwest Station
- Ramona Band of Cahuilla Indians - Hemet Station
- Santa Rosa Band of Cahuilla Indians - Hemet Station
- Soboba Band of Luiseno Indians - Hemet Station
- Torres Martinez Desert Cahuilla Indians - Thermal Station
- Twenty Nine Palms Band of Mission Indians - Thermal Station

407.2 PUBLIC LAW 83-280
PL 83-280, as enacted by the federal government in 1953, sought to clarify the role of law enforcement upon Indian lands in six states, to include California. The law essentially transferred enforcement of state law to local agencies.

Most basically, PL 83-280 is divided into three areas of governmental concern:

1. Criminal Section (18 United States Code)
2. Civil Section (28 United States Code)
3. Informational Section (25 United States Code)

This policy will focus upon department policy related to the criminal section under 18 USC and our enforcement of state-level, criminal-prohibitive laws.

407.3 LAW ENFORCEMENT AUTHORITY
As stated, PL 83-280 tasked the State of California with enforcement of what are commonly referred to as 'criminal-prohibitive' laws on tribal lands. Criminal-prohibitive laws prohibit certain
conduct, and do not exist to simply regulate otherwise allowable conduct. For example, criminal-prohibitive laws would include battery, theft, or sexual crimes and all such criminal-prohibitive statutes are enforceable on tribal lands regardless of the membership status of the offender. The enforcement of these laws carries the exact weight as if the violations were committed elsewhere.

Laws known as civil-regulatory merely regulate otherwise allowable conduct. PL 83-280 prohibits the Sheriff from enforcing civil-regulatory laws. For example, driving is a legal activity that is only regulated by rules and limitations set forth in the vehicle code, therefore civil-regulatory laws in the vehicle code are not enforceable on tribal lands. See 407.3.1.

State or county-level environmental regulations, land use, zoning, gambling, licensing, animal control, and hunting/fishing regulations are civil-regulatory laws and cannot be enforced by Sheriff's personnel.

407.3.1 ROUTINE PATROL AND TRAFFIC ENFORCEMENT
In general, the function of routine patrol and the calls handled by sheriff's personnel are no different than elsewhere in the county, with some notable exceptions.

ENTRY PROTOCOL / NOTIFICATION
Some Memorandums of Understanding outline protocols for access to reservation property, buildings, or businesses. Sheriff's personnel shall abide by any MOU requiring that due diligence be given to notify a reservation representative before entry and should know, for safety and confidentiality reasons, when tribal notification is appropriate and when it is not.

TRAFFIC ENFORCEMENT
The civil-regulatory sections in the California Vehicle Code, such as equipment violations, the requirement to have a valid driver license, current vehicle registration, proof of insurance, or compliance with speed limits, or traffic control signs are not enforceable, and cannot be used as primary detention violations. The majority of misdemeanors and felonies in the vehicle code are enforceable if they prohibit, and not simply regulate, certain conduct.

VEHICLE STORAGE / IMPOUND
Vehicles shall not be seized on tribal lands pursuant to any authority section that is based upon a violation of a civil-regulatory vehicle code section. For example, suspended or unlicensed driver, expired vehicle registration, or illegal handicapped parking are not grounds for lawful vehicle storage. Vehicles stored for other reasons (e.g. evidence, road hazard, driver arrested) shall be processed, towed, and stored as any other.

PARKING ENFORCEMENT
Legal differences exist regarding the classification of land possessed and used by tribes (e.g. Tribal land or Fee land). Therefore, parking enforcement should not be conducted by department members on tribal lands unless the department member has determined the legal status of the relevant land. If serious parking violations persist, department personnel should seek the assistance of tribal police, security personnel, or ask the TLU for direction on future enforcement.
Policing Tribal Lands

CIVIL MATTERS

In general, department personnel should not play a role in civil disputes on tribal lands such as landlord/tenant disputes, evictions from a reservation or repossessions, unless acting in a peacekeeping role. Regulatory laws related to such matters do not apply on tribal lands.

TRIBAL ORDINANCES AND LAWS

Sheriff's personnel shall not enforce any tribal ordinances or laws unless specifically given that authority by a Memorandum of Understanding between the Sheriff and the tribe.

CASINO GAMBLING VIOLATIONS

Unless the elements of a state-level 'criminal prohibitive' law exist, Sheriff's personnel shall not enforce the rules or protocols applicable to casino gaming but should instead keep the peace and allow casino or tribal personnel to investigate and resolve the matter.

MEMORANDUMS OF UNDERSTANDING (MOU)

While on tribal lands, Department members shall comply with any agreements, contracts, or Memorandums of Understanding that relate to the patrol function at their specific station or assignment.

407.3.2 MARIJUANA ENFORCEMENT

Enforcement of state-level laws regarding the illegal possession or sale of marijuana apply on tribal lands and can be enforced as they would anywhere else in the county.

If patrol personnel discover large-scale marijuana possession, sales, or cultivation on tribal land, they should contact the Special Investigations Bureau for direction as soon as possible.

407.3.3 CORONER AUTHORITY

All functions and authorities of the Coroner are the same on tribal lands, with the exception of the processing of certain human remains if believed or found to be Native American. Native American remains, funerary objects, and sacred objects found on federal or tribal lands are protected under the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC 3001 et seq). See DSM 345 for specific procedures and limitations in place when Native American remains are discovered on and off tribal lands.

407.3.4 UNATTENDED DEATHS

The Coroner retains all control of bodies on a reservation regardless of the cause or manner of death or tribal membership status of the decedent. Deputies shall respond and process all unattended death incidents according to existing protocols.

Indian Tribes may be allowed to retain possession of a body only after the Coroner has agreed to release it. They then may cremate or bury the body on Reservation land with a properly issued permit from the Health Department.
Policing Tribal Lands

Patrol personnel should consult with the Coroner's office and with the Tribal Liaison Unit to help resolve any disputes or questions during unattended death investigations.

407.3.5 INVESTIGATIONS
All laws and constitutional rights regarding search and seizure, laws of arrest, and Miranda advisements apply on tribal lands.

Detectives responding to tribal lands for a protracted investigation shall notify the department's Tribal Liaison Unit as soon as possible to inform them about the location and circumstances, and to ask for their assistance, if needed.

The passage of PL 83-280 did not diminish a tribe's ability or right to pass and enforce their own laws on their lands. In some instances, concurrent jurisdiction exists between the federal, state and tribal governments. Consideration must be given to what crime has been committed and if the offender is Indian or non-Indian, when determining exclusive or concurrent jurisdictions for prosecution purposes.

407.4 PROTECTION ORDERS
Protection orders can be issued by State Courts, US Territory Courts, and Indian Tribal Courts. The 'Full Faith and Credit' portion of the Violence Against Women Act declares that all states, U.S. Territories and Indian Tribes shall honor each other's protection orders as if they were their own. The following outlines what is and is not required for a Tribal Court Order to be lawfully served or enforced:

If issued by a Tribal Court, the order need not;
   1. have a certification or original signature affixed to the order.
   2. have a "court stamp"
   3. be registered or filed in the victim or respondent's current location.

If issued by a Tribal Court, the order must;
   1. have the name of the respondent and the petitioner printed;
   2. have a valid date;
   3. be issued by a court with jurisdiction over the involved parties;
   4. have been issued after the respondent had an opportunity to contest the order;
      (a) Family Code section 6403(b) allows, in the absence of a protection order, a peace officer to consider other factors that may establish probable cause to believe that a valid order exists.

407.4.1 ENFORCEMENT OF PROTECTION ORDERS
A department member assigned to a call alleging a violation of a domestic violence protection order issued by the state court, a US territory, or tribal court shall, when presented with probable cause of the violation;
Policing Tribal Lands

1. Shall make a lawful arrest of the person without a warrant and take that person into custody whether or not the violation occurred in the peace officer's presence (Penal Code 836(c)(1)).

407.4.2 UNSERVED PROTECTION ORDERS
If a law enforcement officer of this state determines that an otherwise valid foreign protection order cannot be enforced because the respondent has not been notified or served with the order, the officer shall inform the respondent of the order, make a reasonable effort to serve the order upon the respondent, and allow the respondent a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice for the purposes of this section (Family Code 6403(c)).

407.5 TRIBAL LIAISON UNIT (TLU)
In 2008, the Department established a dedicated Tribal Liaison Unit (TLU) to act in the interests of both the department's mission and the service needs of all twelve tribes. The TLU's primary functions include training both department personnel and tribal residents, engagement with various groups and committees managing Indian/Government affairs, and as a liaison to strengthen law enforcement's relationship with Indian Tribes in Riverside County.

Because this policy cannot cover every possible circumstance, the TLU is available to assist and respond, if needed, to help facilitate a quality response and investigation by our Sheriff's personnel. TLU contact information is available within the SOI screen "SOI Tribal" or by email to TLU@Riversidesheriff.org.

407.5.1 TRIBAL LIAISON NOTIFICATIONS
Department members are encouraged to contact the TLU for any questions regarding PL 83-280 or about other aspects of the Sheriff's role and authority on tribal lands. Department members shall notify the Tribal Liaison Unit as soon as possible in the following circumstances:

1. Pursuits on a reservation
2. Deaths
3. Discovery of Human Remains
4. Service of Search Warrants
5. Any other major incident that will likely generate an inquiry by Tribal government
Mobile Data Computer Use

409.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between Department members and Dispatch.

409.2 POLICY
Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

409.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to data accessed, transmitted, received or reviewed on any Department technology system (see the Information Technology Use Policy for additional guidance).

409.4 RESTRICTED ACCESS AND USE
MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, and communications that are directly related to the business, administration, or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from their supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

409.4.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical, or safety needs should be transmitted over the radio.
Mobile Data Computer Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

409.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by a supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

409.5.1 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

409.5.2 EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available deputy should respond in accordance with the deputy Response to Calls Policy.

Members should ensure a field supervisor is notified of the incident without delay.

Deputies not responding to the emergency shall refrain from transmitting on the radio until a "no-further-assistance" broadcast is made or if they are also handling an emergency.

409.6 EQUIPMENT CONSIDERATIONS

409.6.1 MALFUNCTIONING MDC
Whenever possible, members will not go into service with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, or other handheld device is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the radio.
409.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.
411.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

411.2 POLICY
The Riverside County Sheriff's Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and shall not arbitrarily prevent someone from exercising the right to record members performing their official duties, regardless of their purpose for doing so. Our Code of Ethics includes a duty and promise to respect the Constitutional rights of all.

411.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:

   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the deputies.
   4. Being so close to the activity as to interfere with a deputy’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the deputies, him/herself or others.

411.4 DEPUTY RESPONSE
Deputies should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.
Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves unlawfully. Accompanying the warnings should be clear directions on what a person can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to ‘clear the area’, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

On-duty Department members being recorded should:

- Consider requesting or assigning cover officers to secure a safe area of operation and notifying videographers of an alternate location designated for them
- Avoid approaching a videographer unless a crime has been committed, or to ask them to move to another area
- Avoid asking for identification unless they have consented to a consensual encounter or they are being detained for a lawful reason
- Avoid engaging in arguments or debates with videographers
- Avoid making unnecessary or antagonistic comments to videographers
- Avoid appearing angry or annoyed by their presence or recording
- Avoid demanding to view their recorded material, or demanding that it be deleted
- Avoid seizing and/or searching devices unless a 4th Amendment Constitutional standard has been reached for a search or seizure
- Provide name and ID number if requested, and that of the shift supervisor if requested
- Remain knowledgeable about the elements of Penal Code sections 69, 148, 602, and other sections relevant to adversarial encounters with onlookers or videographers

If an arrest or other significant enforcement activity is taken as the result of a videographer that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued. Any and all BWC video shall be submitted as evidence.

411.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are, or were, constitutional and consistent with this policy and state law.

(e) Explain alternatives for people who wish to express concern about the conduct of Department members, such as how and where to file a complaint, or explaining our reasoning and purpose for a particular action taken.

411.6 SEIZING RECORDINGS AS EVIDENCE
Deputies should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of that person or of another suspect or crime that was recorded by the device in their possession.

1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.

(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.

(c) The person consents.

(a) To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner and the consent should be recorded when possible.

(b) If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of all property and evidence policies.
Automated License Plate Readers

412.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

412.2 POLICY
The policy of the Riverside County Sheriff's Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

412.3 ADMINISTRATION
The ALPR technology, allows for the automated detection of license plates. It is used by the Riverside County Sheriff's Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to arrest warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Support Services Chief Deputy. This chief deputy will assign members under his/her command to adminster the day-to-day operation of the ALPR equipment and data.

412.3.1 ALPR ADMINISTRATOR
The Support Services Chief Deputy shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

(b) Training requirements for authorized users.

(c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

(d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

(e) The title and name of the current designee in overseeing the ALPR operation.

(f) Working with the Custodian of Records on the retention and destruction of ALPR data.

(g) Ensuring this policy and related procedures are conspicuously posted on the department’s website.
Automated License Plate Readers

412.3.2 PUBLIC HEARING
Before implementing the current ALPR program within Riverside County, the department invited public opinion on the matter during an open meeting of the Riverside County Board of Supervisors in late 2017.

412.4 OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

(a) An ALPR shall only be used for official law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training. This training will be facilitated via the DocRead format and will cover general ALPR use, legal requirements, privacy issues, and data collection and destruction guidelines.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the deputy should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETs) before taking enforcement action that is based solely on an ALPR alert.

412.4.1 REPORT WRITING
The ALPR EDP code shall be used as a secondary EDP and is required on any written report where ALPR technology was effectively utilized during an investigation. For example, if an abandoned stolen vehicle is located via a notification from the ALPR system, the recovery should be documented as a Stolen Vehicle Recovery and the corresponding EDP for the recovery should be first on the Form A. On the second line of the Form A, “ALPR” should be entered in the offense section and “25T1-N” should be entered in the EDP code section. This practice will ensure proper identification of ALPR-related incidents and crime trends.

412.5 DATA COLLECTION AND RETENTION
The Support Services Chief is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.
Automated License Plate Readers

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

412.6 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Riverside County Sheriff's Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relates to a specific criminal investigation or department-related civil or administrative action. Department members shall only use their own assigned username and password when accessing any ALPR system. Department members shall include an identifiable justification, such as a file number, when accessing ALPR data.

(c) Any printed ALPR information must be destroyed using a secure method. No materials shall be disposed of in regular trash or recycling containers.

(d) NO ALPR data shall be given, sold, shared or otherwise transferred to any unauthorized party.

(e) ALPR system audits should be conducted on a regular basis.

(f) Any breach or unauthorized or unintentional release of any ALPR information shall be immediately reported to the Support Services Chief Deputy.

412.6.1 DATA SECURITY AND RETENTION

(a) Electronic data gathered during ALPR usage is the property of the Riverside County Sheriff's Department. The approved ALPR vendor will maintain responsibility for adherence to protocols involving information security in accordance with FBI CJIS security policy. The approved vendor will also be responsible for executing retention and/or deletion routines of electronically stored data as specified by the Riverside County Records Management and Archive Policy and in compliance with applicable laws.

(b) Authorized Department vendors with access to systems containing ALPR data shall maintain reasonable security procedures and practices, including operational, administrative, technical, and physical safeguards, to protect ALPR information from unauthorized access, destruction, use, modification, or disclosure.
(c) Sheriff’s TSB will require that ALPR login and query records are retained for a period of two years unless the information has been requested for investigative or other legal reasons. Any records retained must contain, at a minimum, the following information:

(a) The date and time ALPR information was accessed;
(b) The username of the person who accessed the information;
(c) The license plate number or other data elements used to query the ALPR system;
(d) The stated purpose for accessing the information.

(d) ALPR records retained by the Department will be maintained, safeguarded, and purged according to all applicable laws and policies. Consistent with Government Code § 26202 and Riverside County Records Management and Archive Policy A-43, raw ALPR information will be retained for a period of two years and then be deleted. ALPR data that may be needed for active or probable litigation, is the subject of an active public records request, or is needed for auditing purposes shall be maintained until the underlying matters are fully resolved before being deleted. ALPR information documented in criminal and/or administrative reports will follow the same retention period as the report. ALPR information placed in evidence will remain secured as evidence until destroyed per Department policy. Deletion of ALPR data will follow the steps specified pursuant to Board of Supervisors policy and in accordance with the Sheriff Department’s records retention schedule.

412.6.2 CUSTODIAN OF RECORD
The Commander of TSB, acting on behalf of the Riverside County Sheriff’s Department, is responsible for implementing the provisions of this usage and privacy policy as the official custodian/owner of the ALPR system, and ALPR information covered herein.

412.7 RELEASING ALPR DATA
The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

(a) The agency makes a written request for the ALPR data that includes:
   1. The name of the agency.
   2. The name of the person requesting.
   3. The intended purpose of obtaining the information.

(b) The request is reviewed by the affected commander or the authorized designee and approved before the request is fulfilled.

(c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55). Public record requests for ALPR data shall be routed to the CPRA Unit for disposition.
**412.8 TRAINING**

The department will ensure the presentation of department-approved training to those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
Crime and Disaster Scene Integrity

413.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

413.2 POLICY
It is the policy of the Riverside County Sheriff's Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

413.3 SCENE RESPONSIBILITY
The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person. A critical incident log will be started and passed on to the relief deputy until the scene has been processed and the investigation is complete.

413.4 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.
413.5 SEARCHES
Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

413.5.1 CONSENT
When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

413.6 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).
Medical Aid / Naloxone Protocols

414.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

414.2 POLICY
It is the policy of the Riverside County Sheriff's Department that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response. Members shall also maintain certification in accordance with P.O.S.T. guidelines.

414.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members shall take appropriate steps in good faith to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and within the scope of their employment. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact dispatch and request response by emergency medical services (EMS).

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing. Each patrol car is equipped with a Townson emergency medical-aid trauma bag that should be kept at the ready and may be used whenever citizens or deputies need first-aid.

When requesting EMS, the member should provide dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed
(b) The nature of the incident
(c) Any known scene hazards
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member
   2. Changes in apparent condition
   3. Number of patients, sex and age, if known
   4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated, chaotic behavior
Members should stabilize the scene whenever practicable while awaiting the arrival of EMS and may consider assigning other deputies or civilians to meet EMS at a general location to direct them to the exact location.

Members should not direct EMS personnel whether to transport the person for treatment.

414.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies shall search any person who is in custody before releasing that person to EMS for transport.

A deputy shall accompany any person in custody during transport in an ambulance when:
- requested by EMS personnel
- it appears necessary to provide security
- it is necessary for investigative purposes
- so directed by a supervisor

The on-scene deputy or supervisor should also determine if a CSO is the appropriate escort after considering the persons behavior, criminal offenses and statements.

Members shall not provide emergency patrol car escort for medical transport or civilian vehicles.

414.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision about how the lack of immediate medical attention may result in serious bodily injury or in the person's death.

In cases where mental illness may be a factor, the deputy should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with law and department policies.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.
Medical Aid / Naloxone Protocols

Department members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment. Department members shall not speculate or promise who will, or will not be, financially responsible for such medical transportation or treatment. Responsibility for payment will be determined at a later time and shall not be discussed or otherwise used as leverage when the patient or arrestee is deciding to accept or deny treatment. The patient or arrestee is free to discuss this matter directly with the transportation company or medical facilities.

414.6 MEDICAL ATTENTION RELATED TO THE USE OF FORCE
Other department policies refer to the providing of medical attention following the use of force by a member of this department. Some of these policy specifics include considerations unique to the use of certain restraint techniques or approved defensive weapon systems. In general, all department personnel shall provide medical attention to include, first-aid, CPR, and/or requesting EMS personnel following any use of force by the member or by another peace officer, as soon as it is safe to do so. Delays in providing medical attention following a use of force must be reasonable and defensible based on information known and/or reasonably believed at the time, circumstances present at the scene, or other extraordinary aspects of a particular incident.

414.7 AIR AMBULANCE
Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Generally, Fire Department personnel are responsible and have authority for designating a landing zone. Fire Department personnel will communicate with flight personnel during the operation. In certain circumstances, Sheriff’s aviation may be utilized for transport. In these cases, deputies shall follow the instructions from the pilot, and/or tactical flight officer.

Members should follow these cautions when near an air ambulance:

- Headlights, spotlights and flashlights should not be aimed upward at the air ambulance.
- Members should direct vehicle and pedestrian traffic away from the landing zone.
- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.
Medical Aid / Naloxone Protocols

- Consider the effects of flying debris on any crime scene, evidence, or department property that may result during landing.

414.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE
A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

414.8.1 AED USER RESPONSIBILITY
Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED shall contact dispatch as soon as possible and request response by EMS.

414.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

414.8.3 AED TRAINING AND MAINTENANCE
The Chief Deputy or their designee should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Chief Deputy or their designee is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

414.9 NALOXONE PROGRAM
Recognizing the importance of providing rapid aid to individuals in an opioid-induced medical emergency, including Department members inadvertently exposed to fentanyl, the Riverside County Sheriff’s Department is equipping identified personnel with Naloxone.

Naloxone is a medication designed to rapidly reverse opioid overdose. It is an opioid antagonist, meaning that it binds to opioid receptors and can reverse and block the effects of other opioids. It can quickly restore normal respiration to a person whose breathing has slowed or stopped as a result of overdosing with heroin, fentanyl, or prescription opioid pain medications. The Department selected the FDA-approved formulation of Naloxone manufactured by Adapt Pharma, known as Narcan®. Narcan® nasal spray is a prefilled, needle-free device that requires no assembly and is sprayed into one nostril.
The following are procedures on the training, acquisition, deployment, administration, documentation, storage, and disposal of Naloxone based on state law, recommendations from Riverside County Emergency Medical Services Agency (REMSA) and Riverside County Department of Public Health, current Department policy, and best practices from other law enforcement agencies.

414.9.1 TRAINING
Pursuant to Health & Safety Code 1797.197, California Civil Code 1714.22, and California Code of Regulations Title 22, Division 9, Chapter 1.5, all training in the administration of Naloxone shall be in accordance with mandated training guidelines determined and established by the local Emergency Medical Services (EMS) agency. The local EMS agency for Riverside County is the Riverside County Emergency Medical Services Agency (REMSA).

The following ranks shall be trained in the use of Naloxone:

- All sworn personnel at the rank of Sergeant and below, as well as Community Service Officers, at patrol stations, courts, all divisions of the Special Investigations Bureau (SIB), and the Special Enforcement Bureau (SEB).
- All personnel at the rank of Coroner Sergeant and below at the Coroner’s Bureau (except clerical staff), to include Forensic Pathologists, Coroner Technicians, and Forensic Technicians assigned to the Coroner’s Bureau.

Recently, several two-hour Train-the-Trainer (TTT) courses occurred at the Ben Clark Training Center (BCTC) with a representative from REMSA and First Aid/CPR instructors from the required use facilities listed previously. Trainer recertification will occur every two years and will include any updated materials from California Commission on Peace Officer Standards and Training (POST), the State of California, REMSA, and/or revisions to Department policy and procedures. The initial one-hour training to field personnel will be conducted at the station/facility level during extended briefing training or at the commander’s discretion. Personnel will receive their initial issuance of Naloxone upon successful completion of the training. Thereafter, a one-hour recertification will occur every two years during First Aid/CPR recertification.

414.10 ACQUISITION
The assigned Naloxone Program Coordinator at BCTC will be responsible for procuring and storing Naloxone to adequately address the supply and demand for all required users. The Naloxone Program Coordinator shall ensure accurate records are maintained of when the Naloxone units were received by the Sheriff’s Department, the Lot #s, expiration date, the station/bureau delivered to, and disposition (administered, expired, damaged, lost, etc.). Pursuant to Business and Professions Code 4119.9(b), these records will be retained for a minimum of three years.
414.11 DEPLOYMENT
Field personnel who are trained in accordance with mandated guidelines outlined above shall deploy with Naloxone in the field. The Training Lieutenant or their designee at each facility shall be responsible for the following:

- Ensuring all Department members deploying Naloxone have received appropriate training.
- Ensuring replacement of any Naloxone (whether assigned or in the reserve) that is damaged, unusable, expired, or administered.
- Replacing the Naloxone and ensuring there is an adequate supply available for deployment.
- Keeping record of all documented use and verify that Naloxone Usage Report forms are submitted prior to the Department member’s end of shift.
- Completing and submitting a monthly inspection memorandum for any change of inventory (see “Storage” section).

To ensure Naloxone is stored safely and consistent with the manufacturer’s guidelines, it is recommended that on-duty Department members carry their doses of Naloxone in one of the following manners:

- On their person.
- In a readily accessible location within the passenger compartment of their vehicle, motorcycle storage compartments, or bicycle saddle bag.

When off-duty, Department members will store their Naloxone in their locked uniform locker or other secure area within their assigned station/bureau/facility. Naloxone shall not be stored in a vehicle, motorcycle storage compartments, exterior locker, or bicycle saddle bag when the Department member is off-duty.

414.12 ADMINISTRATION OF NALOXONE
Only Department members who have completed Naloxone training are authorized to administer Naloxone when an opioid-related overdose is suspected. Indicators of an opioid-related overdose include, but are not limited to:

- Pinpoint pupils, even in a darkened environment
- Depressed or slow respirations
- Difficulty breathing such as labored breathing or shallow breaths
- Blue skin, lips, or fingernails
- Decreased pulse rate
- Low blood pressure
- Loss of alertness, drowsiness
- Unresponsiveness
Medical Aid / Naloxone Protocols

- Evidence of ingestions, inhalation, and injection such as needles, spoons, tourniquets, needle tracks, bloody nose
- Blood-shot eyes
- History of opioid use or abuse

There is no legal obligation to administer Naloxone. Trained personnel will have the discretion to administer or not administer Naloxone when indicated. Department members who administer Naloxone according to established training protocol are protected from civil and criminal liability if they act with reasonable care and in good faith.

When an opioid-related overdose is suspected, Department members shall treat the incident as a medical emergency and perform the following steps:

(a) Confirm emergency personnel are responding.
(b) Maintain universal precautions and utilize personal protective equipment.
(c) Perform patient assessment.
(d) Determine unresponsiveness.
(e) Update dispatch of potential overdose state.
(f) Follow Naloxone use protocol as outlined in the Naloxone training
(g) Immediately notify responding emergency medical personnel that Naloxone has been administered and the number of doses used.
(h) Notify the Sergeant.

Naloxone may be administered to Department canines who may have been exposed to opioids. The canine shall be transported to an authorized veterinary hospital for treatment. Department members should replace any used Naloxone device with another Naloxone device, prior to going back into service.

414.13 DOCUMENTATION

In all cases when Naloxone is administered, the incident shall be documented utilizing a Naloxone Usage Report Form 459. This form can be found on the MDC Intranet in a fillable Naloxone Usage Report eWorksheet. The form is electronically submitted/forwarded to the Naloxone Program Coordinator at BCTC, the Advanced Officer Training lieutenant and the representative at REMSA. In the event the electronic format is unavailable, an identical fillable form has been placed on the Sheriff’s Intranet in the section, Docs and Forms. This paper version of the Naloxone Usage Report Form can be used in place of the electronic format. When completed, the paper version of the report form shall be emailed to Naloxoneusage@riversidesheriff.org.

If a Department member administers Naloxone and the victim is transported by emergency medical personnel, the call type should be changed to an Assist to Other Department (AOD). Remarks should be added to the text of the call, to include the administration of Naloxone, how many doses were administered, the time(s) of the administration(s), and other pertinent
Medical Aid / Naloxone Protocols

Information. The Naloxone Usage Report Form will be completed by the Department member and submitted/forwarded prior to the end of shift.

If a Department member administers Naloxone and the victim is pronounced deceased, an unattended death report shall be completed, as per existing Department policy. The Department member should include in their incident report the administration of Naloxone, how many doses were administered, the time(s) of the administration(s), and other pertinent information. A Naloxone Usage Report Form shall be completed by the Department member and submitted/forwarded prior to the end of shift. The Naloxone Program Coordinator shall send an annual report to REMSA documenting the total number of administrations in that calendar year.

414.14 STORAGE
Each station/bureau where Naloxone is deployed shall maintain an inventory of Naloxone; enough to replenish one dose of Naloxone to each authorized Department member at that station/bureau. Storage of Naloxone units shall be in a secure area consistent with proper storage guidelines as detailed by the manufacturer, Adapt Pharma, which states Narcan® needs to be stored between 59-77 degrees F and protected from sunlight. Prolonged exposure to freezing temperatures, extreme heat, or direct sunlight may deteriorate the medication and significantly reduce its effectiveness. A monthly inspection memorandum of reserve/un-issued Naloxone is the responsibility of each station/bureau commander or their designee. These memorandums shall be completed for any change of inventory, broken, or defective Naloxone units, and forwarded to the Naloxone Program Coordinator by the 10th day of each calendar month. An annual physical inspection of reserve/un-issued Naloxone units will be verified by the Naloxone Program Coordinator.

414.15 DISPOSAL
Expired and/or damaged Naloxone can enter the regular waste supply without special precautions. If Naloxone is administered, the empty device can be discarded in any trash receptacle because it is not considered medical or biohazard waste. Discarded Naloxone (expire, damaged, or administered) shall be documented on the monthly inspection memorandum (See “Storage” and “Documentation” sections).

414.16 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.
Medical Aid / Naloxone Protocols

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor’s approval.

Nothing in this section should delay a deputy from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the deputy’s training.

414.17  FIRST AID TRAINING
The Chief Deputy should ensure deputies receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).
First Amendment Assemblies

415.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

415.2 POLICY
The Riverside County Sheriff's Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

415.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life, and prevent the destruction of property.

Deputies should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront, or intimidate participants.
(c) Seize the cameras, cell phones, or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
415.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts, assistance in evaluating department performance, serving as training material, recording the use of dispersal orders, and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

415.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets, or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

415.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

415.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin, or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

415.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles, and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with County government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief, and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.
First Amendment Assemblies

415.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

415.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area, and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

415.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

415.8 ARRESTS
The Riverside County Sheriff's Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of deputies and arrestees.
(b) Dedicated arrest, booking, and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

415.9 MEDIA RELATIONS
The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

415.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
**415.11 POST EVENT**
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan  
(b) Any incident logs  
(c) Any assignment logs  
(d) Vehicle, fuel, equipment, and supply records  
(e) Incident, arrest, use of force, injury, and property damage reports  
(f) Photographs, audio/video recordings, Central Dispatch records/tapes  
(g) Media accounts (print and broadcast media)

**415.11.1 AFTER-ACTION REPORTING**
The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used, including the following:

(a) Date, time, and description of the event  
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)  
(c) Problems identified  
(d) Significant events  
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts, or circumstances.

**415.12 TRAINING**
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The department should, when practicable, train with its external and mutual aid partners.
Cite and Release Policy

418.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

418.2 POLICY
It is the policy of the Riverside County Sheriff's Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

418.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, may be released from custody on a citation (Penal Code § 853.6).

The citing deputy shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

418.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual, and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting deputy should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

418.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail.

418.3.3 OTHER REASONS FOR NON-RELEASE
Other reasons for denying citation release in the field may exist beyond those specified in subsection 419.4.1. Such reasons for non-release may include:

(a) Previous failure to appear is on record;
(b) The person lacks ties to the area, such as a residence, job, or family;
(c) Unusual circumstances lead the deputy responsible for the release of prisoners to conclude that the suspect should be held for further investigation.

418.3.4 INSTRUCTIONS TO CITED PERSON
When asking the defendant to sign the citation, the citing deputy shall point out to the defendant the time and place for appearance and take any other steps the deputy deems necessary to ensure that the defendant understands the written promise to appear.

418.4 NON-RELEASE

418.4.1 DISQUALIFYING OFFENSES
An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
(b) Felony domestic battery (Penal Code § 273.5)
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
(d) Intimidation of witnesses and victims (Penal Code § 136.1)
(e) Rape of a spouse (Penal Code § 262)
(f) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person’s workplace or residence (Penal Code § 273.6)
(g) Stalking (Penal Code § 646.9)
(h) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)
(i) Misdemeanor violations for battery upon an officer (Penal Code § 243(b)) and obstructing an officer (Penal Code § 148(a)).

418.4.2 REASONS FOR NON-RELEASE
A person arrested for a misdemeanor may be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety

1. The Riverside County Sheriff’s Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).

(c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.

(d) The person has been cited, arrested, or convicted for theft from a store or vehicle in the previous six months, or there is probable cause to believe the person is guilty of committing organized retail theft, as defined in Penal Code § 490.4(a).

(e) There are one or more outstanding arrest warrants for the person or failures to appear in court on previous misdemeanor citations that have not been resolved (see Misdemeanor Warrants elsewhere in this policy).

(f) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(g) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(h) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(i) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(j) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. An arrest warrant or failure to appear that is currently pending shall constitute reason to believe that the person will not appear. Other reasons may include:

(a) Previous failure to appear is on record

(b) The person lacks ties to the area, such as a residence, job, or family

(c) Unusual circumstances lead the deputy responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form.

418.5 MISDEMEANOR WARRANTS
Cite and Release Policy

An adult arrested on a misdemeanor warrant may be released, unless any of the following conditions exist (Penal Code § 827.1):

(a) The misdemeanor cited in the warrant involves violence.
(b) The misdemeanor cited in the warrant involves a firearm.
(c) The misdemeanor cited in the warrant involves resisting arrest.
(d) The misdemeanor cited in the warrant involves giving false information to a peace officer.
(e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics.
(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety.
(g) The person has other ineligible charges pending against him/her.
(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
(i) The person refuses to sign the notice to appear.
(j) The person cannot provide satisfactory evidence of personal identification.
(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

418.6 POST-BOOKING RELEASES
Refer to Corrections Division Policy Manual section 504.16 for policy on post-booking releases of inmates on misdemeanor citations.
Hazardous Material Response

421.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this Department.

421.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

421.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, fire, or act of terrorism. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting) Unless field personnel know with certainty which hazardous material(s) are presenting a danger, they should consider all of them dangerous until identified otherwise by a competent authority;

(b) Notify fire department;

(c) Provide first aid for injured parties if it can be done safely and without contamination;

(d) Consider evacuation of immediate area and surrounding areas dependent on substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary. Field personnel will not be used in contaminated areas.

421.2.1 INCIDENT COMMAND SYSTEM
Riverside County has adopted the Incident Command System (ICS) for command and control at the scene of a hazardous material incident. The function of the ICS is unified command.

Depending on the location of a contamination emergency, the senior fire department official may be the overall Incident Commander. For instance, the California Highway Patrol may be the lead agency for incidents occurring on freeways. The Incident Commander is responsible for directing all control operations, protecting life and property, etc. The senior ranking deputy sheriff will command Riverside County Sheriff's Department response forces, but report to the overall Incident Commander.
Hazardous Material Response

Hazardous material response is outlined in more detail in the Riverside County Sheriff's Department Emergency Operations Procedures Manual. This manual is stored in the Administrative Sergeant's Office of each station.

421.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via Chain of Command to the Station Commander. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

421.3.1 SUPERVISOR RESPONSIBILITY
Upon being informed that an employee has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure. Supervisors learning of any hazardous material exposure to an employee should follow the procedure as outlined in Policy 1043 and 1058.8 of this manual.
Emergency Services Team (EST)

430.1 PURPOSE AND SCOPE
The Special Enforcement Bureau (SEB) is comprised of specially trained support service teams that provide a higher level of expertise and training, beneficial in handling critical incidents throughout the county. The Emergency Services Team (EST) is a component within the SEB tasked mainly with enforcement operations requiring a specialized degree of planning, weaponry, tactics, and equipment.

The Emergency Services Team (EST) also serves as the Department’s Special Weapons and Tactics Team, commonly referred to as SWAT. There are two additional units directly under EST command, the Fugitive Warrant Enforcement Team (FWET) and the Riverside Off-Road Vehicle Enforcement (ROVE).

This policy will outline general parameters of response, command and control, training, and selection regarding the EST.

430.2 POLICY LIMITATIONS
These policies are not intended to address all situations that may arise involving a critical incident. They are for internal agency administrative purposes and are not intended to create any higher legal standard than is established by law.

430.3 MISSION
Recognizing that the presence of a highly trained, highly skilled law enforcement tactical unit has been shown to reduce the risk of injury or loss of life to citizens, law enforcement personnel, and suspects; and recognizing that a well-managed “Team” response to critical incidents is effective in successful resolution of critical incidents, it is the intent of the Emergency Services Team to provide a highly trained and skilled tactical team as a resource for the department in the handling of critical incidents.

430.4 COMMAND AND CONTROL
The Special Enforcement Bureau is managed by a sworn commander with the rank of Captain.

A Lieutenant shall serve as the secondary Unit Manager and is responsible for direct supervision over the team supervisors and acts as the temporary Bureau Commander in the absence of the SEB Commander.

Each of the respective SEB teams and Emergency Services Team squads will be supervised by a Sergeant.

430.4.1 EMERGENCY SERVICES TEAM MANUAL
Emergency Services Team (EST)

The Emergency Services Team operates under specialized tactics, training, and conduct as outlined in the EST operations policy manual. Each team member of the Emergency Services Team is required to read and provide written acknowledgement of the specialized tactics, training and conduct required of the EST position. Violations of the EST operations policies may result in removal from the Emergency Services Team, and or discipline.

430.5 ACTIVATION OF THE EMERGENCY SERVICES TEAM
EST missions are often performed in hazardous environments where conditions tend to compromise the safety of citizens, law enforcement personnel, and suspects. It shall be the intent of EST to utilize special weapons, tactics, and equipment in an attempt to lessen the risk of injury or death to all those involved during a tactical operation.

(a) Whenever possible, EST should be utilized for the following situations:
   1. Hostage situations
   2. Armed, violent or dangerous barricaded suspects
   3. Sniper situations
   4. High-risk searches, apprehensions
   5. High-risk warrant services
   6. Dignitary protection
   7. Active shooter situations
   8. Special or High-Risk Assignments as directed by the EST Chief Deputy

(b) Any department member may request EST activation through a supervisor, who can then contact EST's command staff or an EST sergeant directly. Any supervisor who requests EST assistance must notify their chain of command as soon as possible.

(c) The EST command staff (lieutenant or above) shall approve all team activations and shall notify the EST Chief Deputy.

(d) In critical incidents, an EST sergeant may activate EST when the sergeant has first-hand knowledge of a life-threatening event and the notification process causes a delay that may further endanger life. The life-threatening events may include hostage situations, sniper, active shooter, or where law enforcement is under fire and needs immediate EST assistance.

(e) EST activations take precedence over all other assignments within the department. A team call-out will include all available EST team members, unless directed by the EST Commander to activate a limited number of team members.

(f) Nothing in this policy shall prohibit Emergency Services Team personnel from responding directly to an incident, absent a request, should they have direct knowledge of the circumstances. Upon arrival, EST personnel will evaluate the situation and determine if additional resources are needed. If the circumstances require immediate defense of life, nothing in this policy shall prohibit EST personnel from using the necessary specialized equipment and/or tactics they possess and immediately intervening. When safe and prudent, EST personnel shall notify EST
Emergency Services Team (EST)

Command Staff of their involvement in an incident, the circumstances, and if additional resources are needed.

(g) A department member submitting a request for a high-risk warrant service out of the department’s jurisdiction should allow the local law enforcement agency for that jurisdiction the option to serve the warrant. If denied by the agency with jurisdiction, EST may serve the warrant.

(h) Mutual Aid requests for activation of EST must be from the requesting agency’s chief law enforcement official or his/her designee. The requesting agency must define whether the request is for primary or secondary assistance.

1. Primary Assistance denotes EST shall assume responsibility and control of the tactical operation.

2. Secondary Assistance denotes EST will assume a support role to the requesting agency’s tactical team. The requesting agency will retain complete operational responsibility and control of the incident. The SEB Commander or designee will respond to the scene and accept mission assignments from the incident commander of the requesting agency. The integrity of EST will remain intact and under direct supervision of the SEB Commander.

(i) Tactical decisions, tactical operations, and tactical control of the scene shall be the responsibility of the EST's Command Staff.

(j) The EST commander or designee shall establish a tactical command post (TCP) and liaison with the Incident Commander.

(k) The TCP will be the point of control to gather, process, disseminate, and apply intelligence.

(l) In most situations the Crisis Negotiations Team (CNT) will be activated with EST. CNT may be utilized without activation of EST at the discretion of EST Command Staff.

(m) At the conclusion of a tactical operation, the Station/Bureau Commander will maintain control of the scene for the purposes of the criminal and/or administrative investigation(s).

430.6 USE OF FORCE

The Emergency Services Team shall follow the DSM Use of Force policy.

(a) Under some extreme conditions, it may become necessary for EST members to employ “Directed Fire.” Directed Fire consists of weapons fire directed at an armed suspect’s location with the intent of incapacitating the suspect(s) and/or preventing the suspect(s) from firing on officers or innocent persons located in vulnerable positions. EST members are accountable for all rounds fired and shall not knowingly endanger innocent persons with unnecessary weapons fire.

(b) In some extreme, urgent circumstances when time is not available to consult with the Incident/ EST Commander, EST members have the authority to act or react to imminent life-threatening situations, which may be outside current mission orders. Every effort should be made to communicate intentions prior to initiating emergency life-saving actions.
430.7 TRAINING AND READINESS STANDARDS
The SEB Commander is required to develop, maintain, and update EST guidelines, tactics, firearm qualifications, and physical fitness standards in the following sections of the SEB operation:

1. Administration
2. Equipment
3. Operations
4. Tactics and Techniques
5. Training

430.8 UNIFORMS AND EQUIPMENT
All department members, including SEB/EST members are required to comply with the department’s uniform policies as outlined in the uniform manual. However, SEB Command staff is authorized to approve assignment specific attire for SEB personnel.

Because of the unique assignment of SEB/EST, tactical situations may require modified attire and equipment specific to the assignment. The SEB Commander must approve all uniform attire for SEB personnel.

The Sheriff may authorize the use of special weapons by members of EST. These weapons include, but are not limited to, semi- and fully-automatic rifles/weapons. Fully automatic rifles/weapons are only for on-duty use.

430.9 SELECTION AND RETENTION
The Emergency Services Team shall be comprised of members with the training and expertise to responsibly engage in tactical command, containment, emergency action, deliberate action and long rifle capabilities.

EST will select all prospective members from a valid applicant pool of eligible sworn personnel created through the testing process. Candidates must meet all departmental requirements to be eligible to participate in the EST selection process as determined by the department.

Generally, EST conducts candidate assessments on a bi-annual basis. Department members will be notified of the assessment process via departmental memorandum.
Aircraft Accidents

434.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

434.1.1 DEFINITIONS
Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use. An aircraft accident is defined as an event in which the NTSB or FAA has the primary investigative authority.

434.2 POLICY
It is the policy of the Riverside County Sheriff to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

434.2.1 DEPUTY RESPONSIBILITY
The duties of the field deputy at the scene of an aircraft accident include:

(a) Determine the nature of the accident and what assistance is needed from additional personnel;
(b) Request additional personnel to respond as needed;
(c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel;
(d) Once emergency medical assistance is established by the fire department, seal off the area and contain it for the on-scene investigation;
(e) Provide crowd control and other assistance until directed otherwise by a supervisor;
(f) Contact the Coroner's Bureau if a death(s) occurs.

The fire department maintains control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Sheriff's personnel will then maintain control of the scene until the arrival of the investigators charged with determining the cause of the accident. Once the scene is relinquished to the investigating authority, Sheriff's personnel may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An Airport Service Worker or the Airport Manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.
434.2.2 PUBLIC INFORMATION OFFICER RESPONSIBILITIES
The Sheriff's Department Media Information Officer is responsible for the following:

(a) Obtain information for a press release from the on-scene commander or designee;

(b) When practical, the Department Public Information Officer should coordinate with the FAA Public Information Officer to prepare a press release for distribution to the media.

(c) Serves as the official Department spokesperson for the incident.

Information released to the press regarding any aircraft accident should be handled by the Department's Public Information Officer, or in accordance with existing policy. Release of such information should be coordinated with the Department's Public Information Officer and FAA Public Information Officer.

434.3 ARRIVAL AT SCENE
Department or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.

(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.

(c) Preserve ground scars and marks made by the aircraft.

(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.

(e) Maintain a record of persons who enter the accident site, by starting and maintaining a critical incident log.

(f) Consider implementation of an Incident Command System (ICS).

434.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

434.5 NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:
434.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner's Office
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene supervisor should ensure the accident is still appropriately investigated and documented.

434.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
(c) Fluids, batteries, flares and igniters.
(d) Evacuation chutes, ballistic parachute systems and composite materials.

434.8 DOCUMENTATION
All aircraft accidents occurring within the County of Riverside shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of department members deployed to assist; other city
or county resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

434.8.1 WRECKAGE
When reasonably safe, members should:

(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
   1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
(e) Acquire copies of any recordings from security cameras that may have captured the incident.

434.8.2 WITNESSES
Members tasked with contacting witnesses should obtain:

(a) The location of the witness at the time of his/her observation relative to the accident site.
(b) A detailed description of what was observed or heard.
(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
(d) The names of all persons reporting the accident, even if not yet interviewed.
(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

434.9 MEDIA RELATIONS
The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.
Employee-Involved Traffic Collisions

435.1 DEPARTMENT MEMBER RESPONSIBILITIES - TRAFFIC COLLISIONS
All department employees, while on-duty or while operating a department vehicle, shall drive with due regard for the safety of others in accordance with the California Vehicle Code and relevant policies (See Deputy Response to Calls and Seatbelts Policy). In conjunction with DSM policies intended to prevent traffic collisions, this policy outlines the actions expected of department members following an on-duty collision, or collision involving a department vehicle.

435.2 FOLLOWING A COLLISION
1. Following any on-duty collision, or any collision involving a department vehicle, the involved employee(s) shall, if able:
   (a) Tend to own urgent medical needs;
   (b) Request/direct any resources needed;
   (c) Notify dispatch and a supervisor;
   (d) Secure any prisoner(s);
   (e) Provide medical aid/rescue to injured parties.
   (f) Make a reasonable effort to divert oncoming traffic;
   (g) Provide relevant updates via radio.

435.3 SUPERVISOR RESPONSIBILITIES
(a) Supervisors are required to respond to traffic collisions involving department vehicles. If the employee’s supervisor is not available, an on-duty supervisor from the closest field station shall respond. The supervisor shall:
   (a) Assume command of the scene and any further response;
   (b) Ensure appropriate medical aid is provided/offered to all parties;
   (c) Assign other personnel to any emergency call the involved unit was responding to;
   (d) Document the collision (including photographs);
   (e) Record statement(s) of other drivers/witnesses;
      (a) Such statements should include a focus upon descriptions of injuries, degree of pain, mobility level, desire for medical treatment, etc.
   (f) Secure any relevant BWC video;
   (g) Canvas area for other video, secure a copy, or document its location if not immediately retrievable;
(h) Supervisors should take note of any impairment on the part of any involved driver and take appropriate action to preserve the integrity of any resulting investigation(s) and evidence;

(i) Supervisors shall conduct an assessment regarding the need for personnel specially trained in drug recognition or impaired driving investigations;

(j) Supervisors shall conduct an assessment regarding the need for a response by the Professional Standards Bureau or Risk Management;

(k) Ensure a traffic collision investigation report is completed. The traffic collision investigation report should generally be conducted by an allied law enforcement agency, if reasonably available. If an unreasonable delay to involved parties exists, consider requesting a report from a neighboring sheriff’s station;

(l) In some instances, a traffic collision report may not be required. Supervisors should consult with their command staff when deciding not to have a traffic collision investigation completed. For example, a collision report is not needed when an employee collides with a pole within the confines of the station parking lot. Because of the collision, there is only superficial damage to the department vehicle, no private vehicles were involved, and nobody was injured. Generally, all of the following circumstances should be present when electing not to conduct a traffic collision investigation:
   (a) There is no damage to private property;
   (b) No privately-owned vehicles were involved;
   (c) The damage to county vehicles is very minor;
   (d) No injuries were caused or claimed.

(b) Supervisors are required to notify their chain of command, as soon as possible, of any collision involving a department vehicle resulting in an injury to an employee, another person, or property damage (See Incident Notifications Policy).

(a) Every department-involved collision, regardless of injury, shall be briefly described to the Professional Standards Bureau via email at PSBADMIN@riversidesheriff.org as soon as possible. Contact information shall be included for all involved parties.

(c) Supervisors shall direct involved personnel and witness employees to complete a detailed memorandum describing the circumstances surrounding the collision. All employees shall be afforded a reasonable length of time to consult with an employee representative before submitting their memorandum if they desire.

(d) Supervisors will utilize the Blue Team Incident Submission and Approval Portal to document and route all traffic collisions to their commanders (via the chain-of-command). Supervisors will upload all relevant documents, photographs, and recordings.

(e) Supervisors shall insure that Riverside County Fleet Services is notified regarding damaged vehicles and needed repairs by submitting a completed Accord Form within 24 hours of the incident.
Employee-Involved Traffic Collisions

435.4 COMMANDER RESPONSIBILITIES

(a) Commanders shall ensure that those under their command have received all appropriate medical attention, that worker's compensation forms have been submitted if required, and provide any other reasonable assistance that their personnel may need or request after involvement in a collision.

(b) Commanders shall notify their Division Chief Deputy of any collision involving a department vehicle that results in injury to an employee, other parties, or significant property damage (See Incident Notifications Policy for notification protocols).

(c) Commanders shall ensure proper assignment and handling of any investigation that may result from a collision.

(d) Commanders shall review and approve all Blue Team submission documents and forward as required.

(e) Commanders are responsible for reviewing the circumstances of collisions involving department vehicles within their commands and to recognize and address any inherently dangerous road or equipment conditions, patterns, driving behaviors, or training needs that may be revealed by such analysis.

(f) When a department employee is at fault for a collision, commanders shall determine the appropriate corrective action based on the totality of the circumstances. All employees determined to be at-fault for a traffic collision, shall attend supplemental driver training in a course determined by the commander and the Training and Education Bureau. Commanders shall ensure any action taken is in accordance with current Memorandums of Understanding, Riverside County Policies, and Sheriff's Department Policies. See Minor Misconduct Policy for applicability to a traffic collision.
Mental Illness Commitments

439.1 PURPOSE AND SCOPE
This policy provides guidelines for when deputies may take a person into custody for psychiatric evaluation and treatment pursuant to Welfare and Institutions Code § 5150.

439.2 POLICY
It is the policy of the Riverside County Sheriff’s Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment process.

439.3 AUTHORITY
A deputy having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the deputy believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, deputies are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person
(b) A family member
(c) The person subject to the determination or anyone designated by the person

439.4 CONSIDERATIONS AND RESPONSIBILITIES
Any deputy handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions
(b) Community or neighborhood mediation services
(c) Conflict resolution and de-escalation techniques
(d) Community or other resources available to assist in dealing with mental health issues

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.
439.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the deputy shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The deputy taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the deputy shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

439.5 TRANSPORTATION
Deputies may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy and the vehicle code. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Watch Commander approval is required before transport commences. Transport by non-sworn personnel shall be evaluated, taking into consideration the detainee's demeanor, level of cooperation and any criminal charges.

439.5.1 EXCITED DELIRIUM SYNDROME
Deputies should not transport those persons believed to be suffering from Excited Delirium Syndrome (EDS) and instead should refer those persons to EMS personnel for treatment under existing EMS protocols and policies. When either dispatch or deputies believe that a call may involve a suspect experiencing EDS, they should request that EMS stage.

The following are signs and symptoms of EDS:

(a) Extremely aggressive or violent behavior
(b) Attraction to lights, sounds, glass or reflective surfaces
(c) Ongoing struggle despite futility
(d) Unusual physical strength and stamina
(e) Extremely hot to the touch or sweating profusely
(f) Unintelligible animal like noises or speech that is inconsistent and does not make sense
(g) Rapid Breathing
(h) Failure to recognize or respond to police presence at the scene
(i) Nudity or inappropriate clothing for the environment
(j) Suspected or known psychiatric illness
Mental Illness Commitments

(k) Suspected or known stimulant drug or alcohol intoxication
(l) Constant or near constant physical activity

439.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the deputy should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

439.7 DOCUMENTATION
The deputy shall complete the 5150 Worksheet (RSD form A10) and complete the 5150 e-Worksheet via the MDC or Sheriff's Intranet. The number generated by the eWorksheet shall be placed in the appropriate box on the 5150 Worksheet. The deputy shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for deputy involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

439.7.1 ADVISEMENTS AND RESOURCES
The deputy taking a person into custody for evaluation shall advise the person of:

(a) The deputy’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
(c) The name of the facility to which the person is being taken.
(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the deputy must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The deputy should also ask if the person needs assistance turning off any appliance or water.
Mental Illness Commitments

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

Deputies shall leave a copy of the "What to do in a Mental Health Crisis" pamphlet at the residence or with a family member of the detainee and document to whom the pamphlet was provided. The pamphlet is available on the Sheriff's Intranet under the "Patrol Ops" heading.

439.8 CRIMINAL OFFENSES
Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate and according to the victim's wishes.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

(a) Arrest the individual when there is probable cause to do so.
(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
(c) Facilitate the individual's transfer to jail.
(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment or the implementation of processes pursuant to Penal Code § 4011.6.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

439.9 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling deputies should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons pursuant to the authorities in Welfare and Institutions Code § 8102(a).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place for the specific purpose of searching for weapons, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent).

The handling deputies shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Deputies shall advise the
person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)).

439.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS
Whenever the handling deputy has cause to believe that the future return of any confiscated weapon might endanger the person or others, the deputy shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

439.10 TRAINING
This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.
Homeless Persons

440.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes. The Department recognizes that homeless persons are often in need of outreach services and other unique law enforcement actions. The Department will address these needs in balance with our overall mission. Therefore, personnel will consider the following when serving the homeless community.

440.1.1 POLICY
It is the policy of the Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this Department will not use homelessness solely as a basis for detention or law enforcement action.

440.2 HOMELESS OUTREACH TEAM
The Sheriff will designate member(s) of the Department to act as homeless liaison officers comprising the Homeless Outreach Team (HOT). Their responsibilities include the following:

(a) Identify homeless persons and encampments within Riverside County and maintain a list of such encampments;
(b) Maintain and make available to all Department employees a list of assistance programs and other resources that are available to the homeless;
(c) Meet with social services and representatives of other organizations (Housing Authority, VA, RUHS, etc.) that render assistance to the homeless;
(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
   1. Proper posting of notices of trespass and clean-up operations; (Revised department-standard 602 letter (RSD Form 469) is available on the intranet under "Field Ops")
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.
(e) Assist stations with coordinating events to address homeless encampments and other issues involving the homeless;
(f) Be present during any clean-up operation conducted by this Department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated;
(g) Develop training to assist Department personnel in understanding current legal and social issues relating to the homeless;
(h) Develop a tracking mechanism to document programs and accomplishments in order to prepare an annual report related to the HOT and its efforts.

440.3 STATION LIAISONS
All patrol stations, at the discretion of the station commander, shall designate primary and secondary liaisons (sworn employees) to act as the point of contact with the Homeless Outreach Team. Station liaisons are responsible for the following:

(a) Identify homeless persons and encampments in and near station boundaries
(b) Collaborate with the HOT to facilitate station-level programs and training
(c) Coordinate enforcement action as needed to address:
   1. Trespassing (Revised department-standard 602 letter (RSD Form 469) is available on the intranet under "Field Ops")
   2. Stolen shopping carts
   3. Loitering
   4. Panhandling
   5. Squatting
   6. Other criminal acts
(d) Coordinate the annual Point in Time (PIT) count
(e) Serve as the Point in Time (PIT) count leader
(f) Update station management and personnel on current laws, trends, and strategies to address homeless issues
(g) Write press releases related to homeless operations or programs

440.3.1 COUNTY-LEVEL RESOURCES
Field deputies should know that other agencies within the county also have personnel assigned to address the homeless population and its impacts. Deputies assigned to patrol and HOT are encouraged to communicate with and seek the assistance of Riverside County's Senior Program Specialists who can be reached during daytime hours at two phone numbers available on the MDC Homeless SOI. Sr. Program Specialists work closely with all county agencies and can coordinate with us, Fire, Flood Control, Code Enforcement, and the Parks Department to mitigate encampments, abandoned property and other impacts.

440.4 FIELD CONTACTS
Deputies are encouraged to contact the homeless for purposes of rendering aid and support, and for community-oriented policing purposes. Nothing in this policy is meant to dissuade deputies from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a
breach of the peace, deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest. Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

440.4.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses, or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult / Elder Abuse policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates they do not desire prosecution.

440.5 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies shall use reasonable care when handling, collecting, and retaining the personal property of homeless persons and shall not destroy or discard such property without legal cause.

When a homeless person is arrested or otherwise removed from a public place, deputies shall make reasonable accommodations to permit the person to lawfully secure their personal property. Otherwise, the personal property shall be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor shall be consulted when reasonably available. The property shall be photographed and measures shall be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property. Personal property taken from a homeless person shall be collected and stored (minimum of 90 days) in compliance with existing laws and policy. Exceptions to storing personal property for safekeeping include:

(a) Soiled property (urine, feces, saliva, blood, vomit)
Homeless Persons

(b) Drenched clothing or material that cannot be wiped dry
(c) Perishable food / drinks
(d) Open containers that are unable to be sealed for storage

A supervisor must approve leaving such property in place and should ensure the property is photographed or video recorded where it was left and such actions documented in a report. Deputies should explain the reasons for leaving property in place, both to the owner and in reports, and should attempt to gain consent to do so.

Deputies should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or a Department homeless liaison deputy. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the station homeless liaison deputy or the Homeless Outreach Team.

Deputies who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform a homeless liaison deputy if such property appears to involve a trespass, blight to the community, or is a subject of a complaint. It will be the responsibility of the station homeless liaison deputy / Homeless Outreach Team to address the matter in a timely fashion.

440.6 MENTAL ILLNESS AND MENTAL IMPAIRMENT
Some homeless persons may suffer from a mental illness or a mental impairment. Deputies shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (as would apply to any person falling under the provisions of applicable law).

When a mental illness hold is not warranted, the deputy should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

440.7 ECOLOGICAL ISSUES
Sometimes homeless encampments can impact the ecology and natural resources of the community, and may involve criminal offenses beyond mere littering. Deputies are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs, and supervisor notification.
 Immigration Violations

445.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Department relating to immigration and interacting with federal immigration officials.

445.1.1 DEFINITIONS
The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

445.2 POLICY
It is the policy of the Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this Department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

445.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity, or national origin in any way that would violate the United States or California constitutions.

445.4 IMMIGRATION ENFORCEMENT INQUIRIES PROHIBITED
Deputies shall not inquire into an individual's immigration status for immigration enforcement purposes, and shall not assist with or perform the functions of an immigration officer whether formally or informally (Government Code § 7284.6). This does not prevent employees from asking arrestees / inmates about place of birth or citizenship to comply with consular notification requirements (834c PC), or to inquire about legal status to comply with or enforce other state laws (e.g., 26505 PC).
Immigration Violations

445.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)
Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual’s record (Government Code § 15160).

445.5 DETENTIONS AND ARRESTS
A deputy shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b) (2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

A deputy shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

A deputy should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

445.5.1 BASIS FOR CONTACT
The fact that an individual is suspected of being an undocumented alien alone shall not be the only basis for contact, detention, or arrest.

445.5.2 IDENTIFICATION
If a person is detained pursuant to the authority of Vehicle Code § 40302(a), that person may be detained upon approval of a supervisor for a reasonable period not to exceed two hours for the purpose of establishing their true identity (Vehicle Code § 40307(b)). When practicable, the use of a fingerprint scanner should be used to facilitate and expedite the identification of the person. If a fingerprint scanner is not available, the person may be taken to the station for fingerprinting, taken before a magistrate (Vehicle Code § 40302(a), 40305(a), or 40307(a)), or booked in jail (Vehicle Code § 40307(a)). Other reasonable means to identify the person can be used as well (e.g., telephone calls, etc.). If the person’s identity cannot be established, deputies have the
discretion to release them after they sign the citation and affix a thumbprint to it (Vehicle Code § 40305(a)).

445.5.4 SUPERVISOR RESPONSIBILITIES
When notified that a deputy has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

(a) Transfer the person to federal authorities.

(b) Transfer the person to jail.

445.5.4 INTERPRETATION SERVICES
Employees shall not use immigration authorities as interpreters for law enforcement matters relating to individuals in custody (Government Code § 7284.6).

445.6 FEDERAL REQUESTS FOR ASSISTANCE
Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this Department should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

445.6.1 SUPPORT SERVICES
Dispatch will forward all requests for assistance to the designated area watch commander. Records and clerical personnel shall immediately notify a supervisor or manager for any requests for assistance other than that which is outlined in Section 445.7.

445.6.2 FEDERAL USE OF DEPARTMENT FACILITIES
Immigration authorities cannot be provided with dedicated office space within Department facilities, or house federal detainees for purposes of civil immigration custody (Government Code § 7284.6).

445.6.3 TASK FORCE ACTIVITIES
Employees may conduct enforcement or investigative activities associated with a joint law enforcement task force, including the sharing of confidential information with other law enforcement agencies for the purposes of task force investigations, if the following conditions are met (Government Code § 7284.6):

(a) The primary purpose of the joint law enforcement task force is not immigration enforcement as defined in Government Code § 7284.4(f)

(b) The enforcement or investigative duties are primarily related to the violation of state or federal law unrelated to immigration enforcement

(c) Participation in the task force does not violate any local law or policy to which it is otherwise subject

The lieutenant over the Crime Analysis Unit (CAU) will provide the California Attorney General with the following information in an annual report (Government Code § 7284.6(c)): 
Immigration Violations

(a) The purpose of the task force
(b) The federal, state, and local law enforcement agencies involved
(c) The total number of arrests made during the reporting period
(d) The number of people arrested for immigration enforcement purposes
(e) The number of transfers completed based on a judicial warrant, judicial probable determination, or according to the provisions of Government Code § 7282.5

445.7 INFORMATION SHARING
No member of this Department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

(a) Sending information to, or requesting or receiving such information from federal immigration officials
(b) Maintaining such information in Department records
(c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

445.7.1 IMMIGRATION DETAINERS
No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).

Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

(a) The individual has been arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).
(b) The individual has been arrested and had a judicial probable cause determination for a felony punishable by time in a state prison.
(c) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
(d) The individual is a current registrant on the California Sex and Arson Registry.
(e) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

445.7.2 NOTICE TO INDIVIDUALS
Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with
Immigration Violations

information as to whether the Department intends to comply with the request (Government Code § 7283.1).

If the Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

445.7.3 ICE INTERVIEWS
Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present (Government Code § 7284.6). The consent form must be available in the languages specified in Government Code § 7283.1.

445.7.4 TRANSFERS TO IMMIGRATION AUTHORITIES
Members shall not transfer an individual to immigration authorities unless one of the following circumstances exist (Government Code § 7282.5; Government Code § 7284.6):

(a) Transfer is authorized by a judicial warrant or judicial probable cause determination.
(b) The individual has been convicted of an offense as identified in Government Code § 7282.5(a).
(c) The individual is a current registrant on the California Sex and Arson Registry.
(d) The individual is identified by the U.S. Department of Homeland Security’s Immigration and Customs Enforcement as the subject of an outstanding federal felony arrest warrant.

445.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
The lieutenant over the CAU shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the DOJ (Government Code § 7284.6(c)(2)).

445.8 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Bureau supervisor assigned to oversee the handling of any related case. The Detective Bureau supervisor should:
Immigration Violations

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

(e) Inform the victim liaison of any requests and their status.

445.8.1 TIME FRAMES FOR COMPLETION

Deputies and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Deputies and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim’s family, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within seven days of the first business day following the day the request was received.

445.8.2 REPORTING TO LEGISLATURE

The lieutenant over the CAU shall ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

445.8.3 POLICE REPORTS

Upon request, a deputy or supervisor should provide a victim or authorized representative with a copy of the report filed by the victim within seven days of the request (Penal Code § 679.10).
Immigration Violations

445.9 RESOURCES

445.10 TRAINING
The training manager should ensure that all appropriate members receive training on immigration issues.

Training should include:

(a) Identifying civil versus criminal immigration violations.
(b) Factors that may be considered in determining whether a criminal immigration violation has been committed.
(c) Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).
Foreign Diplomatic and Consular Representatives

446.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Riverside County Sheriff's Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

446.2 POLICY
The Riverside County Sheriff's Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

446.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.

(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.

(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.

(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
446.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

1. Diplomatic-level staff of missions to international organizations and recognized family members
2. Diplomatic agents and recognized family members
3. Members of administrative and technical staff of a diplomatic mission and recognized family members
4. Career consular officers, unless the person is the subject of a felony warrant

(e) The following persons may generally be detained and arrested:

1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
2. Support staff of missions to international organizations
3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
4. Honorary consular officers
5. Whenever a deputy arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the deputy shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the deputy shall begin the notification process.
Foreign Diplomatic and Consular Representatives

446.5 DOCUMENTATION
All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC DEPUTY DEPLOYMENT
Several factors are considered in the development of deployment schedules for deputies of the Riverside County Sheriff's Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) and the Crossroads Collision Database are valuable resources for traffic accident occurrences and therefore deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All deputies shall maintain high visibility while working general enforcement, especially at high accident-rate locations.

The department may employ the use of checkpoints for the purpose of gathering information relevant to an investigation, or during specific traffic enforcement programs. Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.2.1 UNINCORPORATED AREAS
Traffic enforcement is not a mandated function of the Sheriff in unincorporated areas of the county. Traffic enforcement is a primary duty of the Sheriff in contract cities.

Deputies assigned to unincorporated areas shall enforce only aggravated, serious traffic violations. Unincorporated areas identified with recurring violations, insufficient signage, or other conditions contributing to vehicle code violations should be brought to the attention of the California Highway Patrol.
500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating a deputy’s overall performance (Vehicle Code § 41603). The visibility and quality of a deputy’s work effort will be commensurate with the philosophy of this policy. Several methods, not just citations, are effective in the reduction of collisions:

500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS
Citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

(a) Explanation of the violation or charge;
(b) Court appearance procedure including the optional or mandatory appearance by the motorist;
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court;

Once issued, a citation shall not be cancelled, concealed or otherwise destroyed without notifying a supervisor of the circumstances and communicating with the applicable court regarding the reason for cancellation. Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal (CVC 40500(d)).

Once issued, a citation that is not to be lawfully cancelled shall be submitted and processed in a timely manner (CVC 40506).

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the deputy, such as reckless driving with extenuating circumstances
Traffic Function and Responsibility

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If a deputy contacts a traffic violator for driving on a suspended or revoked license, the deputy may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the deputy. The deputy shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The deputy will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the department member.

500.6 TRAFFIC SERVICES COMMITTEE
Commanders of stations having contract cities may designate a representative to serve on a Departmental Traffic Services Committee. The Traffic Services Committee, if created, shall:

(a) Advise on development of programs and procedures relating to traffic;
(b) Advise on development of standard forms for traffic enforcement and accident reporting;
(c) Maintain SWITRS reports;
(d) Assist stations in analyzing their traffic statistics;
(e) Coordinate the department's traffic training programs with the Training and Education Bureau;
(f) Maintain liaison with other traffic related agencies;
(g) On request, provide stations with in-service training;
(h) On request, provide station with technical assistance in traffic enforcement and accident investigations;
(i) Convene as needed.
Impaired Driving

504.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

This directive replaces DD #86-020 in its entirety and will specify policy and procedure related to the collection of evidence during DUI and other criminal investigations where blood or urine evidence is germane to proving elements of the crime.

504.2 POLICY
The Riverside County Sheriff's Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California’s impaired driving laws.

504.3 INVESTIGATIONS
All deputies are expected to enforce DUI laws with due diligence.

The traffic sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist in the investigation of DUI, documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using current and valid forms. Information documented on these forms does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

(a) The field sobriety tests (FSTs) administered and the results.
(b) The deputy's observations that indicate impairment on the part of the individual, and the deputy's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
(c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
(d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
(e) The location and time frame of the individual’s vehicle operation and how this was determined.
(f) Any prior related convictions in California or another jurisdiction.

504.4 FIELD TESTS

Deputies should use the Standardized Field Sobriety Tests (SFST) approved by the National Highway Traffic Safety Administration (NHTSA) and any approved alternate tests when investigating violations of DUI laws.
504.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.

(b) The person is under 21 years of age and is arrested by a deputy having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).

(c) The person is under 21 years of age and detained by a deputy having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).

(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 STATUTORY NOTIFICATIONS
Deputies requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

504.5.2 PRELIMINARY ALCOHOL SCREENING
Deputies may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The deputy shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The deputy shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

504.5.3 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21
If a deputy lawfully detains a person under 21 years of age who is driving a motor vehicle and the deputy has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the deputy shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the deputy may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the deputy shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).
504.5.4 CHOICE OF TESTS
Deputies shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the deputy shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the deputy may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

504.5.5 BREATH SAMPLES
The deputy should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to a sergeant.

When the arrested person chooses a breath test, the handling deputy shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The deputy should also require the person to submit to a blood test if the deputy has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the deputy’s belief shall be included in the deputy’s report (Vehicle Code § 23612(a)(2)(C)).

Deputies under no circumstances shall share or loan their own, or utilize another employee's ID number or access card in order to use or activate any breath analysis device during an investigation.

504.5.6 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.
The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

504.5.7 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by a deputy or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

504.6 REFUSALS
When an arrestee refuses to provide a viable chemical sample, deputies should:

(a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
(b) Audio- and/or video-record the admonishment when it is practicable.
(c) Document the refusal in the appropriate report.

504.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.6.2 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test, only after a search warrant has been obtained pursuant to Penal Code 1524.

Deputies should be aware that:

(a) Parole or probation status alone is not sufficient to avoid the warrant requirement. Each arrestee's specific conditions should be researched and confirmed.

(b) A driver's license holder's "Implied Consent" is not sufficient to avoid the warrant requirement.
504.6.3 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

The responding supervisor, after having confirmed that a search warrant has been obtained, should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy) and attempt to persuade the individual to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.

1. The sergeant and all deputies involved shall give careful risk-management consideration to using force to obtain blood evidence from extremely elderly arrestees, injured arrestees, or obviously pregnant arrestees. The total circumstances of a given investigation may not warrant force given the existence of these, or other, aggravating factors.

(c) Ensure that the blood sample is taken in a medically approved manner.

(d) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(e) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:

(f) Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

(g) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(h) In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

(i) In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(j) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

(k) Force may also be used under these guidelines to collect a blood sample in felony cases, other than DUI, where the arrestee's suspected drug or alcohol impairment has a direct and relevant nexus to proving the elements of a FELONY child abuse, neglect, or endangerment charge. The arrestee must refuse to voluntarily submit to the draw and a search warrant seeking evidence of the felony charge, shall be obtained before force is used to seize the sample.

1. Force shall not be used when the only charge is 11550(a) HS, nor shall search warrants be sought to seize samples in 11550(a) HS cases.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.
504.7 ARREST AND INVESTIGATION

504.7.1 WARRANTLESS ARREST
In addition to the arrest authority granted to deputies pursuant to Penal Code § 836, a deputy may make a warrantless arrest of a person that the deputy has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.

504.7.2 DEPUTY RESPONSIBILITIES
The deputy serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver’s license to the Department of Motor Vehicles (DMV).
(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

504.8 CLERICAL RESPONSIBILITIES
The clerical/records staff at each station or bureau will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

504.8 ADMINISTRATIVE HEARINGS
The administrative staff will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any employee who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Any employee who testifies at an administrative hearing should document the hearing date, time and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.
504.9 TRAINING
Department members participating in DUI investigations should attend DUI-related training classes that include, at a minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations.
Chapter 6 - Investigation Operations
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY
It is the policy of the Riverside County Sheriff's Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INVESTIGATION AUTHORITY AND PROTOCOL
The Sheriff has the responsibility and authority for all investigations conducted by the department. Operational responsibility for all investigations is at the bureau, station, or facility level. All divisions of the department can conduct criminal, non-criminal, and administrative investigations for the department or an allied agency. Throughout any investigation, the following protocols will generally apply:

(a) Any member of the department can be assigned to conduct or assist with an investigation.

(b) A criminal investigation shall not be delayed by an administrative investigation, both are to be conducted separately.

(c) When assigned to, or lawfully assuming control of any criminal investigation, the employee is in charge. The assigned employee will be in command of the scene and will take precedence over all ranks at the scene and elsewhere in connection with the investigation, unless specifically relieved of the responsibility by a superior officer. (This does not relieve supervision of its responsibilities or authority during any investigation or other assignment).

(d) When an employee is relieved of an investigation there shall be a review by the Commander regarding the circumstances. Reassignment for operational purposes is not considered relief from an investigation.

(e) During an investigation, if information comes to light which would be considered a conflict of interest or render the employee ineffective for that investigation, that finding shall be immediately reported to a supervisor.

(f) Should an employee identify another member as having a detrimental effect on a department investigation, that finding shall be immediately reported to a supervisor.

(g) When conducting an investigation and information indicates that a departmental member may be involved in a criminal act, that finding shall be immediately reported to a supervisor.

(h) An employee is responsible for the proper investigation of all assignments, and for appropriate disposition of all assigned cases.
Investigation and Prosecution

600.4 INITIAL INVESTIGATION

600.4.1 DEPUTY RESPONSIBILITIES

A deputy responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the deputy shall:
   (a) Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   (b) Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   (c) If assistance is warranted, or if the incident is not routine, notify a supervisor.
   (d) Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
   (e) Collect any evidence.
   (f) Take any appropriate law enforcement action.
   (g) Complete and submit the appropriate reports and documentation in a timely manner.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.4.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of a deputy shall be requested.

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the Miranda warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.
Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the case agent's supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings, such as BWC recordings, should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5.2 MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.
(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
(g) The questions are part of a routine processing or booking, and are not an interrogation.
(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.
Investigation and Prosecution

The department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.6 DISCONTINUATION OF INVESTIGATIONS
The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately and as required.

(b) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(c) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(d) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(e) Investigation has proven that a crime was not committed and such proof has been documented.

(f) The statute of limitations has expired under all circumstances that would allow prosecution of the offender.

The Domestic Violence, Child Abuse Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor. None of these circumstances absolve an assigned department member from properly documenting an incident in an initial report as required by department policy.

600.7 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Chief Deputy. Any authorized request to modify the charges or to recommend dismissal of charges shall then be made to the prosecutor.

600.8 COMPUTERS AND DIGITAL EVIDENCE
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.
600.9 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by department members while on-duty and for purposes related to the mission of this department. If a department member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the department member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The department member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release policy).

600.9.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.9.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Deputies should seek legal and supervisor counsel before any such interception.

600.10 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

All wiretap investigations/electronic communication intercepts will be coordinated and controlled by the Special Investigations Bureau Commander. The Department, in conjunction with state
and federal law, must adhere to Title III of the Omnibus Crime Control and Safe Street Act of 1968, and the California Electronic Communications Privacy Act (ECPA) of 2016. Those provisions, certifications, policies, procedures, and laws are outlined in the "wiretap/electronic communications intercepts" in the Special Investigations Bureau Manual.

Any station, bureau, or facility within the Department wanting to start a wiretap/electronic communication intercept investigation shall make a formal request to the Special Investigations Bureau to coordinate all activities associated with this type of investigation.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department’s usage and privacy procedures and all applicable laws.
Eyewitness Identification

604.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1 DEFINITIONS
Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY
The Riverside County Sheriff’s Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 EYEWITNESS IDENTIFICATION
Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures (Penal Code § 859.7).
604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Detective Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

(a) The date, time and location of the eyewitness identification procedure.
(b) The name and identifying information of the witness.
(c) The name of the person administering the identification procedure.
(d) If applicable, the names of all of the individuals present during the identification procedure.
(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
(k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.
Eyewitness Identification

604.6 DOCUMENTATION
A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.6.1 DOCUMENTATION RELATED TO RECORDINGS
The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION
If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

604.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The department member presenting the photographic lineup may do so sequentially using the folder shuffle method (i.e., show the witness one person at a time) or simultaneously. Regardless of method, the witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.7.1 OTHER SAFEGUARDS
Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that that may validate or invalidate an eyewitness’ identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).
Eyewitness Identification

604.8 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:
   (a) The length of time the witness observed the suspect.
   (b) The distance between the witness and the suspect.
   (c) Whether the witness could view the suspect’s face.
   (d) The quality of the lighting when the suspect was observed by the witness.
   (e) Whether there were distracting noises or activity during the observation.
   (f) Any other circumstances affecting the witness’s opportunity to observe the suspect.
   (g) The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.
Facial Recognition Technology

605.1 PURPOSE AND SCOPE
The department and its members use a variety of investigative tools and technologies to help identify, arrest and successfully prosecute criminal offenders. Facial Recognition is a powerful investigative tool which may assist law enforcement in their efforts, by providing viable suspect lead(s) for a crime already committed, to assist in identifying person(s) legally detained for enforcement purposes, and/or to help identify at risk person(s) or incapacitated individuals. The facial recognition program is administered by Riverside CAL-ID, as authorized by the Sheriff.

This policy will serve to provide all department personnel with standards, guidelines, and recommendations for the collection, access, use, dissemination, retention, and purging of images and related information applicable to the department’s facial recognition program. This policy will ensure that all facial recognition uses are for official use only and consistent with authorized purposes, while not violating the privacy, civil rights, and civil liberties of individuals. All information obtained from facial recognition search requests is considered law enforcement sensitive.

605.2 POLICY
This policy and its references apply to all department personnel and to all law enforcement personnel who are granted direct access to the DataWorks Plus facial recognition system, as well as personnel who are permitted to request facial recognition searches. Any personnel from an outside law enforcement agency requesting facial recognition searches for an investigation must adhere to this policy.

605.3 FACIAL RECOGNITION REQUESTS AND USE PROCEDURES
The Riverside County Sheriff's Department shall adhere to the policies and procedures outlined in the Riverside CAL-ID Biometric Identification Network -Facial Recognition Policy. This document is available on the Sheriff's Intranet Homepage under "Facial Recognition Tool." The Facial Recognition Policy may also be accessed on the department’s website. https://www.riversidesheriff.org/620/Support-Services
Investigative Funds

608.1 PURPOSE AND SCOPE
The department shall maintain funds to be used for investigative purposes. Investigative funds shall be part of the budgetary process and overall control shall be maintained at the administrative levels of the department. Physical distribution of funds to individual case agents may be conducted and tracked at the station or bureau level.

608.2 AUTHORIZED PURPOSES
Investigative funds are to be utilized for investigative expenditures. Investigative expenditures include, but are not limited to, the following:

A. Purchase of evidence and/or contraband
B. Purchase of information
C. Costs of special operators or informants
D. Other investigative needs as determined by the case currently under investigation.

608.3 DEPARTMENT MEMBER RESPONSIBILITIES
All department employees who use investigative funds are responsible for such funds and shall employ proper safeguards to ensure the security of such funds. Supervisors of employees who are using investigative funds shall ensure that the funds are spent following the law and policies of the department. Supervisors shall maintain control of the use of the funds. Control of investigative funds shall include a bookkeeping system at the unit level that ensures proper maintenance and audit of such funds.

608.4 DOCUMENTATION
Department members who use investigative funds shall maintain proper documentation of expenditures. All documentation is subject to review and audit at any time and frequency determined by the department. See the Informants Policy for additional guidelines and requirements regarding the use of investigative funds.
Unmanned Aerial System (UAS) Operations

612.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines and procedures for the use of an Unmanned Aerial System (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS. The operation, staffing, training, and deploying of UAS assets is managed by the commander of the Special Enforcement Bureau.

612.2 POLICY
Unmanned aerial systems may be utilized to enhance the department’s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

612.3 DEFINITIONS
Definitions related to this policy include:

Unmanned Aerial System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

Remote Pilot in Command (RPIC) - The person who is ultimately responsible for the overall operation. The RPIC shall ensure the flight is conducted safely, lawfully, and all necessary notifications have been made, including a Notice to Airman (NOTAM) where applicable. The RPIC may or may not be the person actually flying the UAS.

Person Manipulating the Controls (PMC) - The person who is piloting / physically controlling the flight of the UAS through the remote controller. If this person is not the RPIC, then the PMC shall be under the direct supervision of the RPIC.

Visual Observer (VO) - Personnel involved in the UAS operation who are assigned to keep a constant visual on the UAS during flight. Visual observers scan the area using the FAA’s “see and avoid” technique to ensure the UAV remains clear of any possible hazards such as approaching aircraft, obstacles, etc. The Visual Observer shall have uninterrupted communication with the RPIC / PMC either in person, cell phone, radio, etc.

612.4 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where
there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

612.5 PROGRAM COORDINATOR
The Sheriff will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current;
- Ensuring that all authorized operators and required observers have completed all required FAA and on-going department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS;
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Sheriff or designee.

612.6 PROHIBITED USE
The UAS video surveillance equipment shall not be used:
- To conduct random surveillance activities;
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation;
- To harass, intimidate or discriminate against any individual or group;
- To conduct personal business of any type;
- The UAS shall not be weaponized.

612.7 PROCEDURES
Any department member acting as a RPIC shall hold a valid FAA Part 107 Remote Pilot Certificate and have received department approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.

612.7.1 DEPLOYMENT
All requests to deploy the UAS shall be approved by a station or bureau commander or designee prior to performing the flight/mission. The following is a list of mission types the UAS is authorized to be utilized for:

(a) Searches (e.g., for an outstanding suspect, article search, public safety hazard);
(b) Crime scene documentation;
(c) HAZMAT response;
Unmanned Aerial System (UAS) Operations

(d) Search and rescue;
(e) Missing persons;
(f) Barricaded persons;
(g) Traffic collision reconstruction;

612.7.2 PUBLIC NOTIFICATION
Except in instances where officer safety could be jeopardized, or time is of the essence, officers should utilize the PA system to alert people in the area of the department's UAS operation. To aid in public safety, alerts should notify the public that a UAS will be used and they should stay inside of their residence or parked vehicle. During pre-planned events or training, approved social media accounts should be utilized to inform the public of UAS operations.

612.7.3 SHERIFF'S AVIATION
Sheriff's Aviation will be given priority to all airspace. In the event a department aviation asset or allied aviation asset is on scene while a UAS is deployed, the RPIC shall immediately land the UAS. After landing the UAS, the RPIC may contact the aviation asset and discuss a deconfliction plan, if needed. A manned aircraft and UAS may operate in the same airspace as long as the pilot in command (PIC) of the manned aircraft and the RPIC of the UAS have communicated and agreed on a deconfliction plan, and are in constant communication. The PIC of a manned aircraft will have the final authority as to whether the airspace will be shared.

612.7.4 MISSION DOCUMENTATION
All flights involving law enforcement activity (excluding demonstrations, training, and inspections) should be documented by the RPIC, or an involved officer, under the related report number as appropriate.

612.7.5 REQUIRED FAA REPORTING
By the 5th day of every month, every department member acting as a RPIC in the previous month shall report their flights to the department's UAS coordinator. (This can be electronically downloaded from the UAS flight controller.) Minimum reportable information shall include:

612.9 RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule.
Brady Material Disclosure

613.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “Brady information”) to a prosecuting attorney.

613.1.1 DEFINITIONS
Definitions related to this policy include:

*Brady information* - Information known or possessed by the department that is both favorable and material to the current prosecution or defense of a criminal defendant.

613.2 POLICY
The Riverside County Sheriff’s Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Riverside County Sheriff’s Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

613.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.
613.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the deputy’s personnel file.

(b) The department member making such notification to the prosecution shall document the notification in writing to their supervisor.

(c) If the notification results in the filing of a *Pitchess* motion, any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

613.5 INVESTIGATING BRADY ISSUES
If the department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

613.6 TRAINING
Department members should receive periodic training on the requirements of this policy.

All operators of such vessels and vehicles shall be properly trained in their operation and use all required safety gear specific to the activity and vehicle or vessel operated.

706.3.2 AUTOMATIC VEHICLE LOCATION (AVL) SYSTEM
Patrol and other vehicles, at the discretion of the Sheriff, may be equipped with a system designed to track the vehicle’s location. While the system may provide vehicle location and other information, members are not relieved of their responsibility to use required communication practices to report their location and status.

Members shall not make any unauthorized modifications to the system.

System data may be accessed by supervisors at any time for official department business.

All data captured by the system shall be retained in accordance with the established records retention schedule.

706.3.3 UNATTENDED VEHICLES / WEAPONS

Unattended vehicles should be locked and secured at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging). Deputies who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Department members shall ensure all weapons are secured while the vehicle is unattended. All weapons shall be removed from a vehicle if left for repair or before being towed.

Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander.

Any previously unreported damage, mechanical problems, unauthorized contents or other problems with the vehicle shall be promptly reported to a supervisor and documented as appropriate.

The interior of any vehicle that has been used to transport any person other than a member of this department should be inspected prior to placing another person in the vehicle and again after the person is removed. This is to ensure that unauthorized or personal items have not been left in the vehicle.

When transporting any suspect, prisoner or arrestee, the transporting department member shall search all areas of the vehicle that are accessible by the person before and after that person is transported.

All department vehicles are subject to inspection and/or search at any time by a supervisor without notice and without cause. 706.4.2 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member's duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the commander or the authorized designee. Department members who regularly use a different vehicle each day, shall sign the vehicle in and out as required by station- or bureau-specific procedures.

Vehicle Use

706.4.4 ASSIGNED VEHICLES
Assignment of take-home vehicles shall be based on the location of the member’s residence, the nature of the member’s duties, job description and essential functions, and employment or appointment status. Department members who reside outside the County of Riverside County, or more than 60 miles from their duty station, may be required to secure the vehicle at a designated location or the department at the discretion of the Sheriff. Generally, assigned vehicles are motorcycles for traffic personnel, plain or unmarked vehicles for certain administrative positions, or plain vehicles assigned to on-call personnel.

Department members using an assigned vehicle overnight, shall sign a take-home vehicle form (RSD 115) that outlines certain standards of conduct.

Criteria for use of take-home vehicles include the following:

(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Sheriff or a Chief Deputy gives authorization.

(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.

(c) Take home vehicles will generally be used:
   1. When a member has been placed on-call and is driving to and from work;
   2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or traveling to or from a work-related assignment;
   3. When the vehicle is being used by the Sheriff, chief deputies or department members who are in on-call administrative positions.

(d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.

(e) The two-way communications radio, MDC and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.

(f) Unattended vehicles are to be locked and secured at all times.
   1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).
   2. All weapons shall be secured while the vehicle is unattended.
   3. All department identification, portable radios and equipment should be secured and out of sight, if possible.

(g) Vehicles are to be parked off-street at the member’s residence unless prior arrangements have been made with the Sheriff or the authorized designee. If the vehicle is not secured inside a locked garage, all weapons shall be removed and...
Vehicle Use

properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).

(h) Vehicles are to be secured at the member’s residence or the appropriate department facility, at the discretion of the department when a member will be away (e.g., on vacation) for periods exceeding one week.

(a) If the vehicle remains at the residence of the member, the department shall have access to the vehicle.

(b) If the member is unable to provide access to the vehicle, it shall be parked at the department.

It is the responsibility of the department member's immediate supervisor and the commander to closely monitor the assignment and use of take-home vehicles in accordance with the criteria above. Their use shall be closely restricted to mission-critical needs and never assigned for simple convenience or simply because a vehicle is available. Commanders shall ensure that the RSD Form 115 forms are signed, retrievable, and accurate and shall periodically evaluate vehicle odometer readings of their take-home vehicle fleet to ensure efficient and ethical use of vehicles.

Members are cautioned that under federal and local tax rules, personal use of a County vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

706.4.5 ENFORCEMENT ACTIONS
When driving a take-home vehicle to and from work outside of the jurisdiction of the Riverside County Sheriff's Department or while otherwise off-duty, a deputy shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists.

Deputies may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Deputies driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Department members driving plain vehicles shall cover their uniform shirt while driving. Deputies should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.6 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

(a) Members shall make daily inspections of their assigned vehicles for service/maintenance requirements and damage.

(b) It is the member’s responsibility to ensure that his/her assigned vehicle is maintained according to the established service and maintenance schedule.
Vehicle Use

(c) All scheduled vehicle maintenance and car washes shall be performed as necessary at a facility approved by the department.

(d) The department shall be notified of problems with the vehicle and approve any major repairs before they are performed.

(e) When leaving the vehicle at the maintenance facility, the member will complete a vehicle repair card explaining the service or repair.

(f) All weapons shall be removed from any vehicle left for maintenance.

When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Employee-Involved Traffic Collision Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the supervisor. An administrative investigation may be necessary to determine the circumstances surrounding the cause of the damage.

706.5.1 ACCESSORIES AND/OR MODIFICATIONS
No modifications, additions or deletions of any equipment or accessories shall be made to a department vehicle without legitimate purpose and prior authorization.

706.6 TOLL ROAD USE - DEPARTMENT VEHICLE
Law enforcement vehicles are not routinely exempted from incurring toll road charges. Pursuant to the non-revenue policy of the toll roads, law enforcement agencies responding to an emergency or incident on the toll roads, while on duty, are exempt from paying the toll. Commuting, or returning to the County after an emergency does not qualify for this exemption and personnel using County owned vehicles are subject to the toll charge. To avoid unnecessary toll road violation charges, all employees operating a County owned vehicle upon the toll road shall adhere to the following:

(a) All employees operating a County owned vehicle for any reason other than an initial response to an emergency shall stop and pay the appropriate toll charge. Employees may submit for reimbursement from the County for any toll fees.

(b) If needing to use an electronically monitored toll road while en route to an urgent assignment, the department member shall notify their supervisor of the use (time, date, location, reason) as soon as possible.

706.6.1 TOLL ROAD USE - PERSONAL CONFIDENTIAL LICENSE PLATES

708.4 PETTY CASH TRANSACTIONS
The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

708.5 PETTY CASH AUDITS
The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Sheriff, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Sheriff.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the department or designee.
All cash overages and shortages shall be reported to a supervisor immediately. The supervisor shall ensure all necessary reports are made and report the overage or shortage as required by directives of the Department and the County Auditor/Controller.

708.6 ROUTINE CASH HANDLING
Those who handle cash as part of their property, evidence, or supervisor duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for department services shall discharge those duties in accordance with the procedures established for those tasks.

708.7 OTHER CASH HANDLING
Members of the department who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Policy.

Cash in excess of $1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller’s language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.
802.5.1 EMERGENCY CALLS
A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. Emergency calls should be dispatched immediately. The watch commander shall be notified of pending emergency calls for service when departmental members are unavailable for dispatch.

802.5.2 NON-EMERGENCY CALLS
A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

Radio call signs are assigned to departmental members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the station name or number.

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

Riverside County Sheriff's Department Forensic Services will not process a weapon if it is loaded.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, TREAT THE FIREARM AS IF IT IS LOADED! Request HDT to respond to the scene to conduct an X-ray exam of the weapon to determine if it is loaded. If it is loaded, make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately record/document the condition of the gun when received. Photograph both profile sides of the firearm. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form, or property form depending on the type of evidence.

Sealed record orders received by the department shall be reviewed for appropriate action by the Custodian of Records or authorized designee. The Custodian of Records or authorized designee shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Manager or authorized designee shall ensure that the required notations on local summary criminal history information
and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

810.9 SECURITY BREACHES
The Records Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number, California identification card number, tax identification number, passport number, military identification number, or other unique identification number issued on a government document commonly used to verify the identity of a specific individual
- Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual’s financial account
- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology
- Unique biometric data

810.9.1 FORM OF NOTICE
(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:

1. The date of the notice.
2. Name and contact information for the Riverside County Sheriff's Department.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.

6. A general description of the security breach.

7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Riverside County Sheriff's Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):  

(a) Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.

(b) When the breach involves an email address that was furnished by the Riverside County Sheriff's Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

810.9.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

(a) Written notice.

(b) Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

(c) Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the department does not have sufficient contact information. Substitute notice shall consist of all of the following:

(a) Email notice when the department has an email address for the subject person.

(b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

(d) Notification to major statewide media and the California Information Security Office within the California Department of Technology.
Riverside County Sheriff’s Department
Riverside County Sheriff's Department Standards Manual (DSM)

Records Maintenance and Release

(b) If a single breach requires the department to notify more than 500 California residents, the department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

810.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 6254(f)(4)).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by a deputy, or depicts an incident in which the use of force by a deputy against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 6254(f)(4)).

The Custodian of Records should work as appropriate with the Sheriff or the Internal Affairs Bureau supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

810.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

(a) Disclosure may be delayed up to 45 days from the date the department knew or reasonably should have known about the incident.

(b) Delay of disclosure may continue after the initial 45 days and up to one year if the department demonstrates that disclosure would substantially interfere with the investigation.

(c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 6254(f)(4)).

810.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records or authorized designee shall provide written notice to the requester as follows (Government Code § 6254(f)(4)):

(a) During the initial 45 days, the Custodian of Records or authorized designee shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.

(b) When delay is continued after the initial 45 days, the Custodian of Records or authorized designee shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an
active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records or authorized designee should work with the Sheriff in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

810.10.3 REDACTION
If the Custodian of Records, in consultation with the Sheriff or authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer’s ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 6254(f)(4)).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records or authorized designee shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 6254(f)(4)).

810.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE
If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 6254(f)(4)):

(a) The person in the recording whose privacy is to be protected, or his/her authorized representative.

(b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

(c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records or authorized designee shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 6254(f)(4)).

The department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 6254(f)(4)(A)).
Chapter 9 - Correctional Operations
Corrections Division - General

900.1 FACILITY OPERATIONS
The Sheriff shall maintain and operate correctional facilities for the incarceration and detention of persons arrested, pending court trial and under sentence of confinement. The department shall operate all corrections facilities in accordance with all legal mandates governing the operation of jails and by directive of the Sheriff.

900.2 FACILITY TYPES
The department may maintain the following types of correctional facilities:
Type I - Local detention facility used for the detention of persons for not more than 96 hours excluding holidays after booking.
Type II - Detention of persons pending arraignment, during trial, or upon sentencing of up to one year.
Type III - Detention of sentenced persons including those eligible for work release, work furlough, and education or related programs.

900.3 COMMAND AND SUPERVISION
The operations of the correctional facilities of the department shall be vested in the corrections division. The corrections division is under the administration of an assistant sheriff.

Command and control of the corrections division is the responsibility of one or more chief deputies assigned to the "Support" or "Operations" wings of the corrections division. The operation and management responsibilities are at the facility level and under the authority of a commander. The commander's specific responsibilities shall include facility operations, programs, support services or other duties as designated.

A corrections facility shall at all times be under the control and supervision of a facility manager or supervisor designated by the commander. The manager or supervisor shall be responsible for specific tasks, operations, programs or services of the facility during that time so delegated by the commander.
Staff members of a facility shall be responsible and accountable for the accomplishment of specific tasks, operations or services.

900.3.1 POLICIES AND DIRECTIVES
The management and operation of a correctional facility shall follow those policies and directives as outlined in the department's "Corrections Operations Manual."
Chapter 10 - Personnel
Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The objective of the evaluation system is to record work performance for both the department and the employee, giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge in measuring performance and is used for making personnel decisions relating to step increase, promotion, reassignment, discipline, demotion and termination. The report also provides a guide for mutual work planning and review, and an opportunity to convert general impressions into a more objective history of work performance based on job standards. Performance Evaluation Reports will be completed in accordance with this policy and in the format approved by the Sheriff.

1002.2 GENERAL POLICY
Employee performance evaluations will be written based on job-related factors specific to the position occupied by the employee during the rating period. Each evaluation will cover a specified period and should be based on performance during only that period. The employee’s immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee’s performance during the rating period should be consulted by the immediate supervisor for their input.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. Assessment of an employee’s job performance is an on-going process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise. When an employee’s job performance falls below the established standards of the job, the supervisor should, as soon as practical, advise the employee in writing in order to provide an opportunity for the employee to improve performance. Failure to meet established performance standards is justification for a below-standard rating. Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

1002.3 EVALUATION MANUALS AND FORMS
All specific schedules, policies and procedures regarding the evaluation of all department members are outlined in the applicable manual posted on the intranet under "Docs and Forms/Employee Review Forms." All three evaluation completion forms are also available there.

Sworn and Correctional department members of all ranks are evaluated using RSD Form 216A.

Civilian department members are evaluated using RSD Form 219.
Civilian and classified managers are evaluated using RSD Form 220.

**1002.4 EVALUATION DISTRIBUTION**
The original performance evaluation shall be maintained in the employee's Station I-File until the next evaluation, and in the personnel file in the office of the Sheriff for the tenure of the employee's employment. A copy shall also be given to the employee.

**1002.5 PERFORMANCE IMPROVEMENT PLANS**
The procedures, scope, and purpose of a Performance Improvement Plan (PIP) for sworn and correctional personnel are detailed in the Evaluation Procedure Manual for Supervisors, beginning on page 23. The same can be found for civilian staff in the Classified Performance Evaluation Manual for Supervisors beginning on page 20.
Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE
Convictions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the department of any past and current criminal convictions.

1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member’s ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1010.4 REPORTING PROCEDURE
All members of this department and all retired deputies with an identification card issued by the department shall promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired deputies with an identification card issued by the department shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in
Reporting of Employee Convictions

writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

1010.5.1 NOTIFICATION REQUIREMENTS
The Administrative Services Chief Deputy, or their designee, shall submit within 30 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Administrative Services Chief Deputy, or their designee, shall submit within 30 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).
Personnel Complaints

1011.1 PURPOSE AND SCOPE
This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Riverside County Sheriff's Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1011.2 POLICY
The Riverside County Sheriff's Department takes seriously all complaints regarding the service provided by the department and the conduct of its members.

The department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1011.3 PERSONNEL COMPLAINTS
Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the department.

1011.3.1 COMPLAINT CLASSIFICATIONS
Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the department is satisfied that appropriate action has been taken by a supervisor of rank greater (at least a sergeant in all matters) than the accused department member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Bureau, depending on the seriousness and complexity of the investigation. A complaining parties’ desire or non-desire to make a formal complaint shall not be the sole factor in determining if further action is necessary. The department member receiving the complaint shall also consider the severity and the propensity of the allegation.
Personnel Complaints

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Bureau, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1011.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

(a) Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.

(b) Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

(c) Supervisors may initiate a complaint inquiry based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.

(d) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.

(e) Tort claims and lawsuits may generate a personnel complaint so that facts surrounding an incident, and the actions of department personnel may be investigated and documented as soon as possible.

1011.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1011.4.1 COMPLAINT FORMS

Personnel complaint forms (RSD #217) will be maintained in every sheriff's facility and be accessible through the department website. Complaint forms shall be provided without delay and without need for the requestor to wait or take other action before receiving the form. If the requestor asks to speak to a supervisor, one shall be summoned if available.

1011.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving department member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall inform their supervisor when necessary.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of his/her statement at the time it is filed with the department (Penal Code § 832.7).
Personnel Complaints

1011.4.3 AVAILABILITY OF WRITTEN PROCEDURES
The department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5).

1011.5 ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows.

1011.5.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless that supervisor is unavailable to conduct a timely investigation. The Sheriff or the authorized designee may direct that another supervisor or investigator investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a department complaint form, or other memorandum-type documentation is completed. Complaints from the public or other source need not be on the official department complaint form.

1. The original complaint form or other descriptive document will be directed to the lieutenant supervising the subject department member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.

2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor may orally report the matter to their lieutenant, who will initiate appropriate action.

(b) Responding to all complainants in a courteous and professional manner.

(c) Follow-up contact with the complainant should be made within 24 hours of the department receiving the complaint.

(d) Properly resolving those personnel complaints that can be resolved immediately.

(a) If the matter is resolved and no further action is required, the supervisor may choose to complete a memorandum of discussion after speaking with the employee and identifying areas for training and/or performance improvement, if any.

(b) If the complaint was submitted in writing, the supervisor shall attach a description of how the complaint was resolved without a formal investigation. Both documents shall then be forwarded to the Professional Standards Bureau where it will be retained for five years.

(e) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the involved Chief Deputy is notified via the chain of command as soon as practicable.
Personnel Complaints

(f) Promptly contacting a lieutenant for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(g) Forwarding unresolved personnel complaints to the supervising lieutenant who will determine whether to contact the complainant or assign the complaint for a formal investigation.

(h) Informing the complainant of the investigator’s name and the assigned investigation number within three days after assignment.

(a) To obtain an investigation number, the case agent shall log into BlueTeam, select "Add Incident." Under "Incident Type" select "Personnel Investigation," and complete the information as required. Upon completion of all required fields, submit the form. The case agent will then be assigned the investigation number via BlueTeam within two business days.

1011.5.2 ADMINISTRATIVE INVESTIGATION PROCEDURES
Whether conducted by a supervisor or a member of the Professional Standards Bureau, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303): Those assigned to conduct an administrative investigation on any employee should consult the MOU applicable to the focus employee's classification to ensure compliance with all provisions unique to the focus employee's bargaining unit.

(a) Interviews of a focus employee shall be conducted during reasonable hours and preferably when the employee is on-duty. If the employee is off-duty, he/she shall be compensated.

(b) Interviews of a focus employee shall be at the Riverside County Sheriff's Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of a focus employee.

(d) Prior to any interview, a focus employee shall be informed of the nature of the investigation, the name, rank and command of the case agent in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) The assigned investigator should determine what material, if any, is required to be released before each interview. The Professional Standards Bureau should be consulted to resolve any questions regarding pre-interview disclosure.

(f) All interviews shall be for a reasonable period and the department member's personal needs should be accommodated.

(g) No department member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(h) Any department member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
Personnel Complaints

1. A department member should be given an order to answer questions in an administrative investigation that might incriminate the department member in a criminal matter only after the department member has been given a Lybarger advisement. Administrative investigators should consider the impact that compelling a statement from the department member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a department member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

   (i) The department should record all interviews of department members and witnesses. The department member may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided prior to any subsequent interview.

   (j) All department members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual’s statement, involved department members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

   (k) All department members shall provide complete and truthful responses to questions posed during interviews.

   (l) No department member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any deputy solely because the deputy has been placed on a prosecutor’s Brady list or the name of the deputy may otherwise be subject to disclosure pursuant to Brady v. Maryland. However, an investigation may be based on the underlying acts or omissions for which the deputy has been placed on a Brady list or may otherwise be subject to disclosure pursuant to Brady v. Maryland (Government Code § 3305.5).

1011.5.3 DISPOSITIONS
Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members.

Exonerated - When the investigation reveals that misconduct occurred but that the action was justified, lawful and/or proper when considered with the surrounding circumstances.

Not sustained - When the investigation reveals that there is insufficient evidence to sustain the complaint or disprove the allegation.
Personnel Complaints

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of a deputy were found to violate law or department policy (Penal Code § 832.8). Although used by the case agent upon completion of an investigation sustaining an allegation, this disposition is not permanently assigned to the report until all processes noted above have been completed or have lawfully expired.

1011.5.4 COMPLETION OF INVESTIGATIONS
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall complete the assigned investigation within 60 days from assignment. The 60-day due date is not to be determined by the file number assigned to the investigation, but rather by the date the investigation was assigned. Any delay in submitting the investigation for initial review shall be promptly discussed with the assigned investigator's supervisor as soon as the delay is known to be likely.

The department must serve the investigation and any intended action upon the employee within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304). In the event that an investigation cannot be served upon the focus employee within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1. Any lawful justification for an extension shall be communicated to the assigned investigator's supervisor in writing as soon as it is known.

The proper recording of the dates related to when the violation was known to the department, when the investigation was assigned, and when any extensions were warranted, is critical to achieving compliance with Government Code § 3304(d). If an investigation discloses misconduct that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations and a new date of initial discovery will apply to the new allegations.

1011.5.5 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS
The department member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1011.5.6 NOTICE REQUIREMENTS
The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. The Sheriff or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)). This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1011.6 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.
Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and similar storage spaces may only be administratively searched in the member's presence, with the department member's consent, with a valid search warrant or where the department member has been given reasonable notice that the search will take place (Government Code § 3309). Whether a search of such areas should be conducted under a criminal standard or an administrative standard should be determined before the search occurs.

1011.6.1 DISCLOSURE OF FINANCIAL INFORMATION
An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

(a) Pursuant to a state law or proper legal process
(b) Information exists that tends to indicate a conflict of interest with official duties
(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1011.7 ADMINISTRATIVE LEAVE
When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the department, a chief deputy or higher rank, may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment;
(b) May be prevented from possessing a concealed firearm;
(c) Shall be required to continue to comply with all policies and lawful orders of a supervisor;
(d) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.
(e) May be placed on unpaid administrative leave in specific circumstances and as limited by procedures.

1011.8 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a department member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.
Personnel Complaints

A department member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The department member should not be administratively ordered to provide any information in the criminal investigation.

The Riverside County Sheriff's Department may release information concerning the arrest or detention of any department member, including a deputy, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1011.9 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of an assigned investigation, the report shall be forwarded to the Sheriff, or designee, through the chain of command. Each level of command should review the report and include his/her comments in writing before forwarding the report. The Sheriff, or designee, may accept or modify any classification or recommendation for disciplinary action.

1011.9.1 COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the commander of the involved member shall review the entire investigative file, the department member's personnel file and any other relevant materials, to include interview recordings and BWC video.

The commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief Deputy, the commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief Deputy, the commander shall include all relevant materials supporting the recommendation. Actual copies of a department member's existing personnel file need not be provided and may be incorporated by reference.

1011.9.2 SHERIFF RESPONSIBILITIES

The Sheriff may review any investigation and may modify any recommendation and/or may return any investigation to the Chief Deputy for further investigation or action.

Once the Sheriff, or designee, is satisfied that no further investigation or action is required, the Sheriff, or designee, shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the department shall provide the department member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice ("First Skelly") shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The department shall also provide the department member with:

(a) Access to all of the materials considered by the department in recommending the proposed discipline.

(b) An opportunity to respond orally or in writing to the department within ten business days of receiving the notice.
Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Personnel Complaints

(a) Upon a showing of good cause by the department member, the department may grant a reasonable extension of time for the department member to respond.

(b) If the department member elects to respond orally, the presentation may be recorded by the department. Upon request, the department member shall be provided with a copy of the recording.

1011.10 PRE-DISCIPLINE EMPLOYEE RESPONSE (SKELLY)
The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the department after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

(a) The response is not intended to be an adversarial or formal hearing.

(b) Although the department member may be represented by an uninvolved representative or legal counsel, the hearing is not designed to accommodate the presentation of testimony or witnesses.

(c) The department member may suggest that further investigation be conducted or the department member may offer any additional information or mitigating factors for the department to consider.

(d) In the event that the department elects to conduct further investigation, the department member shall be provided with the results prior to the imposition of any discipline.

(e) The department member may thereafter have the opportunity to further respond orally or in writing to the department on the limited issues of information raised in any subsequent materials.

(f) Once the department member has completed his/her response or if the department member has elected to waive any such response, the Sheriff, or designee, shall consider all information received in regard to the recommended discipline. The department shall render a timely written decision to the department member (“Second Skelly”) and specify the grounds and reasons for discipline and the effective date of the discipline. Once the department has issued this written decision, the discipline shall become effective.

1011.11 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE
The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline. In the event that a department member tenders a written resignation or notice of immediate retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or immediate retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline and the department shall proceed as follows:

(a) The department will make an attempt to notify the former employee of any sustained finding by either first-class mail, email, telephone, or in person;
1011.12 POST-DISCIPLINE APPEAL RIGHTS
Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

Any employee who voluntarily separates from the department prior to the imposition of any disciplinary proceedings, waives any right to appeal the investigative findings.

During any administrative appeal, evidence that a deputy has been placed on a Brady list or is otherwise subject to Brady restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such Brady evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1011.13 PROBATIONARY EMPLOYEES AND OTHER MEMBERS
At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy and without any right to appeal. However, any probationary deputy subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Sheriff or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the department shall be final.

1011.14 RETENTION OF PERSONNEL INVESTIGATION FILES
All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in department policies.
Drug- and Alcohol-Free Workplace

1013.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1013.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members. As employees of the County of Riverside, all Department members are subject to Riverside County Board of Supervisors policies C-10, C-24, and C-34.

C-34 https://www.rivcocob.org/boardpolicies/policy-c/POLICY-C34.pdf

1013.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1013.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician stating the medication does not impair their ability to safely and legally drive a vehicle.

1013.3.2 MARIJUANA AND PROPOSITION 64
Proposition 64 generally legalized the commercial, adult-use of marijuana in California. Even though in most respects Proposition 64 decriminalizes marijuana possession and usage in California, it does not affect its continued illegality under federal law, nor does it prevent employers from maintaining a drug and alcohol free workplace. Proposition 64 specifically adds section
Drug- and Alcohol-Free Workplace

11362.45 to the Health & Safety Code, which states that employers can lawfully prohibit the use, possession, sale, or distribution of marijuana in the workplace or any building owned, leased, or occupied by a local government agency, as well as generally prohibit the use of marijuana by employees and prospective employees.

Even after the passage of Proposition 64, marijuana remains a Schedule I Controlled Substance under both state and federal law. Riverside County and Sheriff's Department policies prohibit employees from possessing and/or using controlled substances to include medical marijuana or cannabis products which contain the psychoactive ingredient of THC (tetrahydrocannabinol) at any time. These policies also prohibit employees from using, possessing, or being under the influence of any controlled substance, including marijuana, while on duty and/or on County property, or violating federal law.

1013.3.3 PURCHASE OR POSSESSION OF DRUGS OR ALCOHOL ON DUTY
Department employees shall not purchase or possess alcohol or other controlled substances on County property, at work, or while on duty except in the performance of a special assignment as described in § 1012.4. The possession or use of controlled substances as learning/training aids (display board, K-9 training, etc.) are authorized with supervisor approval.

1013.3.4 USE OF ALCOHOL OR PRESCRIBED MEDICATIONS
Department employees who are taking medications during work hours shall not allow such medications to impair their ability to perform their work. No employee shall be permitted to work while taking medications that impair their ability to perform their duties.

(a) Department members shall not drink intoxicating liquor/alcohol to such an extent that they are not able to report to their next tour of duty.

(b) Department members shall not drink intoxication liquor/alcohol to such an extent that may result in the commission of an obnoxious or offensive act that may bring discredit or disgrace upon themselves or the Department.

(c) Department members shall not report to work when they are under the influence of any drug, narcotic or alcohol, prescribed or not prescribed, or when they have the odor of marijuana or an alcoholic beverage on their breath or upon their person.

(d) Department members while on duty shall not drink any alcoholic beverage except as authorized (section 1012.4). Drinking alcoholic beverages during lunch or other breaks is specifically prohibited.

1013.3 COMPLIANCE
Employees must, as a condition of employment, abide by the terms of this policy, and report any conviction as prescribed in Section 1011 of this manual.

1013.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103).
Drug- and Alcohol-Free Workplace

The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1013.6 EMPLOYEE ASSISTANCE PROGRAM
There is a voluntary employee assistance program to assist County employees who wish to seek help for alcohol and drug problems. There is also available a variety of insurance coverages which provide treatment for drug and alcohol abuse. Employees may contact Human Resources, their insurance provider, or the Employee Assistance Program for additional information (41 USC § 8103). The Department recognizes that the interaction between the employee and their Health Care Provider as well as the interaction between the employee and the Employee Assistance Program is confidential and is not accessible to the Department.

Employees who experience drug or alcohol problems are encouraged to seek referral for rehabilitation through the Employee Assistance Programs or their insurance provider. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1013.6 WORK RESTRICTIONS
If a member informs a supervisor that he/she has consumed any alcohol, drug, or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1013.7 REQUESTING SCREENING TESTS
The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.
Drug- and Alcohol-Free Workplace

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.
(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1013.7.1 SUPERVISOR RESPONSIBILITY
The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.
(b) The result of the test is not admissible in any criminal proceeding against the employee.
(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1013.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.
(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof within 72 hours after being requested that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
(c) Violates any provisions of this policy.

1013.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1013.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in accordance with current state and federal confidentiality laws.
Peer Support Program

1014.1 POLICY STATEMENT
The Riverside County Sheriff's Department's Peer Support Program is an employee assistance program offering confidential help and guidance by trained volunteer peer support personnel to all Department members experiencing a personal or professional problem or crisis.

Personnel experiencing problems are encouraged to seek assistance before the situation escalates into a severe personal problem, or becomes a violation of the law. Help can be found with licensed professional counselors from outside the Department, or from fellow employees associated with the Peer Support Program.

The Department recognizes the importance of physical and emotional well being upon personal performance. Supervisors’ responsibilities include identifying personnel who are experiencing problems and helping these individuals effect a positive change whenever possible. The Peer Support Program provides a resource for supervisors to assist employees who have particular problems. Supervisors are advised that an employee’s decision to participate in this program must be voluntary. Referrals will not be made under duress or with a promise of reward.

It must be noted that nothing in this program is intended to alter the Department’s ability or responsibility to administer discipline, or a supervisor’s responsibility to supervise.

1014.2 PROGRAM STATEMENT
It has long been recognized that people can benefit by being provided with a means of contacting and talking to someone who cares and understands their problems. Realizing that the ways in which employees choose to deal with crisis can be as diverse as the factors causing the problem, a successful approach has been to provide a program which offers non-professional (peer) support services, with the resources to advise personnel on the need for professional services, when applicable.

In the past, employees seeking assistance were referred to the Riverside County Employee Assistance Services (EAS) for further referral. Others, who felt the need to discuss the matter with someone they felt "had been there", turned to peers by chance or through indirect reference by other employees. The Riverside Sheriff's Peer Support Program will provide a more accurate means of identifying fellow employees who have expressed the desire to be available to their peers for these types of discussions. Given the diverse cross-section of current personnel, our Peer Support personnel should represent a wide variety of support personnel familiar with finances, disability, career choices, family relationships, divorce, bereavement, legal issues, etcetera.

The names and business telephone numbers of peer support personnel will be made available to all personnel through the Program Coordinator.

The Peer Support Program is a valuable resource for Department members and their families. The program is not intended to transform employees into psychologists. It is to provide a first level of contact with employees when confronting those crises which affect their personal lives.
Peer Support Program

and ultimately their job performance. The success of the program will depend upon the interest, dedication and confidentiality displayed by those who choose to become involved as volunteer support personnel.

1014.3 SELECTION
Periodically the Department will seek volunteers and recommendations for the Peer Support Program. Interested personnel should submit a memo of interest, together with a current resume, to their Bureau/Station Commander. Those personnel recommending others for counselors should submit their recommendations to the Peer Support Coordinator.

Those personnel who are submitting memos on their own behalf should include a brief statement of why they want to become a peer supporter and should detail any life experiences and special training they possess which may contribute to the program. Bureau/Station Commanders will review the memos, make any recommendations they deem appropriate, and forward them to their Division Chief for approval.

The Selection Committee will make appointments for interviews. The Selection Committee will be comprised of a representative from the Counseling Team, a representative from the County Employee Assistance Services, the PEER Support Program Coordinator, a representative from the Riverside Sheriff's Association, and four peer supporters. Peer support personnel will initially receive specialized training in Peer Support. Subsequent training and updates on support techniques will be provided at support meetings scheduled bi-monthly at the Ben Clark Training Center.

1014.4 SUPPORT PERSONNEL
Volunteer peer support personnel are selected from all ranks within the Department.

The primary function of peer support personnel includes providing short-term crisis intervention, lay assessment of the problems, and referral service to fellow employees when deemed necessary. Personnel experiencing problems which might require long-term or professional guidance shall be so advised by the peer support personnel and a list of possible referrals will be maintained by the Peer Support Program Coordinator.

1014.5 CONFIDENTIALITY
Communication between a peer support person and a Department member is confidential, EXCEPT for those matters which involve the following:

- Danger to self
- Danger to others
- Suspected child abuse
- Possession and/or use of illegal drugs or narcotics
- Serious/dangerous violation of the law (felonies)
Peer Support Program

- Domestic violence
- Elder abuse
- Serious misconduct (violations of Department policy that could/would be grounds for termination)
- Where divulgence is requested by the peer

The above categories only represent parameters and are not meant to be all inclusive. In such instances, peer support personnel shall advise the Program Coordinator of the circumstances concerning the incident and what has been done to rectify the problem. The Program Coordinator shall apprise the Department Administrator (Chief Deputy or Assistant Sheriff) responsible for the program, who will decide the direction the Department will take in the matter.

Peer support personnel shall not be interviewed, nor shall they discuss details of support sessions with Department personnel conducting an investigation, without the WRITTEN authorization of the Department Administrator (Chief Deputy or Assistant Sheriff) responsible for the program or the permission of the employee being counseled.

Authorized Department peer support personnel, while acting in a peer support role, are exempt from the requirements of Policy 340.5.5 (a) & (M), with the exception of the criteria as outlined above.

This in no way inhibits the Sheriff from ordering an employee to cooperate with a Department investigation or with an outside agency involved in a criminal investigation.

1014.6 SUPPORT SESSIONS
Support sessions shall be conducted on the employee’s and the support person’s own time, absent exigent circumstances. Should an emergency require that a support person be called on duty time, his/her response will be at the discretion of the concerned Bureau/Station Commander.

Support personnel shall not be reimbursed for mileage or the use of private telephones for support business. However, the use of County vehicles and telephones according to Department policy and with the approval of the concerned Bureau/Station commander is authorized.

The Peer Support Program is sanctioned by the Department; therefore, an injury sustained while conducting support sessions may be reviewed as an “on-duty” incident by the Department for purposes of Worker’s Compensation.

Peer support personnel shall notify the Program Coordinator when they respond to or return from a support session.
Smoking and Tobacco Use

1019.1 PURPOSE AND SCOPE
This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Riverside County Sheriff's Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco whether or not they contain nicotine, as well as any electronic cigarette or personal vaporizer.

1019.2 POLICY
The Riverside County Sheriff's Department recognizes that tobacco use is a health risk and can be bothersome to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings, and vehicles, and as further outlined in this policy (Government Code § 7597; Labor Code § 6404.5; RC Board Policy A-23).

1019.3 SMOKING AND TOBACCO USE
Smoking and tobacco use by members is prohibited anytime members are in public view representing the Riverside County Sheriff's Department.

Smoking and tobacco use by members is prohibited in and around county owned or operated buildings and structures, except in marked exterior smoking areas.

Smoking and tobacco use by members is prohibited in all county vehicles and vehicles owned or operated by a contract city.

It shall be the responsibility of each supervisor to ensure that no person under their supervision smokes or uses any tobacco product inside County facilities and vehicles.

1019.4 ADDITIONAL PROHIBITIONS
No person shall use tobacco products within 20 feet of a main entrance, exit, or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University, and California community colleges, whether present for training, enforcement, or any other purpose (Government Code § 7596 et seq.).

1019.4.1 NOTICE
The Sheriff or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).
Seat Belts

1022.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in county vehicles (Vehicle Code § 27315.5), and when on-duty in a privately owned vehicle.

1022.1.1 DEFINITIONS
Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including arrestees and civilians, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made when wearing a seat belt would endanger the member or the public. Members must be prepared to provide reasonable and plausible justification for any deviation from the requirements to wear a seat belt.

1022.3 POLICY
It is the policy of the department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.4 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).
Seat Belts

1022.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.

1022.6 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.
Soft Body Armor

1024.1 PURPOSE AND SCOPE
Practical safety measures shall be used to reduce the risks and hazards associated with law enforcement. The Riverside County Sheriff's Department provides soft body armor for uniformed personnel in an effort to improve safety. Issued soft body armor remains the property of the Riverside County Sheriff's Department and shall be returned upon separation of service.

1024.2 SOFT BODY ARMOR
Soft body armor vests are issued to all sworn personnel because they have been shown to be effective in reducing deaths and serious injuries.

1024.2.1 USE OF SOFT BODY ARMOR
All armed uniform and plain clothed personnel shall wear soft body armor while conducting enforcement activity.

Soft body armor shall be worn while conducting Department qualifications or any activities/training on a firing range.

Members of the Department's Pistol Team are exempt from wearing soft body armor during practice or any other sanctioned event.

Soft body armor must be either Department issued or Department approved.

Department members, in accordance with manufacturer recommendations, are responsible for the care, cleanliness, and maintenance of issued soft body armor. Department members are also responsible for monitoring the expiration date of their soft body armor and shall request replacement before expiration.

In the interest of safety, all sworn and classified personnel assigned to the Field Operations Division, Corrections Division Transportation Bureau, and Court Services Division will be required to wear the soft body armor issued to them during their duty hours. In the event an employee is assigned to the Special Investigations Bureau or a station assignment in one of the above listed divisions, the mandatory wear policy will apply during all search warrants and arrest warrants involving suspects. Those persons assigned to special teams will be required to wear their issued soft body armor during any part of their tour of duty involving enforcement activities and during search/arrest warrants, unless working in an undercover capacity.
Hard Body Armor (Rifle Plates)

1025.1 PURPOSE
The Department is authorizing personnel the option to utilize an additional level of protective gear during unusual tactical incidents, in the form of hard body armor. This policy outlines the use and deployment of hard body armor, commonly known as rifle plates, for Department use outside of SWAT operations. Carriers (vests) carrying rifle plates have been found to provide a higher level of protection against high-velocity rifle fire. In an effort to provide better protection against high-velocity rifle fire, the Department has approved specific rifle plates and carriers for both future issue and immediate individual employee purchase at their discretion. This authorization is effective immediately for use in the specific instances outlined herein.

The Interim file may contain supervisor comments, commendations, notes, memorandums of discussion, and other materials that are intended to serve as a foundation for the completion of timely performance evaluations. This file may also contain basic information about the employee to include address, personal and family contact information, and a department member photograph.

All adverse materials intended for this interim file shall be provided to the employee prior to being placed in the file in accordance with Government Code § 3305 and Government Code § 3306.
1026.5  TRAINING FILE
An individual training file shall be maintained by the Ben Clark Training Center for each member. Training files will contain records of all training; original or photocopies of available certificates, transcripts, diplomas and other documentation; and education and firearms qualifications. Training records may also be created and stored remotely, either manually or automatically.

(a) The involved member is responsible for providing the Chief Deputy or immediate supervisor with evidence of completed training/education in a timely manner.

(b) The Chief Deputy or supervisor shall ensure that copies of such training records are placed in the member’s training file.

(c) Training records may be accessible either via the Ben Clark Training Center or via the AgencyWeb database.

1026.6  INTERNAL AFFAIRS FILE
Internal affairs files shall be maintained under the exclusive control of the Professional Standards Bureau in conjunction with the office of the Sheriff. Access to these files may only be approved by the Sheriff or a Professional Standards Bureau supervisor.

These files shall contain the complete investigation of all formal complaints of member misconduct, regardless of disposition (Penal Code § 832.12).

Investigation files arising out of civilian’s complaints shall be maintained pursuant to the established records retention schedule and for a period of at least five years. Investigations that resulted in other than a sustained finding may not be used by the department to adversely affect an employee’s career (Penal Code § 832.5).

Investigation files arising out of internally generated complaints shall be maintained pursuant to the established records retention schedule and for at least two years (Government Code § 26202; Government Code § 34090).

1026.7  MEDICAL FILE
A medical file shall be maintained separately from all other personnel records and shall contain all documents relating to the member’s medical condition and history, including but not limited to:

(a) Materials relating to a medical leave of absence, including leave under the Family and Medical Leave Act (FMLA).

(b) Documents relating to workers’ compensation claims or the receipt of short- or long-term disability benefits.

(c) Fitness-for-duty examinations, psychological and physical examinations, follow-up inquiries and related documents.

(d) Medical release forms, doctor’s slips and attendance records that reveal a member’s medical condition.
(e) Any other documents or materials that reveal the member’s medical history or medical condition, including past, present or future anticipated mental, psychological or physical limitations.

1026.8 SECURITY
Personnel records should be maintained in a secured location and locked either in a cabinet or access-controlled room. Personnel records maintained in an electronic format should have adequate password protection.

Personnel records are subject to disclosure only as provided in this policy, the Records Maintenance and Release Policy or according to applicable discovery procedures.

Nothing in this policy is intended to preclude review of personnel records by the County Executive, County Counsel or other attorneys or representatives of the County in connection with official business.

1026.8.1 REQUESTS FOR DISCLOSURE
Any member receiving a request for a personnel record shall promptly notify the Professional Standards Bureau.

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made, if legally required (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of legal counsel.

1026.8.2 RELEASE OF PERSONNEL INFORMATION
Personnel records shall not be disclosed except as allowed by law (Penal Code § 832.7; Evidence Code § 1043) (See also Records Maintenance and Release Policy).

Any person who maliciously, and with the intent to obstruct justice or the due administration of the laws, publishes, disseminates, or otherwise discloses the residence address or telephone number of any member of this department may be guilty of a misdemeanor (Penal Code § 146e).

The department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member’s representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).
1026.9 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF DEPUTIES

Personnel records and records related to certain incidents, complaints, and investigations of deputies shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The CPRA Unit should work as appropriate with their supervisor or the Professional Standards Bureau supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(2)):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against a deputy in connection with an incident, or whether the deputy’s action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the Skelly or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(7) or other law, the following records shall be made available for public inspection upon request (Penal Code § 832.7):

(a) Records relating to the report, investigation, or findings of:
   1. The discharge of a firearm at another person by a deputy.
   2. The use of force against a person resulting in death or in great bodily injury (as defined by Govt Code § 12525.2(d)) by a deputy.

(b) Records relating to an incident where a sustained finding (see the Personnel Complaints Policy) was made by the department regarding:
   1. A deputy engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
   2. Dishonesty of a deputy relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another deputy, including but not limited to any sustained finding of perjury, false statements, filing false reports, destruction, falsifying, or concealing of evidence.
A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(3)).

When an investigation involves multiple deputies, the department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of a deputy unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(4) against the deputy. However, factual information about the action of the deputy during an incident or the statements of a deputy shall be released if the statements are relevant to a sustained finding of the qualified allegation against another deputy that is subject to release (Penal Code § 832.7(b)(4)).

1026.9.1 REDACTION
The custodian of the requested records, in consultation with the Sheriff or authorized designee, shall redact the following portions of records made available for release (Penal Code § 832.7(b)(5)):

(a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of deputies

(b) Information that would compromise the anonymity of complainants and witnesses

(c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about misconduct and serious use of force

(d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the deputy or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(6)).

1026.9.2 DELAY OF RELEASE
Unless otherwise directed by the Sheriff, the custodian of any requested records should consult with a supervisor familiar with the underlying investigation or circumstance to determine whether to delay disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury due to any of the following conditions (Penal Code § 832.7):

(a) Active criminal investigations

1. Disclosure may be delayed 60 days from the date the use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.

2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against a deputy or against someone other than a deputy who used the force.
Personnel Records

(b) Filed criminal charges

1. When charges are filed related to an incident where force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations

1. Disclosure may be delayed until whichever occurs later:

   (a) There is a determination from the investigation whether the use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the use of force or allegation of use of force

   (b) Thirty days after the close of any criminal investigation related to the deputy’s use of force

1026.9.3 NOTICE OF DELAY OF RECORDS

(a) When there is justification for delay of disclosure of records relating to the discharge of a firearm or use of force resulting in death or in great bodily injury during an active criminal investigation, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

(b) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.

(c) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.

1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:

   (a) When the criminal proceeding is against someone other than a deputy and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about use of serious force by deputies.

In cases where an action to compel disclosure is brought pursuant to Government Code § 6258, the department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(7)).
1026.10 MEMBER ACCESS TO HIS/HER OWN PERSONNEL RECORDS

Any member may request access to his/her own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from his/her personnel records shall file a written request to the Sheriff through the chain of command. The department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member’s request and the written response from the department shall be retained with the contested item in the member’s corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

(a) An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.

(b) Confidential portions of internal affairs files, or investigations classified as Administrative Reviews, or where the requestor is not the focus of the investigation.

(c) Criminal investigations involving the member.

(d) Letters of reference concerning employment/appointment, licensing or issuance of permits regarding the member.

(e) Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.

(f) Materials used by the department for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments or other comments or ratings used for department planning purposes.

(g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person’s privacy.

(h) Records relevant to any other pending claim between the department and the member that may be discovered in a judicial proceeding.

1026.11 RETENTION AND PURGING

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.
Transfer Requests

1028.1 PURPOSE AND SCOPE
The Department is interested in developing all personnel as broadly as possible. One way to accomplish this is through transfer of assignment. Transfers are effected for the benefit or need of the Department, career development of the employee, and/or the personal request of the employee.

The Riverside County Sheriff's Department has four major responsibilities: keep the peace through patrol operations; maintain the county jails, attend the courts; and perform coroner / public administrator functions. Each of these functions has equal importance and employees are needed at all ranks to fulfill these responsibilities.

1028.2 REQUEST FOR TRANSFER
Transfers may be requested at any time, but shall only be considered after competency in the employee's current assignment is demonstrated.

1028.2.1 ELEMENTS OF CONSIDERATION FOR TRANSFER
Transfers shall be made at the discretion of the Sheriff or designee. Considerations shall include, but are not limited to:

- Needs of the Department;
- Time in grade;
- Attrition;
- Time in assignment;
- Career advancement;
- Ability;
- Home address;
- Strengths and weaknesses;
- Personal preferences; and
- Gender (where mandated).

No precise "formula" can be applied to this guide. Transfers must be made to ensure reasonableness and Department capabilities.

1028.2.2 PROCESS FOR REQUESTING TRANSFER
A request for transfer shall be made electronically on Departmental Form 205, available on the sheriff's intranet site under "Docs and Forms/Personnel." The form is self explanatory but does require the one-time creation of a digital signature by each reviewer. The digital signature is created by following the prompts within the signature box. Once the electronic signature is affixed,
Transfer Requests

the employee shall e-mail the form to their immediate supervisor for their signature. The request shall then be e-mailed to the employee’s Chief Deputy who will sign the form and forward it to the Personnel Bureau for addition to the master list. A transfer request shall not be stopped or delayed for any reason without the approval of the member submitting the request.

1028.2.3 EXTRAORDINARY CIRCUMSTANCES
Employees who are experiencing a hardship or have an extraordinary reason for requesting transfer, may complete a separate memorandum addressed to their Chief Deputy via their chain of command, outlining the circumstances they wish to be considered.

1028.2.4 WITHDRAWAL OF TRANSFER REQUEST
A member may withdraw a transfer request at any time. A recall of a transfer request shall be made in writing and directed to the current Division Chief and shall follow the chain of command.

1028.2.5 EXPIRATION OF TRANSFER REQUEST
A request for transfer will be kept on file in Sheriff’s Administration for one year after the date of submission. After expiration of the request, it shall be the member’s responsibility to renew the request.

1028.3 PERFORMANCE EVALUATION REPORT REQUIREMENTS
Upon transfer to a new Station, an employee shall receive a Performance Evaluation Report by their prior supervisor within thirty (30) days after transfer. A copy of this report shall be sent to the new Commander. A transfer evaluation report is not required if the Department employee has received a competent Performance Evaluation Report within (120) days preceeding the transfers effective date.
Travel Regulations

1029.1 POLICY
This policy will outline Sheriff's Department and Riverside County policy related to all foreseeable aspects of employee travel. All travel reimbursements are subject to final review and approval by the Auditor-Controller’s Office and fall under the guidelines of Board Policy D-1 (approved February 26, 2013) and Auditor-Controller Standard Practice Manual (SPM) #206 “Accounts Payable Policies”. All out-of-state travel must be pre-approved by the respective Chief, via the chain of command. Travel bookings and arrangements should be made by the Sheriff’s Special Orders Unit to take advantage of discount pricing. Any reservations not made by Sheriff’s Special Orders require a justification memo approved by the location Commander to be attached to the reimbursement Form 14.

1029.2 MEALS
Actual cost, not to exceed $51 per day, shall be allowed for meals related to attendance at conventions, scheduled meetings, conferences, seminars, and special assignments that require an overnight stay. Meals during attendance of any single day event will not be reimbursed.

1029.2.1 REIMBURSEMENT
The maximum reimbursement for meals (breakfast, lunch and dinner) is $51 per day, inclusive of taxes and tips paid. Tips in excess of 20% of the cost of a meal will not be reimbursed. Tips made at fast food restaurants and/or convenience stores will not be reimbursed even if the meal cost is less than the maximum reimbursement rate. There is no individual meal cost limit as long as the total meal reimbursement for the day does not exceed $51. The Auditor-Controller’s policy identifies that a meal can include: one (1) non-alcoholic beverage, one (1) appetizer, one (1) entrée, and one (1) dessert. Additional justification may be required by the Auditor-Controller’s Office for meals that do not fall under SPM 206.

The maximum meal reimbursement in high cost cities is $71 per day, inclusive of taxes and tip. Per the Auditor-Controller’s Office, low and high cost cities will be identified by using GSA (U.S. General Services Administration): https://www.gsa.gov/. The City of Sacramento is an exception to the rates posted on the GSA, as this city has been specifically approved as a high cost city by the Riverside County Board of Supervisors.

Please be aware that only the employee’s portion of the meal is allowable, we do not reimburse for multiple guests. If you have a receipt with multiple guests, please indicate which portion of the receipt pertains to you and only claim that amount.

(a) Reimbursement will only be authorized after submission of approved receipts. Receipts must include the date, restaurant name and location, the itemized meal purchased, meal amount, and the reasonable tip paid, not to exceed 20%. If not indicated on receipt, employees need to handwrite actual amount of tip paid. An un-itemized restaurant receipt will be accepted only if the restaurant does not provide
Travel Regulations

1029.3 LODGING

All lodging and travel accommodations shall be made through Sheriff’s Special Orders to abide by the countywide contract with the Travel Store. Any exceptions to this procedure require a memo and must be approved by the employee’s chain of command.

Reimbursement for actual lodging cost, not to exceed $159 per night inclusive of all occupancy, accommodation, and other room related taxes and fees, is allowed. For lodging in high cost cities, as defined by the Internal Revenue Service (e.g., San Francisco, New York, Washington D.C.) or by the Board of Supervisors (Sacramento), actual cost allowed not to exceed $239 per night, or the applicable conference rate at the hosting hotel. Lodging costs exceeding the established

an itemized receipt. A memo must be attached explaining the circumstance, via the chain of command.

(b) All receipts shall be placed in an envelope and attached to the reimbursement claim. Do not staple or tape receipts. Credit/debit card receipts and tear off receipts will not be accepted.

(c) No reimbursement shall be made for alcoholic beverages of any kind. Alcohol should be ordered separately from food or beverage items being submitted for reimbursement.

(d) Generally, no reimbursement for meals will be made for same day travel. Reimbursement will only be granted when it is not reasonable for employees to provide their own meal. Special situations may be considered on a case-by-case basis. A memo from the employee, via the chain of command, to their respective division Chief is required.

(e) If the cost of a meal is included as part of the registration charge or fee, no additional employee reimbursement may be claimed for that meal.

(f) Travel to a temporary worksite does not qualify an employee for meal or mileage reimbursement. Meals provided during a major tactical event may be reimbursed. The commander/designee must deem that the involved personnel remain on site for a specified period of time. Under these conditions, the commander/designee may authorize the purchase of meals to be delivered to the scene. In these situations, a single claim listing all personnel must be attached with the receipt(s).

(g) Employees attending training or conferences for an extended period of time, more than seven consecutive days, may elect to purchase groceries and prepare their meals during the training/conference. In this event, grocery receipts must be retained and submitted for reimbursement. Grocery charges exceeding the combined daily reimbursement rate for all qualifying days will not be reimbursed. An employee electing to purchase and prepare food during an extended stay may purchase only food that will be consumed during the designated period. Reimbursement will not be made for incidentals including kitchen utensils, cookware, kitchen supplies and sundries.

(h) The Sheriff’s Department is one of the few County Departments to issue meal advances when requested by the employee. No future advance checks will be issued until all outstanding Form 14s and balances due have been received by Sheriff’s Revolving Fund.
limit may be reimbursed at a higher rate if the employee submits a written memo explaining the reason for the expense. This must be approved, via the chain of command, to their respective division Chief and once approved by the Chief, must be forwarded for approval to the designated Executive Office analyst with the completed employee reimbursement form.

Lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor, provided that lodging at the group rate is available at the time of the booking. Higher rates based upon late registration will be reimbursed at the $159 rate.

An employee reimbursement claim must provide an explanation of the business purpose of the stay, such as the Special Order number and must be supported by a receipt/facility folio.

The Sheriff may approve extended lodging if the cost is less than daily travel expenses without the extended stay. Approval of extended lodging for any location in Riverside, Orange, San Diego, Imperial, Los Angeles and San Bernardino County is required prior to the travel occurrence and must be less costly than a daily commute.

Only the single occupancy rate may be claimed for the reimbursement except when two or more county employees participating in the same function share a room; then a double occupancy rate may be claimed by dividing the cost between two claim forms and providing a memorandum explaining the shared room along with the reimbursement claim.

1029.4 TRANSPORTATION
Actual cost of common carrier services, including taxicabs, car rentals, and baggage fees, when necessary shall be allowed. The Sheriff’s Special Orders Unit will utilize on-line travel services and secure the least expensive flights and car rental arrangements possible. Reservations for air transportation should be booked as early as is reasonable to take advantage of lower cost air fares.

Upon request from the Auditor/Controller, supporting documentation proving that the least expensive option was utilized may be requested.

1029.4.1 RENTAL CARS
The county maintains a contract with a vehicle rental company and every effort should be made to use the contract company. The Sheriff’s Special Orders Unit can assist with all bookings of rental vehicles. The Sheriff’s Purchasing Card (P-Card) may be used for all travel requiring the use of a rental vehicle when the contract company cannot be used. Please contact Sheriff’s Purchasing in case of this event.

Government and group rates must be used when available. Actual costs evidenced by an original, dated receipt and inclusive of all related taxes and other rental fees should be submitted with the claim form along with actual gas receipts (dated, vendor name printed on the receipt) obtained for the purchase of gas for the rental vehicle.

The rental may include a global positioning system if said equipment is standard; only standard equipment is allowed. No rental car reimbursement will be made for cars above the mid-range...
Travel Regulations

size unless four or more employees are traveling in the same vehicle. This information must be documented in the reimbursement information.

The purchase of Loss Damage Waiver (LDW) is mandatory so the employee is not held responsible for damage (under normal circumstances) to the rental vehicle and such cost will be reimbursed. However, we will not reimburse employees for the cost of other optional insurance (e.g. liability, uninsured/underinsured motorist, personal accident & other personal effects), as the county is self-insured for vehicle liability & third-party physical damage and provides worker’s compensation coverage.

Employees are required to notify Human Resources, Risk Management Division at (951) 955-3540 and the employee’s supervisor as soon as possible (within 24 hours) of any event, incident or accident related to the rental car. The employee must complete “County Vehicle Accident/Incident Report,” Form 942-6 (Safety Division form).

1029.4.2 PRIVATE AUTOMOBILE
Reimbursement for the use of a private vehicle shall be allowed upon authorization of the Sheriff. It is preferred that county vehicles are driven to all meetings, conferences and special assignments whenever available. The county’s private vehicle mileage reimbursement rate is the same rate as the Internal Revenue Service (IRS) standard mileage rate for a private vehicle. Changes to the rate will be concurrent with the effective date provided by the Internal Revenue Service. Private mileage claim reimbursements are to be submitted on a separate Form 14, apart from other travel expenses and will be reimbursed through Sheriff’s Payroll and appear on the employee’s paycheck.

Private mileage is calculated from the actual location of departure (work or home) to the event location. If the actual location of departure is the employee’s home, the Sheriff’s Revolving Fund unit will make an adjustment to deduct the mileage of the employee’s standard commute (home to work) from the Form 14. The return mileage will be calculated in the same manner; from the event to actual return destination (work or home), less the standard commuting mileage. A map printout of the route taken to the event should be attached to the employee’s Form 14.

The Sheriff may authorize use of a private vehicle for the convenience of the driver, instead of more economical travel by air. Reimbursement shall not exceed the cost of the usual airfare plus related subsistence and surface common carrier expenses. Employee must justify the mileage with a map printout (route taken must use the least mileage).

Pursuant to Board of Supervisors Policy D-1, employees must complete or have filed the “Authorization to Drive Riverside County Vehicle or Private Vehicle for County Business” Form 30. The Form 30 must be approved prior to use of a private vehicle for county business.

The private vehicle must be insured to at least the minimum limits required by the State of California, or if registered/licensed out of state, the insurance must be equal to or greater than the minimum limits required by the State of California. Although not required, it is recommended
Travel Regulations

that employees who use their personal vehicle while in the course of and scope of employment place a business use endorsement on their personal automobile policy. The expense of adding a business use endorsement is the sole responsibility of the employee.

The use of motorcycles, mopeds and similar types of vehicles for the conduct of county business are prohibited, with the exception of sworn personnel on duty in a specific assignment.

Employees are required to notify Human Resources, Risk Management Division at (951) 955-3540 and the employee’s supervisor as soon as possible (within 24 hours) of any event, incident or accident. Employees must complete “County Vehicle Accident/Incident Report,” Form 942-6 (County Human Resources Safety Division form).

1029.5 MISCELLANEOUS EXPENSES
Miscellaneous expenses, including charges for business telephone calls, fax service, internet service, e-mail services, the cost of unusual or necessary services and supplies, including emergency repairs, parts or towing for county vehicles, conference registration fees, vehicle parking, bridge tolls and any other justifiable business expense shall be permitted.

A satisfactory explanation of the circumstances may be required for expenditures that are large or unusual. Unusual or emergency expenses of any kind must be explained on the Form 14 or in an attached memo. Reimbursement for miscellaneous expenses shall be accompanied by an original receipt or voucher. Personal telephone calls and personal internet usage shall not be reimbursed.

1029.6 CLAIM FORMS
Claims must include the date, business destination, amount, and business purpose. Claims shall be filed promptly, no later than the end of the month following the month in which the travel and/or other necessary expenses occurred. Claims filed after this time will not be considered for payment. If an advance was issued from the Sheriff’s Revolving Fund, claims shall be submitted within five days following travel completion. No future advance checks will be issued until all outstanding Form 14s have been received and all past due advances have been paid and cleared. If advance funds were issued, employees are required to remit funds for all non-substantiated expenses and/or unused advances within one week of receiving a notice of balance due from the Sheriff’s Revolving Fund Unit. Checks or exact change are accepted. If remittance is made by check, it should be made payable to the “Sheriff’s Revolving Fund.” No reimbursement will be made for expenses without an accompanying receipt. Explanations for unusual items should be explained on the face of the claim or in an attached memo.

1029.7 RECEIPTS
Reimbursement will only be authorized after submission of approved receipts. Original receipts are required for reimbursement. Original receipts must include the name of the establishment where service was provided and the date on which the service was rendered. Restaurant receipts must include the items ordered, as well as the total payment made. However, there may be rare occasions when providing an itemized receipt may not be possible due to the type and
Travel Regulations

location of the restaurant. In this event, an original un-itemized receipt from the restaurant can be submitted. A memo must be attached explaining the circumstance, via the chain of command.

All claim forms and associated documents related to reimbursable county expenditures are considered public records and are subject to disclosure under the California Public Records Act (Chapter 3.5(Commencing with Section 6250) of Division 7 Title 1). Employees are to keep copies of receipts until the reimbursement claim has been finalized.

Any question regarding this policy or its interpretation should be directed to Accounting and Finance’s Revolving Fund email address revolvingfund@riversidesheriff.org or the Accounts Payable Supervisor at (951) 955-9848.
Employee Speech, Expression and Social Networking

1030.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1030.1.1 APPLICABILITY
This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1030.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Riverside County Sheriff’s Department will carefully balance the individual employee’s rights against the Department’s needs and interests when exercising a reasonable degree of control over its employees’ speech and expression.

1030.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Riverside County Sheriff's Department employees, such as posting personal information in a public forum, can result in compromising an employee’s home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or
associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of a deputy who is working undercover.
- Disclosing the address of a fellow deputy.
- Otherwise disclosing where another deputy can be located off-duty.

**1030.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT**

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Riverside County Sheriff's Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Riverside County Sheriff's Department and tends to compromise or damage the mission, function, reputation or professionalism of the Riverside County Sheriff's Department or its employees. Examples may include:

   2. Expression that demonstrates support for criminal activity.
   3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination, the use of force or excessive force, or other illegal behaviors.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

1030.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS
While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Riverside County Sheriff's Department or identify themselves in any way that could be reasonably perceived as representing the Riverside County Sheriff's Department in order to do any of the following, unless specifically authorized by the Sheriff (Government Code § 3206; Government Code § 3302):

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or deputy associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Riverside County Sheriff's Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or deputy associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).
1030.5 PRIVACY EXPECTATION
Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1030.6 CONSIDERATIONS
In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Sheriff or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member’s appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1030.7 TRAINING
Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
Lactation Break Policy

1035.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee’s infant child (Labor Code § 1034).

1035.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207; Labor Code § 1030).

1035.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee’s regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify their immediate supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee’s work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207; Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.
**Lactation Break Policy**

1035.5 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.

1035.5.1 STATE REQUIREMENTS
Employees have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Employees who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).
Payroll Records and Duty Time

1036.1 PURPOSE AND SCOPE
Time cards (RSD Form 344) shall be submitted to the Riverside County Sheriff's Department Accounting and Finance Bureau on a bi-weekly basis for the payment of wages on a bi-weekly basis. Minimizing errors and corrections during this process is essential to achieving efficiency and transparency.

1036.2 POLICY
The Riverside County Sheriff's Department maintains timely and accurate payroll records in an effort to accurately track and record staffing efficiency, staffing levels, presence and absences, and to distribute accurate compensation to each and every department member.

1036.3 TIME REQUIREMENTS
Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration as established by the County payroll procedures.

1036.4 RESPONSIBILITIES
Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for reviewing, verifying, and approving the payroll records for those under their commands.

1036.4.1 SUPERVISOR RESPONSIBILITIES
Supervisors within all classifications are responsible for maintaining and referring to records of all employee leave used throughout each pay period, such that the Form 344 can be effectively reviewed for accuracy before submission. For example, supervisors shall maintain or have access to records that allow them to confirm that the regular hours worked are accurate, submitted overtime was worked, worked overtime was submitted for compensation, and sick and all other leave use was accurately documented on the Form 344. All supervisors and managers shall be knowledgeable regarding the various Memorandums of Understanding specific to the work schedule, leave, and payroll provisions among their subordinate staff, to include the Family Medical Leave Act (FMLA).

1036.4.2 DUTY TIME AND ABSENCES
Duty time is defined as those hours in which a department member is involved in the performance of required duties of the Sheriff. Duty time and absences are governed by the Department and/or County Ordinance 440 and Memorandums of Understanding (MOU). County Ordinance 440,
MOU agreements, and sheriff's department policy outline compensation, accrual, and use related to the following:

(a) Working hours
(b) Overtime
(c) Vacation time
(d) Holiday time
(e) Sick leave
(f) Pregnancy
(g) Military leave
(h) Leave of absence
(i) Worker's Compensation law
(j) Bereavement leave
(k) Shift trading

All employees are responsible for accurately documenting the above information on the RSD Form 344. Sick leave is to be documented no later than one working day after the employee's return to duty from sick time use. A RSD Form 344 documenting overtime worked, vacation used, holiday time used/worked, compensation time used/worked, and military leave time will be filed with the employee's immediate supervisor so that the activity appears on the Form 344 covering the date(s) of the activity. Correction documents may be submitted when circumstances prevent the timely submission of all activity during a pay period.

1036.4.3 SHIFT TRADING
Shift trading is authorized for employees assigned to Patrol, Corrections, Coroner's Bureau, Information Services Bureau, and Dispatch. The trade between employees must be completely voluntary and completed, meaning all regularly scheduled and traded shifts involved have been worked, within a single, 14-day pay period.

All involved employees must complete and submit RSD Form #135 (Intranet under 'Personnel') requesting and outlining the shift trade to their respective supervisors. If approved, the change to each employee's schedule must be recorded in the master schedule and then becomes the official schedule of both employees. If a trade is agreed upon and approved before a 5-day notice of shift change could be given, both employees will acknowledge their waiving of such requirement in their request. The form shall be placed in each employees' station file.

If an employee involved in a shift trade calls in sick or is otherwise unable to report for work, the applicable leave bank is deducted as it normally would be. Negligently failing to properly absent one's self for a shift relevant to the trade will be considered a violation of department policy.

The allowance of shift trades does not alter polices related to when employees are due overtime pay, holiday pay, or other provisions of payroll accounting, compensation, or any applicable MOU.
Payroll Records and Duty Time

Approving supervisors shall ensure that the traded shifts become each involved employees' official pay period schedule and that the new schedules remain in compliance with all existing rules.

1036.4.4 BREAKS
Members on duty may suspend their activity for a rest break or lunch period for a time not to exceed that authorized by their Commander or as established by law or Memorandum of Understanding (MOU).

Deputies assigned to the patrol watches are not scheduled a lunch period. However, when not on assignment, they may take a lunch period, but will remain available for and subject to assignment. When on a break or when out and away from their unit, the Deputy will advise the dispatcher of their location and activity by radio or MDC entry. No more than two units are allowed to be on a break (10-10) at the same location and time except if the third unit is a supervisor.

1036.5 MILITARY LEAVE
Military leave is governed by provisions of the Military and Veterans Code. When an employee is required to be absent from departmental duty because of military duty, they shall notify their Commander, in writing, as soon as possible after the employee learns that they must serve their military obligation.

1036.5.1 VERIFICATION REQUIREMENT
A Commander or supervisor shall require the employee to provide written verification of military duty. An employee's military Commander may be contacted regarding any aspect arising out of the use of military leave.

1036.6 LIGHT DUTY
There is no permanent light duty. Temporary light duty is defined as a temporary assignment due to an injury, health condition or other reason that has so impacted the member that they are temporarily unable to perform their normal duties. Assignment to a temporary light duty status shall be limited to a 90 day period. A 90-day extension may be granted providing the employee will be able to return to the usual and customary duties of their job classification at the end of the extension. Temporary light duty granted due to pregnancy is not limited to one 90-day extension. A temporary light duty assignment is determined on a case-by-case evaluation of the circumstances and other factors. The decision to assign an employee to a temporary light duty status is at the sole discretion of the Sheriff, Undersheriff or Assistant Sheriff.

1036.6.1 INJURY REPORTING
Members receiving any type of injury while on duty shall immediately notify their supervisor.

1036.7 RECORDS

Supervisors shall ensure that all Form 344s are complete and accurate within AgencyWeb by the date and time specified within each command. Work hours data will usually be transferred from AgencyWeb into the Human Resource Management System (HRMS) on the Thursday afternoon beginning the new pay period. This day can change due to holidays and other circumstances. Payroll staff shall accomplish the following before the data transfer occurs:

(e) Following the completed transfer, AgencyWeb will be locked until the following Thursday (close of Auditor/Controller's Office payroll), and no updates are allowed;

The completion of RSD Form #103 is mandatory upon separation or retirement. Upon completion, the department and County Human Resources (HR) are able to finalize necessary updates to employment, payroll and other benefits. Anti-Retaliation

1057.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. COUNTY OF RIVERSIDE, CALIFORNIA
BOARD OF SUPERVISORS POLICY

Subject: ALCOHOL AND DRUG ABUSE POLICY

Policy Number: C-10 Page: 1 of 4

I. Purpose
It is the intention of this policy to eliminate substance abuse and its effects in the workplace. While the county of Riverside has no intention of intruding into the private lives of its employees, involvement with drugs and alcohol off the job can take its toll on job performance and employee safety. The concern is that employees are in a condition to perform their duties safely and efficiently, in the interests of their fellow workers and the public as well as themselves. The presence of drugs and alcohol on the job, and the influence of these substances on employees during working hours, are inconsistent with this objective.

Employees who think they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from the Employee Assistance Program (EAP). While the county encourages employees to seek help voluntarily, it will be firm in identifying and disciplining those employees who violate this policy.

Supervisors will be trained to recognize abusers and become involved in this control process. Alcohol or drug abuse will not be tolerated and disciplinary action, up to and including termination, will be used as necessary to achieve this goal.

The county will act to eliminate any substance abuse (alcohol, illegal drugs, prescription drugs, or any other substance which could impair an employee's ability to safely and effectively perform the functions of the particular job) which increases the potential for accidents, absenteeism, substandard performance, poor employee morale, or damage to the county's reputation. All persons covered by this policy should be aware that violations of the policy may result in discipline, up to and including termination, or in not being hired.

In recognition of the public service responsibilities entrusted to the employees of the county and that drug and alcohol usage can hinder a person's ability to perform duties safely and effectively, the following policy against drug and alcohol abuse is hereby adopted by the county.

II. Policy
It is county policy that employees shall not be
a. under the influence of alcohol or drugs while on duty or on a standby or an on-call status;

b. consume alcohol or illicit drugs while on county property or at work locations or while on duty; or

...
ALCOHOL AND DRUG ABUSE POLICY

c. possess controlled substances or prescription drugs without a prescription while on duty.

Employees shall not

a. manufacture, sell, provide, distribute, or dispense prescription drugs or controlled substances to any other employee or to any person while on duty unless authorized by law; or

b. sell, provide, distribute, or dispense alcohol to any other employee while such employee is on duty.

While use of medically prescribed medications and drugs is not per se a violation of this policy, failure by the employee to notify his/her supervisor, before beginning work, when taking medications or drugs which could potentially interfere with the safe and effective performance of duties or operation of county equipment can result in discipline, up to and including termination. In the event there is a question regarding an employee's ability to safely and effectively perform assigned duties while using such medications or drugs, clearance from the county medical director, or designee, may be required.

The county reserves the right to search, without employee consent, all areas and property in which the county maintains control or joint control with the employee, except the lockers of peace officers, or other space for storage that may be assigned to peace officers. No peace officer shall have his/her locker, or other space for storage that may be assigned searched except in the peace officer's presence, or with consent, or unless a valid search warrant has been obtained or where the peace officer has been notified that a search will be conducted. This section shall apply only to lockers or other space for storage that are owned or leased by the county. The county may notify the appropriate law enforcement agency that an employee may have illegal drugs in his or her possession or in an area not jointly or fully controlled by the county.

Employees reasonably believed to be under the influence of alcohol or drugs shall be prevented from engaging in further work and may be detained for a reasonable time until they can be safely transported from the work site.

The county is committed to providing reasonable accommodation to those employees whose drug or alcohol problem qualifies as a disability under federal and/or state law.
ALCOHOL AND DRUG ABUSE POLICY

The county has established a voluntary EAP to assist those employees who voluntarily seek help for alcohol or drug problems. Employees should contact their supervisors or the EAP directly for additional information.

III. Application
This policy applies to all county employees and to all applicants for positions with the county.

This policy applies to alcohol and to all substances, drugs, or medications, legal or illegal, which could impair an employee's ability to effectively and safely perform the functions of the job.

IV. Employee Responsibilities and as a Condition of Employment
An employee must:

a. not report to work or be in a standby or an on-call status while his/her ability to perform job duties is impaired due to on or off duty alcohol or drug use;

b. not possess or use controlled substances (illegal drugs or prescription drugs without a prescription) at any time;

c. not use alcohol at any time while on county property or while on duty;

d. not directly or through a third party manufacture, sell, distribute, dispense, or provide controlled substances to any person, including any employee, at any time;

e. not manufacture, sell, distribute, dispense, or provide alcohol to any employee while either or both are on duty;

f. notify the supervisor, before beginning work, when taking any medications or drugs, prescription or non-prescription, which may interfere with the safe and effective performance of duties or operation of county equipment; and

g. notify the employee’s supervisor of any criminal drug statute arrest or conviction no later than five calendar days after such arrest or conviction.
V. Management Responsibilities and Guidelines

a. Managers and supervisors are responsible for reasonable enforcement of this policy.

b. Except as otherwise lawfully permitted (e.g. search required for entering a secured facility), no persons shall physically search the person of employees, or shall they search the personal possession of employees without the freely given consent of, and in the presence of, the employee.

c. Managers and supervisors shall notify agency/department head or designee when they have reasonable suspicion to believe that an employee may have illegal drugs in his or her possession or in an area not jointly or fully controlled by the county. If the agency/department head or designee concurs that there is reasonable suspicion of illegal drug possession, the agency/department head or designee shall notify the appropriate law enforcement agency.

VI. Distribution

A copy of this policy was provided to every employee of the County of Riverside upon its adoption and shall be provided to each new employee hired on or after September 1, 1989.

VII. Supersession

This policy shall supersede any previous drug and alcohol policy of the county of Riverside. However, the provisions of this policy are not intended to, nor is this policy to be construed to supersede the drug and/or alcohol policy and/or general orders of any agency/department of the county.
